TUESDAY MORNING, NOV. 1, 1910.

IMPROVEMENTS THAT PAY THEMSELVES.

Some fear is expressed that the citizens will object to passing so many money bylaws at the next election. There need be no fear at all if those who are responsible for the education of public opinion will only take a clear view of the situation and make it clear that we are not building for next week, but for all time to come. There is not a bylaw among the seven mentioned that does not affect the citizens of a hundred years hence as well as those of to-day.

The total sum, slightly over three million dollars, is not one that the city need be afraid of. The improvements will carry themselves in the increased value of assessed property affected, and the greater amount of taxes that will be collected in consequence. This will not come out of any present taxpayer's pocket directly, but will be contributed by the new-comers who will be attracted to the improved areas.

LOOKING AHEAD.

Some Toronto people seem to think that it is absurd to talk of having a million of a population in the city in twenty years. In London, with its seven and a half millions, they are preparing for a population of ten millions in the next twenty years. In all this haste gathering the care for health conditions is such that the death rate is only a trifle over fifteen per thousand.

BE PUNCTUAL.

The World has the utmost sympathy with the movement to get people into their seats at the theatre and at concerts before the performance begins. This apparently impossible feat has been accomplished by the Mendelssohn Choir. There is no reason why the theatres should not be able to train their patrons to accommodate each other.

It would assist the cause if in theatrical advertisements the hour of raising the curtain were mentioned. In British papers this is always done and the prices of seats are given also. It is not always done in Toronto. When the hour varies it is not the fault of the audience when they are late. Eight-fifteen is the usual hour to begin the performance. Not long ago an opera company started promptly at eight, and no one was aware of the change. "There were a lot of people late in consequence. Let there be a settled hour and let people observe it."

Last Monday a number of people were kept late by a block of the street cars, owing to the break down of a motor car. As they are not allowed to stand at the back or in the aisles, they were compelled to go to their seats, to their own annoyance and the discomfort of the more punctual.

When have the matter very largely in their hands. It is almost impossible to get the average woman ready in time. If she could be induced to start a little earlier on the priming process, much good would ensue. The minority of considerate and punctual women would feel as grateful for the improvement as the men.

WOMEN AND THE SUFFRAGE.

In the current issue of the Ladies' Home Journal there is a severe indictment of women in connection with their indifference to the results obtainable thru the use of the suffrage in those states which have adopted it for women. The Home Journal is avowedly an opponent of women's suffrage. It sent an investigator to the states in which suffrage is exercised to report upon the conditions and the results, and it states that the report is an impartial one. There is nothing said to show that there is anything wrong with woman's suffrage. The argument is derived from the report is not that women should not have suffrage, but that when they have it they need to exercise it.

The Journal contends, however, that the states which do not give women the suffrage have better laws for women and children than the states that have suffrage. This may be, but the matter cannot be held to rest there.

Oklahoma, it is said, has the best laws for women and children of any state in the Union. But when it drew up these laws Oklahoma did not go to the suffrage states for its models, but to New York and Ohio and other eastern states where men do the legislating. In matters of child labor, of divorce, of social laws, and such matters as women might be expected to be interested in, Colorado and Wyoming and Idaho and Utah are behind the times. In Colorado it was found that a measure intended to benefit women was utterly neglected by the suffragists, who were busy in the struggle to elect one of their number to office.

Of course, if one's mind is biased

these facts may be used against women's suffrage, but they are equally serviceable on the other side. If men are to be deprived of the voting privilege because they neglect useful measures in order to elect certain persons into office there would be a sweeping disfranchisement every election. And it might be argued that the election of a woman to office who would see the laws observed might be of more importance than the passing of a measure that would be neglected by the authorities. Such arguments are two-edged.

In New York and the east where good legislation affecting women and children has been secured, it is well known that the pressure brought to bear by suffragist agitation has had a great effect and been influential in securing these measures. The minority in which women find themselves in the western states is another reason why no valid deductions can be made regarding the results of women suffrage. In the east, where women are in a preponderance, the suffrage would probably have different effects. Undoubtedly, the cause of women suffers more from indifference on the part of women than from anything else, and the Ladies' Home Journal will have done good if it awakens the attention of women to their own lack of interest in their own affairs. As long as they prefer to be dependent on men they must expect to pay the price of their dependence.

