EDWARD MACKAY, Esq.

(Mackay Brothers, Director Bank of
Montreal.)

WM. MOORE, Esq., QUEBEC.

(Manager Gulf Ports S.S. Co'y.)

EDWARD RAWLINGS, Esq.

Insurance against Accidents is now almost as universal as Fire, Marine or Life Assurance—and very justly this admirable means of providing for one's own incapacity from the result of accident, is being so widely adopted. Any person whether he be walking, riding, driving, boating—or travelling by land or water, and liable at any moment to unforeseen disaster,—would be doubtless desirous of being pecuniarily protected should anything happen to maim or prevent him following his avocation or obtaining his livelihood.

In a word, Accident Insurance is to *yourself* what Life Assurance is to your successor—with this additional benefit, that it is to a great extent *Life Assurance as well*, while it costs very much less than Life Assurance, and in many particulars is more within the reach of the million.

The Charge is the same from 20 to 60.

There is no Medical Examination to undergo.

It may be an important consideration for many who are debarred, either by family history, doubtful longevity or insufficiency of funds, from taking out Policies of Insurance against the *natural* causes of death, to be able to, at all events, secure their families against their *accidental* death, or temporary loss of the means of subsistence, by injury arising from accidental causes; whilst those who are already assured by ordinary Life Policies will find it a very desirable thing to provide for the latter contingency—*i.e.*, indemnity against injury, which may cause temporary incapacity for business (a provision not made by ordinary Life Insurance.)

The following **new features** owe their introduction to this Company:

Non-forfeiture of Policy by reason of engaging in a more hazardous classification than that under which you insure.

Permits for Ocean Travel, which previously only covered fatal injuries, were made to cover temporary disablement as well, both on sea and while travelling in Europe.

PAYMENT OF CLAIMS.

Claims are paid immediately on satisfactory proof of injury or death.

This Company has paid over 1,250 losses, and *has never contested a claim at law.*

List of Claims paid can be had of any agent, or at the Head Office.

Head Office, 260 St. James St., Montreal.

EDWARD RAWLINGS, Managing Director.
