BUFFALO GETS MONEY FOR A BALL PLAYER

National Commission Instructs
Philadelphia Nationals to Pay
for Baxter.

CINCINNATI, Jan. 6.—The illness of President Ban B. Johnson, member of the National Baseball Commission from the American League, caused a postponement of the body's ninth annual meeting tomorrow, at which time the election of a chairman and secretary, the reading of annual reports and the re-organization of a committee from the Association of Minor Leagues will take place.

Chairman August Herman and President T. L. Lyons, member of the commission from the National League, were away from the city during the day, however, as they went into conference with a number of minor league representatives shortly after noon and took up the subject of uniform contracts, something that is much desired by the minors, and which the commission is asked to act upon. What evidence was introduced today will be repeated by the secretary tomorrow to Mr. Johnson. The committee from the National League will also declare tomorrow its opposition to the individual salary limit of a minor league.

The commission tonight handed down two findings. In one the Philadelphia National League team is instructed to pay the Buffalo team \$300 for Player Baxter, who they recalled from Buffalo under the optional agreement clause, and sold to Wilmington.

In the other finding, the claim of Player E. Koworby, was released by Denver to Washington, and then released back to Denver by Washington. It had been claimed that Koworby claimed that his salary had been increased 25 per cent. over his contract with Denver, when he went to Washington, but the committee thought otherwise. He was allowed, however, his train fare from Des Moines to Denver, and the Denver Club was ordered to pay him this.

St. George's Athletic Club.
The St. George's A.C. held their election of officers, which resulted as follows: President, C. Hawkins; vice-president, A. Cook; treasurer, M. Wilson; secretary, C. Cook; club committee, H. Smith, R. Cobb and Wm. Nix; club reporter, R. King.

Chicago Claims Bresnahan.
CHICAGO, Jan. 6.—Roger Bresnahan, formerly manager of the St. Louis National League baseball team, will wear a Chicago National League uniform next season, according to Charles W. Murphy, president of the club.

"He is a great acquisition," said Murphy tonight. "I won't say what salary Bresnahan is to get, but I had to get out of Pittsburgh for him and that shows what others think of him. I intend to use him as a catcher with Archer."

Murphy said Roger had not signed yet, but that a three-year contract will be mailed to Bresnahan's home in Toledo tomorrow.

Chatty waiter (longing at the window): The rain'll be here in a minute or two, now, sir.
Customer: Well, I didn't order it; I'm waiting for a chop.—Punch.

ALF SHRUBB TALKS HARVARD RUNNERS

Coached Nothing But Winners
Last Season—A Race on
Thursday.

Alf Shrubbs is settled down in his Toronto home for the winter and will do a little running, so as not to forget the game. He is in the 12-mile race next Friday at Riverdale, when Kolaletskian will be a contestant. Frank M. Long, who has been a successful runner at Harvard, where he coached the intercollegiate championships by 18 points from Cornell, Yale last. His team was made up of Cornell and Yale.

Lawless and Copehead of Harvard are two of the best long distance men in the business. Shrubbs will be back at Cambridge in the spring and he says he has no intention of crossing country running is brighter than ever. They have also capable coaches for the sprinters and middle distance runners.

Baseball Notes.
Pitcher Eddie Cicotte of the Chicago American League Baseball Club has turned his 1912 contract to cash. Cicotte was released. He said he was not satisfied with the salary, but expected an adjustment.

The Cleveland have turned loose six players, including pitcher, P. Fitcher Brenner and Third Baseman Kibbie go to New Orleans. P. Fitcher Brenner has been released to Portland. Outfielder Catcher Adams and Outfielder Hauger have been released to the National League. The Cleveland recently signed Grover Land to help out Carich and O'Neill being the best.

R. H. McCutcheon resigned as secretary and treasurer of the New York National League Baseball Club, John B. Foster, sporting editor of the Evening Telegram, was elected secretary, and Ashley Lloyd was elected treasurer. McCutcheon remains a director of the club. The matter will be formally taken up at the annual meeting.

The baseball magnates are in session in Cincinnati. President Lyons and the National League team is instructed to pay the Buffalo team \$300 for Player Baxter, who they recalled from Buffalo under the optional agreement clause, and sold to Wilmington.