SHRINERS HAVE GOOD TIME

Three Hundred Visitors From Out of Town Were Entertained.

Rameses Temple, Mystic Shrine, held a Thanksgiving ceremonial, luncheon and Halloween party in the Temple building yesterday. About 300 attending, including over 200 from out of town. They came from London, Buffalo and Detroit to see 40 candidates get the zero degree and to do primary work for having come thru the three-hour ordeal smiling.

It was again demonstrated that there is no place in Toronto large enough to adequately accommodate this function. Massey Hall was once tried, but was even found small for the presentation of the whole affair. So yesterday Rameses Temple officers divided the program into three sections. The forty candidates held the boards from 8 p.m. until 6, with the following officers in charge of the work: W. F. Rylie, president; W. H. Shaw, chaplain; John J. Main, chief rabbin; John H. Dunlop, assistant rabbin; Dr. Hermonston, marshal; H. King, ceremonial master; A. Maccomb, recorder; Thomas G. Sobel, assistant recorder.

Dinner followed from 6 to 7.30, the tables being cleared and refilled several times. A suite of luxurious lodge rooms was thrown open for reception and reunion of the whole. A high-class vaudeville program followed in the assembly hall, which was beautifully decorated. The entertainment was under the direction of George W. Grant and Ernest R. Bowles.

A PLEA FOR TOLERANCE

Catholic School Commission Condemned for Dismissing Professors.

MONTREAL, Oct. 31.—(Special.)—Le Pays, G. Langlois' paper, has an article to-day condemning the intolerance of the Catholic School Commission, headed by Canon Roy, in dismissing the five professors alleged to belong to secret societies. Le Pays says that these men were not members of any secret society, and quotes two French ecclesiastics, Lacordaire and Montalembert, to show that, if Catholics want people to be tolerant towards them, they should also be tolerant. Judge Lafontaine, says Le Pays, merits the thanks of the community for his courageous stand in this matter, and adds: "It is such injustice and such abuse of power, and such iniquity against the conscience and right, that have brought in France, Portugal, Spain and other Catholic countries such violent reactions against those who practice ostracism against free thought and wisdom."

Booksellers' Convention.

A two-day conference of the Canadian Book, Stationery and Publishing Trades Association opened in the Prince George Hotel yesterday afternoon, with about 50 present. President J. G. Cloke of Hamilton was in the chair. Papers were read on "The School Book Question" by C. L. Nelles, Guelph; "Is the Circulation Library Profitable Adjunct?" by A. T. Chapman, Montreal, and "Advertising," by W. F. Rolph, Toronto. A banquet was held in the evening with Rev. Prof. Jackson, Col. J. B. McLean and Wm. Houston as guests.

Y. M. C. A. Delegates Going to Niagara Falls (C. P. R. Official Route).

Delegates to the Triennial Y. M. C. A. convention and their friends will leave Toronto by special C.P.R. train (official route) for Niagara Falls at 8.45 a.m. Tuesday, Nov. 1, and spend the day in sight seeing, etc. Special train will leave Niagara Falls at 4 p.m. and reach Toronto shortly after 6 o'clock. Rate of \$2.05 for the round trip has been secured and tickets may be obtained at all C.P.R. Toronto offices and committee tickets are also good for return on all trains following day, Nov. 2.

Windsor Growing Rapidly.

WINDSOR, Ont., Oct. 31.—Commissioner Black's figures, based on the 1910 assessment, show that Windsor has gained 1400 in population during the past twelve months, making the present population 17,500, a gain of 9 per cent. over last year. There has been an increase of nearly one million dollars in the total assessment during the same period, the present figures being \$11,877,615.

THRILLING RESCUE AT SEA

Crew of Norwegian Barque Almost Lost in Hurricane.

