

MARCH 19, 1875.—The Report of the "Quebec Scheme" Committee was received and adopted in the following form:—

That a grant of \$50 be made to Bridgetown for the missionary there for two years from 1st January, 1875.

A grant of \$80 was also made (additional) to Melford, on condition of \$20 (additional) from the people from 1st January, 1875, to end with the previous grant.

The Committee did not think that under the present circumstances a grant toward an outfit for the missionary in Amherst parish could be made.

Notice of motion was given for an additional grant of \$50 to Maitland on condition of \$50 more from the people. The notice was referred to the "Quebec Scheme" Committee.

APRIL 16, 1875.—The "Quebec Scheme" Committee presented the following report:—

"With reference to the proposed grant of \$50 from the D. C. S. to Maitland, the Committee report that they cannot, in justice to those clergy whose incomes are yet under the minimum salary of \$700, recommend an increase of the grant to Maitland.

"They recommend that the minimum salary to be aimed at be \$800 in place of \$700, and they request the Executive Committee to consider the suggestion, and, if they see fit to bring the subject before the next general meeting of the Society, in the hope of so far increasing the income as to admit of larger grants to meet and encourage greater exertions on the part of the parishes."

It was moved by W. Gossip, Esq., seconded by W. C. Silver, Esq., that the Report be adopted.

Moved in amendment by A. M. Cochran, Esq., seconded by T. M. Brown, Esq.:—

"That \$40 additional be granted to Maitland from April 1st, 1875, on condition of \$50 additional being made up by the people."

The amendment was adopted, and the remaining portion of the report reserved for future consideration.

Notice of motion was given for a grant towards repairing the Parsonage at Port Medway.
