proved, we have had gracious revivals of God's work among the people, so that after making up for removals, we have an increase of sixty-seven members. Our Sabbath school at Ingersoll has greatly increased, and several of the scholars have been hopefully converted to God.

ST. THOMAS.—The organization of another society at Talbotville, has considerably augmented our members and influence, and we hope that a sphere of usefulness and spiritual life has thus been opened that will prove a blessing to many in the present and future. Our congregations are appreciative in attention, and increasingly good in attendance. During many weeks of special effort, the Master's presence and saving power were graciously realized; a number were savingly converted who have united with the church, and the entire membership were quickened. Our regular and social means of grace, are at present, all seasons of refreshing, and are heartily participated in by a good attendance. In material things we also report prosperity; early during the year our new Brick Church at Talbotville was completed, and dedicated. The entire cost, together with that of a commodious driving shed, were covered by cash and subscriptions. The St. Thomas Church has undergone some alterations and renovations during the year. The re-opening services were eminently successful, and the entire expenses provided for. Our position improved in every way, gives us greater prestige, than ever possessed before.

LAMBETH.—Our congregations at Lambeth and Deleware are good and steadily increasing. At Westminster the congregation is small, yet our cause is standing on a firmer footing than at any former period, our friends here are of one heart and mind. We have not been visited with any special revivals yet, we have had clear evidences of God's presence and blessing, and a few souls have been saved. Numbers of those who were admitted on trial last year have had their names left off the class book. Financially we have done well, both the Missionary and Quarterly receipts are in advance of last year. The membership are living together in peace and unity.

WINDSOR.—Our congregations continue good, completely filling the church Sabbath evenings, and the Sabbath-school is in good working order. The church has been painted with three coats of paint, and the walls and ceiling has been