BALTIMORE, Md., Oct. 31.—The crew of Norwegian barque Mastorea, 17, in all, were brought here to-day on the fruiter Juan, from Jamaica. The Mastorea was wrecked during the West Indian hurricane a week ago yesterday by the British barque River Plate, and taken to the island. Their vessel, which was bound from Gulf Port, Miss., to Buenos Ayres, was abandoned in a sinking condition. The members of the crew of the Mastorea went thru a most thrilling experience. Their vessel rapidly filling with water, the lifeboats disabled and a hurricane wind still hurling mountainous seas over the deck, the men had all but abandoned hope when the River Plate was sighted. When the latter vessel came near enough the crew of the Mastorea embarked in their damaged lifeboat, which sank to the surface and was only kept afloat by the air tanks. Although the boat put away from the Mastorea at noon it was 5 p.m. before the last man was safely aboard the River Plate.

INCENDIARY WORDS NOT HIS

Vice-President of Pressmen's Union Merely Quoted Publisher.

CHICAGO, Oct. 31.—Albert B. Kretler, third vice-president of the International Printing Pressmen's and Assistants' Union of North America, today made the following statement in reference to a despatch sent recently from Denver: "Thru the Associated Press I wish to correct a statement which has been given a wide circulation. Press dispatches in the Trades and Labor Assembly at Denver, that the newspaper building would blow up before a settlement would be made with the pressmen's union, leading the public to believe I had been advocating the perpetration of such a dastardly deed. A local publisher made the statement to me that he would see the building blow up before he would settle with the pressmen's union." In my talk I simply quoted the publisher to show his attitude towards the pressmen's union. The incendiary word quoted are those of the publisher, but have been attributed to me."

ARREST FIVE SUSPECTS

Three as Dynamiters and Two as Bank Thieves.

ACUPULCO, Mexico, Oct. 31.—From the descriptions given by a detective agency it is believed that two of the men who were arrested on their arrival here on the schooner Kate Saturday are Wilson B. Evans, absconding teller of the Farmers' and Merchants' Bank of Los Angeles, and Harry H. Hamberg, an alleged accomplice. It is said that \$11,000 has been recovered. The Kate came into port to take on a supply of gasoline and three passengers, the names of Harry H. Hamberg, O. Carlson and Dan Archer, were taken into custody as suspects, on the theory that they might have been implicated in the dynamiting of the Los Angeles Times office. The sum of \$10,000 was found on the boat. The captain, Swan Engdeth, and Adolphson, the engineer, were placed under guard by the police. Hamberg had been engaged to take the schooner from San Francisco to the Galapagos Islands, off the coast of Peru. He was to be paid \$750.

More Deadly Than the Plague

The common cold is held responsible for a multitude of human ills.

Colds kill more people than plagues. When not avoided they can often be hurried from the system by keeping the filtering and excretory organs active. Many write us that nothing helps them so quickly get rid of a cold as Dr. Chase's Kidney and Liver Pills. This is because these pills act directly on the liver, kidneys and bowels, and promptly arouse their activity. The poisonous matter which collects with every cold is quickly removed from the system before it has time to cause trouble or give rise to other derangements. If misfortune in the form of a cold should overtake you, do not give it a chance to attack the lungs or to settle on the kidneys. Get rid of it quickly by using Dr. Chase's Kidney and Liver Pills.

Mr. J. H. Gibbard, Mission City, B. C., writes: "I have used Dr. Chase's Kidney and Liver Pills for the last year, and think they are just the thing as a family medicine. My wife had been sick for nearly two years with triple liver and kidney complaint. Sometimes she was so ill she had to go to bed for two or three weeks at a time, and she suffered dreadfully. "Reading of Dr. Chase's Kidney and Liver Pills, she decided to use them, and she has been improving ever since. She is never sick a day now, so we believe the cure permanent. I have been greatly benefited myself by this treatment. The portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, are on every box."

LOSSES \$10,000 BY 43 SECONDS

Does Grahame-White—American Winner of Liberty Prize.

