

GAS RESTRICTIONS NOT FOR PRESENT

Canadian Automobile Association Hears Good News From Ottawa.

Hamilton, May 8.—Motorists from all parts of the Dominion gathered here this afternoon to attend the fifth annual meeting of the Canadian Automobile Association, which organization is holding its convention in conjunction with the exhibition in the Royal Connaught Hotel.

Association Complimented. President L. E. Howland, Toronto, presided at the luncheon to the delegates. Addresses of a highly complimentary nature for what the association has done to bring about good roads were delivered by Arthur Blanchard, consulting highway engineer, Windsor, Ont., and W. A. McLean, deputy minister of highways for Ontario.

During the election of officers and the business session, Mr. J. Overall, president of the Hamilton Automobile Club, was in the chair. Assurances of co-operation during the coming season were given by the following: Ontario, Quebec Automobile Club; G. M. Redd, London Motor Club; Wm. Findlay, Ottawa Motor Club; D. Bowler, Montreal Motor Club; G. A. McNamee, Montreal Motor Club; F. Roden, Toronto Motor League; H. O. Fry, Peterborough Motor League; and H. H. Marsh, Grimsby.

No Gasoline Restrictions. The present time does not contemplate putting on a gasoline restriction for motorists was one of the salient features of the address of President Howland.

The fuel controller informed our delegation that he did not consider it necessary to interfere with the importation of gasoline but that he had the power to do so if necessary. There is plenty of gasoline in America and the shortage in England is entirely due to transportation difficulties, he said.

Heavy Penalties for Theft. "I am glad to state that we succeeded in having heavy penalties imposed for stealing cars for joy-riding purposes. Presently it was 30 days, but it is now twelve months or more of 500."

Mr. Blanchard expressed pleasure over the fact that as yet no action has been made by the motor associations to have a uniform set of regulations for motoring throughout America.

In framing the regulations I would advise you to keep in mind the importance of motor freight, he said.

The following officers were elected: Honorary president, W. A. McLean, deputy minister of highways, Ontario; president, L. E. Howland, Toronto; vice-president, F. A. Howland, Toronto; secretary, A. C. Emmet, Winnipeg; secretary-treasurer, W. G. Robertson, Toronto.

HEAR ABOUT SINGLE TAX.

The Ward One branch of the Labor party held its regular meeting last night in Masonic Hall, Gerrard and Pape avenue, when the members were addressed by W. A. Douglases, on the Single Tax question, on land taxation.

The speaker told how land values are created, and stated that it was not the owner who paid the taxes but the man who used the land. The number and the nature of the questions asked by the audience, and so readily and answered by Mr. Douglases, proved him to be a master of the subject.

On a five-mile front southwest of Ypres the Germans attempted an advance against French and British troops yesterday. The advance was repulsed in certain points in the center, but suffered repulses on both the right and left wings.

Since the German penetration is only in the centre of a five-mile front, it cannot have been more than a mile, and is probably much less. It would therefore have the shape of a narrow, sharp-pointed salient, and is probably untenable.

From Bohemia comes news of starvation. The people of Innesbruck and other cities have no wheat whatever, much reduced allowances of cornmeal and meat, no potatoes from January to April, and no eggs or milk for hospitals for many months.

At present the kaiser is cheering up the German people with the ratification of the peace with Rumania. This document leaves this valiant people prostrate under the conqueror's heel.
