> Only a Suggestion. Only a suggestion. A representative of the Associated Press was officially informed to-day that China has not approached the powers in regard to a general opening of Manchuria. What actually occurred was that a high Chinese official threw out such a suggestion, and after some slight diplomatic mention the matter ended. It is now feared that in spite of the pro-test of the United States and Great Brit-ain the Chinese Maritime customs will be

That such action will principally hurt Am-erican and British trade is keenly appre-clated in Downing-street. But it appears that the increase cannot be avoided with-out the British and American withdrawal from the concert, which step Lord Laps-downe does not contemplate for a moment.

I used to swell up terribly, my urine was scanty and highly colored and had a very offensive odor. If I ext a hearty meal I would suffer agony for hours aften. The several physicians whom I consulted advised me to go to the hospital and have an operation performed, as they said I was suffering from womb trouble. I was told about Doan's Pills, so procured a box, and I thank God every day for the good they have done me. After the third dose I began to feel the benefit of them, and eight days after starting I could urinate freely and without the scalding sensation, the swelling has all disappeared, and I do not know what a backache is since I took the first box of Doan's Pills. I can now attend to my household duties without any trouble, and can enjoya

A gorgeous costume flashed beneath the brilliant lights of a ball room. The queen of society is radiant to-night.

The nervous hands of a weak woman have toiled day and night, the weary form and aching head have known no rest, for the dress must be finished in time.

To that queen of society and her dressmaker we would say a word. One through hothouse culture, luxury and social excitement, and the other through the toil of necessity, may some day find their ailments a common cause.

Nervous prostration, excitability, fainting spells, dizziness, sleeplessness. loss of appetite and strength, all indicate serious trouble, which has been promoted by an over-taxed system.

For the society queen and the dressmaker alike, there is nothing so reliable as Lydia E. Pinkham's Vegetable Compound to restore strength, vigor, and happiness.

At one time I suffered everything a woman could. I had inflammation of the ovaries, falling of the womb, and leucorrhœa. At times could not hold a needle to sew. The first dose of your Vegetable Compound helped me so much that I kept on using it. I have now taken six bottles and am well and able to do my work. I also ride a wheel and feel no bad effects from it, I am thankful to the Giver of all good for giving you the wisdom of curing suffering women. - I recommend your med-icine to every woman troubled with any of these diseases."