BELMONT PARK, N.Y., Oct. 31.—John B. Moisant, scheduled aviator, was officially declared to-day as winner of the flight yesterday to the Statue of Liberty in New York harbor and return for the \$10,000 offered by the Aero Club of America for the most thrilling races in the history of aviation. Moisant beat his rival, Count Jacques de Lesseps, the Frenchman, and Claude Grahame-White, the British winner of the Gordon-Bennett trophy on Saturday, easily distancing his French competitor, but defeating the victor in the Gordon-Bennett event by only 43 seconds. This margin, however narrow, was sufficient, although it was thought until the early hours to-day that Moisant had not clinched his victory, as it was understood the ceiling was low and competition to-day. The Aero Club of America, however, sustained Moisant's protest against further competition for the prize, ruling that the most original and quickest closed with yesterday's events, to-day being an extra or added day. Thus Moisant won in the elapsed time of 34:38.4; Grahame-White second in 35:23.0; De Lesseps third in 41:58.25. Claude Grahame-White says he will issue an official challenge to Moisant and put up a purse of \$10,000 for another flight around the Statue of Liberty or over any other course that the winner of Sunday's contest may choose. Grahame-White claimed that this meet is not officially closed, but he said he was tired of making protests. He said he was confident of beating Moisant.

NEW YORK, Oct. 31.—Frederick Thompson, the theatrical producer, is signing up aviators for an American tour next year. Toronto is included.

THE CHRISTMAS GLOBE

Fourteenth Year in Present Form.

A publication that is developing the talents of our Canadian story writers, artists, lithographers, engravers, printers and papermakers. What Lord Strathcona said: "It is a splendid production, and worthy of the highest praise, more particularly as it is wholly Canadian."

Our Joyous Winter

Our visiting cousins from the south describe Canada in the summer time as one immense panorama of picturesque scenery and a boundless playground. Their experience while here undoubtedly justifies this enthusiastic description. Their knowledge of this country's capacity for supplying opportunities for real pleasure is not complete, however, until they spend some time here during the winter, the most joyous season of all. The front cover and several pages of illustrations and reading matter of The Christmas Globe for 1910 will give the reader some idea of the pleasure afforded by outdoor winter sports, and the supplementary plate, "Christmas Eve," will call to mind the family reunions and social gatherings made possible by the long evenings.

Place your order early, and make sure of securing one of the finest holiday numbers in the world. Price fifty cents each, from your dealer, or sixty cents if mailed direct from The Globe Office. Ask your newsdealer about it.

CANADA'S NATIONAL ANNUAL

A PATIENT'S VERDICT A Returned Patient From Muskoka Free Hospital for Consumptives Tells His Story.

Is consumption curable? The records of any well managed sanatorium give a clear-cut affirmative. Better than this is the testimony of the patients themselves. Here is a letter from Mr. A. Doughty, who spent a portion of the present year in the Muskoka Free Hospital for Consumptives. His words are: "The Muskoka Free Hospital for Consumptives is a godsend to any one who has lung trouble. My parting from loved ones last April was a hard task to bear for one in my weakened condition. I was terribly run down—a shadow of my former self—weak stomach, weak nerves and lungs affected—and then who were arranged to make a trip home taking eighteen pounds of extra fat with me, and was it not a pleasure to hear on all sides, 'My, what a change, never saw you look better.' etc." How my family received me. Words fall me to try to convey to you their praise. My advice to anyone who has weak lungs is to get into the hospital, and give the "San" a chance to cure you. If you are fortunate enough to not have the trouble, do a Christian act and help us. Who would refuse this appeal of Mr. Doughty, not to-day for himself, but for the many others to whom he bade good-by as a cured patient, and the hundreds who are seeking admission to the Muskoka Free Hospital for Consumptives, depending on the gifts of a generous public to keep the doors of this institution open. Contributions may be sent to Mr. W. J. Gage, chairman of the executive committee, 81 Spadina-avenue, or to 347 West King-street, Toronto.

