Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some kind of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as brick dust deposit in the urine, highly colored scanty or cloudy urine, bladder pains, frequent or supressed urination, burning sensation when urinating, etc.

Do not neglect any of these symptoms, for, if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes.

On the first sign of anything wrong Doan's Kidney Pills should be taken. They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush off all the impurities which cause is kidney trouble.

It was the splendid dramatic ability of the Sheffield Choir that was most impressively clear last night, and no composition is better fitted to elicit this quality than Mendelssohn's Elijah." Even more than in the 'Messiah" all the sterling characteristics of English oratorio were made apparent in the interpretation of the

great choruses. On Thursday night the softer and gentler possibilities of the choir were not so apparent, but from the moment in the first chorus, "Will Then the Lord Be No More God?" was sung with the softest dramatic delicacy express-ing the hesitation of the faminestricken, it was manifest that the subtler aspects of the score were being given attention. Why Corby's "Special Selected" Rye is the Best Whisky in Canada

ECAUSE it is made of the best material; nothing is used in its manufacture but the best grain, pure, whole and sound.

Because the grain is fermented correctly and with the greatest care.

Because the distillation is perfectly and scientifically performed, the distillery plant being the most modern and complete on the continent of America.

Because at every stage of its manufacture CORBY'S "SPECIAL SELECTED" RYE is constantly tested by expert chemists to ensure absolute purity and uniformity of product. Because it is purified by filtration and by distillation repeated

many times. Because it is matured for years under the most favorable conditions possible.

THE ELECTROPHONE—A New, Scientific and Practical Invention for those who are deaf or partially deaf—may now be TESTED IN YOUR OWN HOME. Deaf or partially deaf people may now have a month's trial of the Electrophone on payment of a small deposit. This is unusually important news for the deaf, for by this plan the final selection of the one completely satisfactory hearing aid is made easy and inexpensive for everyone.

This new invention renders unnecessary such clumsy, unsightly and frequently harmful devices as trumpets, horns, tubes, ear-drums, fans, etc. It is a tiny electric telephone that fits on the ear, and which, the instant it is appuied magnifies the sound waves in such a manner as to cause an astonishing increase in the clearness of all sounds. It overcomes the buzzing and roaring car noises, and also so constantly and electrically exercises the vital parts of the ear that usually the natural unaided hearing itself is gradually restored.

WHAT ONE OF OUR PATRONS SAYS.

The Brand Electro Ozone, Limited, Toronto, Ont.:
Dear Sirs—I am very happy to inform you that the Electrophone which I purchased from you five months ago has been of such service to me that since then I may say I have been living in a new world. I have been afflicted with Catarrhal deafness for over 20 years, and for the last two years I could not hear even the sound of a piano, but directly I put the Electrophone to my ear I can both hear and enjoy conversation, music etc. I find also an improvement in my natural hearing during the short time I have used it. It is truly a Godsend to me, and I can highly recommend the Electrophone to all who are suffering from that greatest of all afflictions—deafness.

Please make use of my name in connection with the instrument at time. I am,

Yours faithfully.
