Royal Black Chapter Concludes Annual Convention Held at Lindsay.

Lindsay, Ont., March 16.—(By Canadian Press).—The Royal Black Chapter of Ontario East concluded its annual convention at 1 p.m. with the election of officers and passing of resolutions dealing with national and constitutional affairs. It was one of the most successful conventions in the history of the chapter, and the reports received showed the increased growth of the R. B. P. numerically and financially were very encouraging.

Among the resolutions passed was one dealing with propaganda which is being circulated by and on behalf of the Self-Determination League.

Rev. A. Creggan of Deseronto made a suitable reply to Mayor O'Reilly's address of welcome. He referred to the advantages offered by Lindsay and to the progress of the town in the past seven years since the Grand Black Chapter last met here.

D. SCOTT ACCEPTS MURDOCK'S OFFER

To Debate McAdoo Award, Probably in City of Toronto.

Ottawa, March 16.—(By Canadian Press).—D. Scott, former assistant chairman of the railway commission, has accepted a challenge issued by James Murdock, formerly a member of the Canadian board of commerce, to a debate on railway rates and wages and the suggestion is that it be held before the Canadian Club of Toronto.

Mr. Scott in reply to the challenge said he was taking the position that the award have put the remuneration for railway labor higher than it now should be, bearing in mind the cost of labor in other industries and the reduction in the cost of living and the excessive freight rates that the country is suffering from, "are held up by the rate of wages paid to railway officials and until there is a reduction in railway wages a reduction of freight rates cannot be expected."

WAIT FOR VACANCIES ON PERMANENT STAFF

Ottawa, March 16.—(By Canadian Press).—In answer to W. F. Maclean (York South) in the house today, Hon. C. J. Doherty, minister of justice, said there was no provision making it possible to appoint returned men who had given six months' satisfactory service to the permanent staff of the civil service. This could only be done when vacancies occurred and when men in a temporary capacity qualified by passing the civil service examination.

ACTION ON VIADUCT IS STRONGLY URGED

(Continued From Page 1).

However, what is really needed is concerted action on the part of the citizens and a raising of enthusiasm. In all, eighteen associations were represented last night, and special meetings will be held by the various associations to go into the viaduct scheme. The associations were: Wychwood, North Riverdale, Ward Eight, Ward Seven, Ward Five, Riverdale, Danforth, Ward Eight, North Toronto, Deer Park, Caledonia, Ward Two and the local council of women.

James Duffie of the National Waterways Association said that the body he represented would be glad to do anything in their power. The viaduct scheme would vitally affect the waterways project.

The Secret of Its Success

On Wednesday, January 26th, 1921, Brigadier-General Hughes addressed the Social Service Council of Canada, in London, Ont., and the following is an extract from his speech, as reported by The London Free Press:

"The discharged prisoner," he stated, "may have several periodic friends that give spasmodic assistance, but the Salvation Army is the only constant, unfailing friend of the discharged prisoner."

The annual Self-Denial Appeal now being made enables you to assist this splendid work.

TORONTO CITIZENS FORM LARGE TRUST COMPANY

Ottawa, March 16.—(Special).—The house committee on banking and commerce held its first meeting this morning and favorably reported a bill incorporating George Herbert Wood, James Henry Gundy, and other citizens of Toronto under the name of North American Trust Co. of Canada. The bill as presented fixed the company's capital at one million dollars with authority to increase it to three million. As reported to the house, the capital is fixed at one million dollars.

O.T.A. ENFORCEMENT IN POLICE HANDS

(Continued From Page 1).

Mr. Dewart: You have your mind made up but you don't propose to tell me. Mr. Raney: I have not my mind made up.

Mr. MacBride (South Brant) thought the attorney-general's position was not sound. He expressed the view that the province should not be called upon to enforce the O.T.A. The bill and consideration provided for the enforcement of all laws by the provincial police, and in view of the provincial police's views, the government naturally did not consult him.

Who Is New Man

Conservative Leader Ferguson said it was plain that the government had made up its mind not to appoint Rogers to the position.

Mr. Curran and Sam Clark supported the attorney-general's position. Major Tomin said the province had already lost the services of two good men, who resigned because they did not believe that there should be an unseparated system of law enforcement.

The whole matter resolved itself into this, said the Conservative leader: The attorney-general's position was the only one being used for the enforcement of the O.T.A., while the attorney-general took the opposite view.

