

NOVA SCOTIA (23) ALMANACK.

Like mummies, ask the breast with gentle wine
Or gaze expressive. Other squaws recline,
In cheerful group beneath the shading pine,
Or around the wigwam opening,—busy they,
With fire stained quills to form the trinket gay;
The basket trim, the miniature canoe,
And work-box richly quaint in form and hue.
These become presents, which in England's dells,
Remind of friends beyond Atlantic swells;