HAD KIDNEY TROUBLE

COULD NOT CROSS THE FLOOR PAIN WAS SO GREAT

Miss Hazel Hess, Winchester Springs, Ont., writes: "I was troubled with my kidneys for five years. They were so bad at times I could not cross the floor for the pain. The doctor could not do me any good and a friend advised me to use Doan's Kidney Pills. I bought six boxes and now I have been cured for over four years. I will recommend them to every sufferer. No woman can be strong and healthy until the kidneys are well. When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to filter out of the blood are left in the system. Then how important it must be to see to it that this system of sewerage is not clogged up. Doan's Kidney Pills are a purely vegetable medicine, realizing quick, permanent relief, without an after ill effect. A medicine that will absolutely cure backache and all forms of kidney and bladder trouble. Doan's Kidney Pills are 50c per box, or 2 for \$1.25, at all dealers, or mailed direct on receipt of price by the T. Milburn Co., Ltd., Toronto, Ont." If ordering direct specify "Doan's."

A POPULAR PARLIAMENT TO BE GRANTED IN CHINA

Grand Council Announce That Request of the Senate is to Be Complied With—The Significance.

PEKING, Oct. 31.—It is believed that the throne has decided to accede to the demand of the senate and provincial delegates for the early convocation of a popular parliament. In the senate to-day, and in the presence of the leading grand councillors, Prince Yu Lang, a member of the grand council, stated that the senate had agreed upon the necessity of the early establishment of a general parliament.

The senators who understood this to mean that their memorial would be granted received the declaration of the prince with loud cheering. The importance of this concession on the part of the government can be scarcely overestimated, in view of its recent refusal to entertain a similar request made by a delegation from the provincial assemblies last June. The prince, supported by the late empress dowager provided for the constitution of a general representative legislative body, to be known as the Imperial Parliament, in 1915, at the end of a nine-year period of preparation. No sooner has this plan been made known in a decree than a popular agitation was begun to influence the throne to advance the date when China might have a truly representative government.

The provincial assemblies met and discussed the matter and received the report of the merchants, through the country. They sent a delegation to Peking to memorialize the throne, but the prince rejected promptly any suggestion that it would accomplish but little except as it reflected the wishes of the central government. Nevertheless, early in its history the senate developed an opposition party composed of the provincial delegates, and this party has since conducted an active campaign looking to the recognition of the senate by the grand council as a body with executive power, rather than that its deliberations should be of an advisory character.

Meantime the viceroys and governors of provinces supported the opposition by memorializing the throne regarding an early opening of the proposed parliament. On Oct. 28 such progress had been made that the senate adopted by almost unanimous vote a memorial to the throne praying for the establishment of a popular parliament at the earliest possible moment.

Two days later the throne ordered the grand council to consider the memorial, and to-day's announcement by Prince Yu Lang is accepted as the result of the action of the grand council. The popular demand should be granted.

HONORS FOR CANADIAN NURSE

Miss Adair of Toronto Won Gold Medal at New York Hospital.

The Brooklyn Eagle says: "As the result of graduation, the Eastern District Hospital has lost one of its best nurses in Miss Sarah Gertrude Adair. The young woman completed her course at the institution on Saturday night. She will leave for Canada in a few days for a much needed rest. Miss Adair has been connected with the Eastern District Hospital for three years, and in that time has made many friends. She was among those who succeeded in establishing the Nurses' Home, across the street from the institution. Her work has been of the highest standard, and she will receive a gold-medal from the medical board connected with the institution. Miss Adair is a native of Markham Village, and resided in Toronto prior to taking the course in New York. The gold medal presented to her by the medical board of the hospital is a special recognition. She will now try the New York State Board examination for the R. N. degree."

No Naval Loan in Sight.

LONDON, Oct. 31.—Rumors of an impending naval loan of £50,000,000 (\$250,000,000) were the chief cause of the depreciation of consols the past week to the lowest price reached since the panic of 1847, when the Bank Act had to be suspended. Then, however, they carried 2 1/2 per cent., as compared with the 2 per cent. of to-day.

There is apparently not much foundation for the reports of a naval loan, and, according to a statement made to the Daily Graphic, there is likely to be no immediate necessity for an increased English shipbuilding program.