No More Spotters

R. L. Brackin (West Kent) said he was not in favor of making whiskey detection out of members of the provincial police force.

The attorney-general: There is no thought of asking the provincial police to become spotters. The average man would not distinguish between the snark and spotter and the decent police officer.

Mr. Brackin insisted. If the attorney-general's bill passed, the provincial police would follow by the wholehearted. These officers would not scoop to what would be expected of them under the new conditions. The enforcement of the O.T.A. should be left to a special force.

Premier Drury remarked that the O.T.A. was said to be enforced differently by his methods. The whiskey spy and above board methods were the better. The government should put the enforcement of the O.T.A. on the same plane as other laws, and he could not, for the life of him, see the provincial police should not enforce it. The provincial police should not be asked to do what they are not trained to do.

Would Destroy Morale

Charles McKee (Conservative, Sudbury) said the new bill would destroy the morale of the present police force of the province. If it went into effect, it would result in some kind of a revolution in the north country leaving the force.

Too Much Power

W. F. Maclean (Conservative, Parkdale) was against the bill because of the too much power in the hands of the attorney-general.

Mr. Forbes Godfrey (Conservative, York) said that during the sittings of the O.T.A. committee, the bill was not supported by the provincial police.

Mr. MacBride (South Brant) thought it was time that the attorney-general should be asked to say whether he had any objection to the meeting of the O.T.A. legislative committee.

The proposed bill made the attorney-general an absolute dictator. Nobody in Russia could have greater authority in the matter of enforcing law and order.

Mr. Edgar Watson (I.F.O., South Victoria) thought the administration of the O.T.A. should be elevated. He did not approve of stooping to low, mean tactics in securing the law.

This would be avoided by placing law enforcement under a single head. Decidedly some of the methods used in so-called stool pigeons were to be discarded.

More Opponents Heard.

Z. Mageau (Liberal, Sturgeon Falls) spoke against the bill, and G. C. Halcrow, expressed himself as being opposed to it.

Hon. Dr. Ross (Conservative, Kingston), O. C. Lewis (Conservative, N. E. Toronto), both complained that the attorney-general had failed to show the house that his bill had been prepared after consultation with experienced men.

Liberal Leader Dewart charged the attorney-general with clogging the business of the house by bringing down legislation in which he tried to enforce his will on the house.

The real object of Hon. Mr. Raney was to knife the present superintendent of police. Mr. Dewart moved that he not report.

The prime minister said Mr. Dewart's objections were based on two wronged conceptions. The bill was not a law enforcement bill, but a law of the province. It did not involve the attorney-general with unusual powers.

The attorney-general announced that the constitution of the provincial license board would not be altered this session.

LONDON WOMAN'S RECORD NUMBERS AT ORANGE CONVENTION

Mrs. Pugsley Obtains Wonderful Results From Taking Tanlac.

"I will always feel grateful to the lady in Toronto who advised me to take Tanlac," said Mrs. Gertrude Pugsley of 74 Colborne street, London, Ontario.

"For three years I suffered from a general run-down condition, following a severe operation. I was in the hospital for a month and, after coming home, it was forty ten weeks before I could get around very much and then with great difficulty. I could neither eat nor sleep with any satisfaction and had very little strength. I was not satisfied with the way I was mending and decided to get something to build me up.

"I read a statement from a lady in Toronto about Tanlac and I wrote to her and she advised me to try it, by all means. It certainly has been a Godsend to me and I am glad I followed her advice. For I am a well woman today. I began to pick up from the very start and my strength gradually came back. I have a fine appetite, sleep peacefully all night long and my work is a pleasure. I am grateful for what Tanlac did for me and I believe it will do the same for others."

Tanlac is sold in Toronto by Tamlyn Drug Stores, and by an established agency in every town.

HUDSON BAY ROAD WORK IS DEFERRED

nearly every resolution under the sun would, if passed, involve the expenditure of money, members on both sides of the house were alarmed. The agreement was not well taken and allowed the debate to proceed.

One feature observable throughout the debate was the tendency of certain members to dwell upon the deficits of the Canadian National Railway system. W. E. Nesbitt, Thomas Vlen and others sought in this way to sandbag the principle of public ownership, and finally brought Mr. Maclean (South York) to his feet with a vigorous word of protest.
