A CENTRAL EXECUTIVE

Proposal Discussed at Meeting Held in Clinton School by Delegates Last Night.

A move to start a central ratepayers' association was heartly endorsed at a meeting held in Clinton Street School last evening. The object is to form an executive committee, composed of representatives from the various ratepayers' associations throut the city, thus making a central body which would deal with the larger problems of municipal government. Some of the delegates at last night's meeting favored the organization, while others held back on the grounds that their associations had not given them power to vote. It was decided that those present be considered a committee to discuss the scope and possible influence of such an association.

A resolution, "That the various delegates present report the minutes of the meeting to their respective associations and that they have full power to organize at the next meeting," was passed.
