

other unsightly cutaneous visitations. The radiant bloom it imparts to the cheek, softness and the delicacy which it induces on the *HANDS, ARMS, and NECK*; its capability of soothing irritation and removing Cutaneous Defects, Discolorations, and all unsightly appearances, render it an indispensable to every Toilet.

### ROWLAND'S ODONTO. OR PEARL DENTIFRICE.

A Fragrant White Powder, prepared from Oriental Herbs of inestimable virtue for preserving and beautifying the *TEETH*, and strengthening the *GUMS*. It eradicates the factitious formation of tartar, and thus lends a salutary growth and freshness to the gums. It removes from the surface of the teeth the spots of incipient decay, polishes and preserves the *enamel*, imparting the *most pure and pearl-like whiteness*; while from its salubrious and disinfecting qualities, it gives *sweetness and perfume to the breath*. Being an anti-scorbutic, the gums also share in its corrective powers: scurvy is eradicated from them, and a healthy action and redness are induced, so that the teeth (if loose) are thus rendered firm in their sockets. As the most efficient and fragrant aromatic cleanser of the *MOUTH, TEETH, and GUMS* ever known, ROWLAND'S ODONTO has now for a long series of years, occupied a distinguished place at the *toilets* of the Sovereigns and the Nobility throughout Europe, while the general demand for it at once announces the favour in which it is universally held.

**CAUTION.**—To protect the public from fraud, the Government Stamp (as on the Kalydor) is affixed on each box.  
A Supply of the above Genuine and Unique preparations have been received at JAMES D. HASZARD'S BOOK STORE.
