taken, and the line of their route to the disturbed district, are plainly shewn. The valuable information which it contains further illustrates the difficulties under which the campaign was undertaken and successfully carried out.

Within one week from the date when the orders were given, a large Force, including Field Artillery, was concentrated in Winnipeg, from the remotest parts of the Dominion; while, at the same time, local forces were being organized in Winnipeg, Calgary and elsewhere. The alacrity with which volunteers presented themselves from all parts of Canada for the service of the Crown, and in the cause of law and order, is indeed very creditable to the country.

I have much pleasure in calling attention to a letter received soon after the outbreak of hostilities (it having been transferred to this Department by direction of His Excellency), from Mr. George W. Grant, late Lieutenant in the Governor General's Foot Guards, enclosing the following patriotic declaration, to which thirty-nine signatures are attached:—

CHICAGO, March, 1885.

"We, the undersigned subjects of Her Most Gracious Majesty Queen Victoria, at present resident in the United States of America, learning with regret of the outbreak of a rebellion in the North-West Territories of Her Majesty's dominions, beg most respectfully to notify Her Colonial Representative of our willingness to aid in the suppression of the same, and will cheerfully answer to the call for duty, should our services be required.

"In thus tendering our services, we wish to shew our deep sense of loyalty and devoted attachment to Her Majesty.

" GOD SAVE THE QUEEN."

To the signatures appended hereto, in many instances, rank formerly held in the Active Militia of Canada is added; and when it is further observed that this is but one of a number of such offers received, both officially and personally, directly and through the medium of friends, it may reasonably be claimed: firstly, that those who have passed through a period of service in the ranks of our Militia never forget their military life and training; and, secondly, that, even as residents of the great and prosperous Republic, they are far from forgetting the flag to which they owe allegiance.

The march of our Troops, divided as they were into three columns, can be easily traced on the map which forms a frontispiece to this Report.

The plans of Batoche, Fish Creek, Loon Lake and Cut Knife Hill, where the different engagements took place, with the views of the several localities, will prove of great interest, as also the facsimile of a plan, in red ink and pencil, that was found among the papers of Louis Riel, the Rebel Chief.
