ations embracing variety in as-nts. correctness in styles and reness in selections. ng Fashion Centres represented. An indication of the pressure that is eing brought to bear on members of parliament to oppose the Northwest autonomy bill is furnished by an incident that occurred in a big financial institution yesterday. A petition was drawn up demanding that the freest powers be given the new provinces in respect to their educational affairs, and Capes powers be given the new provinces in respect to their educational affairs, and it was signed by every member of the staff, nearly one hundred men and women. The signatories were Liberals as well as Conservatives, and there was no hesitation on the part of any.

It developed that a number of the staff had already written the Toronto members, calling on them to throw their whole energy into the fight to defeat the bill. Some of the staff holding the Liberal side said they had written different members of the government.

The ordinary party divisions have disappeared in this fight and in public places and business houses, where men of various opinions come together, few have any other view of the question than that the government must receive from its position and leave the new provinces to work out their own educational system. The compromise clauses are not any more popular than the original draft and the one cry is "No Coercion."

Meantime the members of parliament are receiving hundreds of letters and postcards calling upon them to "Sit up." JOHN CATTO & SON

last night on earth. In the death cell on the east side of the jail, guarded by J. F. Stegman and J. Hughes, the death watch, he spent a restless night. Martin has become exceedingly nervous, altho resigned, and thoroly realizing his position he has gradually weakened, and as one guard put it "he is as limp as a rag." It will not be a surprise to the jail officials if he were to collapse and have to be carried to the gallows. Until yesterday he had slept fairly well and 'his appetite has been good. He was visited yesterday by Bishop Sweatman, Canon Macnab, Rev. Frank Vipond and by his spiritual adviser, Rev. F. C. C. Heathcote, who has visited him almost daily.

Another caller was the young worman, the mother of the infant he murdered. She wished to see the condemned man. As she had no permit from Sheriff Mowat, Governor Van from Sheriff Mowat, Governor Van then broke down completely.

The scaffold, which is a crude affair, is erected in the southwest corner of the fail yard. It is about 100 feet from the door, thru which the condemned man will come. The governor admitted it was time a paramanent scaffold was erected in the jail ward. Governor Vanzant said he had yard. Governor Vanzant said he had yard in the city to work on it. He procured men from an outside town, Lawyer Hassard, who worked so faithfully for his client, made a final appeal to the minister of justice for a reprieve on Wednesday without success. The execution will take place at 8 o'clock this morning. There will only be about 20 persons present, outside the officials.

IMPORTANT OFFERINGS OF HANDMADE PERSIAN AND TURKISH RUGS.

There was much wisdom in our decision to send the Carpet Chief on a special trip to the old world markets for the express purpose of gathering up an assortment of Persian and Turkish Rugs that would be in keeping with the character of this store and acceptable to the well defined artistic taste of the customers who patronize us. The collection secured illustrates in a very striking way the care and rare good judgment exercised in the choosing and it further illustrates that where the buyer is familiar with the details of production favorable prices can be secured -- special prices which mean many dollars saved to the customer. Our offerings of these Rugs will embrace a broad variety of strictly new designs; things entirely different to anything previously shown in Canada. Of small Persian Rugs we shall offer sizes 3x6 feet to 4x10.6 in the famous Kassac, Daghestan and Carabagh weaves hand woven of course—in curious but attractive designs of which no two are alike.

These Rugs sell at \$10.50 to \$35.00 - rather low prices you'll think when you see the goods. As companion offerings to these we shall show all wool Konla Rugs in small sizes at \$8 to \$30. Next on the list are the ordinary Turkish Rugs in sizes for Dining Rooms, Halls and Libraries—\$65 to \$135—and very fine fancy Turkey Rugs 13.6x10.1 at \$175.00. In other large Rugs we show very fine Persians 13.0x10.5 at \$175. Kassaba Rugs 13.0x10.5 at fine Persians 13.9x10.5 at \$175. Kassaba Rugs 13.3x9.9 at \$175.00. If you want something less expensive we have the famous Calcutta Rugs for Halls, Dining Rooms and Libraries at \$30 to \$60. The goods are on display in our windows and in the Carpet Section now. You are cordially invited to see the showing.

way improved. I weigh 20
ibs. more, and am much
stronger, and my nerves
are very much better.

Health of body, strength of mind, steadiness of nerves are the best and most precious gifts man can lay upon the altar of his conjugal love. Restorine operates on the nerves which control the sexual system, and infuse into it, power and vigor. No such thing as failure in life, is possible in perfect manhood; it is the lack of vital force, and the depletion of sexual energies that makes failures of men. Restorine awakens a man to a sense of restored vitality and power. Why be weak when you can so easily become strong? Proofs are the test. Sworn restimonials sent to any one on receipt of name.