Chess Masters' Tournament.
NEW YORK, Jan. 6.—D. Janowski of Paris, chess champion of France, to play a match with the Rev. Paul R. Talbot of Hutchinson, who captured the Kansas title. The latest in the winning of the championship title of the Wichita Country Club by F. W. Oliver, a veteran of 1904-eight summers. Oliver took the measure of Charles Tanner by 4 up and 2 to play in the 26-hole final round. Among those who had to beat for the title was Tom Griffin, a former Kansas champion.

This Person a Golf Champion.
Unusual happenings have been the rule among the Kansas golfers this season. The only pro who has won the state championship is the Rev. Paul R. Talbot of Hutchinson, who captured the Kansas title. The latest in the winning of the championship title of the Wichita Country Club by F. W. Oliver, a veteran of 1904-eight summers. Oliver took the measure of Charles Tanner by 4 up and 2 to play in the 26-hole final round. Among those who had to beat for the title was Tom Griffin, a former Kansas champion.

Hamilton for the N.H.A.
HAMILTON, Jan. 6.—The Hamilton club will be without senior hockey of any kind this year next season. To make matters worse, the N.H.A. is according to the latest reports, Marchand, Hunt, Bayen, Denison, Fichte, and the other boys who were to have represented the Alerts in the O. H. A. will all be back here and with the addition of a few other stars a team that will prove hard to beat will be playing for the team representing this city.

Marchand, who played such a brilliant game for the Wanderers, was back in the city last night, and he and the other boys who were to have represented the Alerts in the O. H. A. will all be back here and with the addition of a few other stars a team that will prove hard to beat will be playing for the team representing this city.

Good Crowd See Torontos Outscore Parkdale 8 to 1

PADDLERS GET GOOD BEATING AT TORONTO TONIGHT

T. R. & A. A. Win O. H. A.
Senior Game by Big Margin
—Parkdale Had Best of
First Half.

Parkdale and T. R. & A. A. treated a big crowd of fans to one of the hardest fought tussles that have been put up by O. H. A. clubs for many a long day at the arena last night, when the Paddlers were beaten 8 to 1. A lack of team play and poor shooting were what lost for the waterdogs, but they were winners in the check-back game, and Lawton and Code made a defence that was hard to get thru.

For the first half it was wonderfully fast, considering the sticky ice, and both teams went at it for all they were worth. The good work of Addison kept Parkdale from scoring, while Toronto got thru for two goals.

A Nice Forward Line.
Barlett, Evans and Edwards had it over the black and white forward line for the first thirty minutes, and the play was at first fairly even, but for the larger part of the half, Jack Brown at right for Toronto, and his two mates, Lawton and Code, were looking after him so well that he did not show up effectively.

Baseball Magnate.
According to a St. Louis paper the baseball magnate is easy or hard to get, according to circumstances. The time of the year, he of course, is not having in mind. But our own James J. McGraw, who is a magnate, says: "I never interview a magnate? Well, here's my opinion."

"Good-morning, Magnate."
"Good-morning, it is not."
"Is that so? What is your opinion?"
"Well, I would say to you, if you are in a position either to deny or affirm."

"Then you will not be quoted?"
"No, I refuse to state anything."
"Come, come, summer, it rains. Next day business of telephone exchange or secretary comes to bat first this time."
"Hello! Hello! This is the sport department of the Times!"

"Yes, we play two games this afternoon, and don't you fellows overlook getting it into the first edition. Jones is going to pitch and Brown catch. Now, don't forget."

Billiard and Pool League.

**THE PROGRESS OF
FOREST PLANTING**

Germany Has Made Great Advance—A Science That Is Bringing Sure and Fairly Good Revenue.

Forestry is the science of determining and fairly and profitably the value of a tract of land, and of such rich, rocky or sandy land as is not fit for farming. If we had a tract of land only a twentieth part of the area of the world, it would be a matter of great importance. Air and light are the most important factors in the growth of a forest. The average net income from the German forests is about 10 per cent. of the value of the land. The average value of the land containing the forest is about 10 per cent. of the value of the land. Much of the land is now being planted with trees.

A normal forest is one from which enough trees can be cut annually to replace the trees that have been cut. The average net income from the German forests is about 10 per cent. of the value of the land. The average value of the land containing the forest is about 10 per cent. of the value of the land.
