

## STARVATION HITS BUDAPEST ZOO

Monkeys Only Animals Not  
Yes Affected—Signs of Neglect in the City.

Budapest, Jan. 19.—(Associated Press Correspondence)—Eighty per cent. of all the animals in the once famous zoological garden of this city have died from starvation, the food necessary to keep them alive is needed for humans. All of the seals have perished. They depended on salt water fish and when the supply ran out a few weeks ago the seals became ill and died one after another. Lack of fuel and proper care has been a contributing cause of the troubles of the Budapest zoo which in pre-war days boasted some of the finest specimens in southern Europe. Every cage has been thinned of its inmates except the monkey cage but comparatively few of them have died. This tribe is still lively and its members manage to act natural on what is thrown to them by the few people who have time from food and fuel worries to visit the place.

Budapest's dying zoo is only a reminder of what is happening all round it. The beautiful central park in which it stands is neglected. The sidewalks are full of holes and the trees and shrubs are untrimmed. Budapest's finest monument at the park entrance from which the communists, during their occupation of the city removed statues of seven Hapsburg kings, shows evidence of decay. The statue of George Washington, nearby, erected by Hungarian patriots, is intact. Hundreds of splendid buildings in

Budapest's broad streets have lost their old-time luster. There are great gaps in the walls left by the falling soft sandstone decorations. The streets are muddy and cleaned and all of the vehicles which pass through them, except motor cars of the foreign missions, have a deplorable appearance. The street cars are poorly lighted and weather beaten.

## FINE IMPRESSION

Woodstock Opposition Paper  
Has Good Words for Hon.  
D. W. Mersereau.

(Woodstock Press.)  
Hon. D. W. Mersereau, minister of agriculture, was here on Thursday, Friday. This was his first visit here in his official capacity and the first time he has seen our exhibition plant.  
The minister of agriculture made a great impression on the business men and farmers. He is a fluent speaker and modest without. He said that it was not necessary to send delegates to Fredericton to see him. He was a servant of the people, and when the business men wish to consult him all they have to do is to write to him and he would come to Woodstock at any time. The interests of the exhibition or on any matter in connection with his department.  
The Press asked some of the members of the Agricultural Society, after the meeting, what they thought of the new minister and the answer invariably was that he had a thorough grasp of the agricultural situation and doubtless would make one of the best ministers of agriculture the province ever had.

## MEMORIES OF DAYS GONE BY

Liquor Ads Were Prominent  
in Quebec Paper of 1814.

Calgary, Feb. 5.—Two interesting curiosities have recently come into the possession of George L. Brown, of this city, in the shape of two issues of The Quebec Mercury, one of the earliest publications in Canada. The copies of The Mercury are dated Feb. 1, and April 5, 1814. In the issue of April 5, 1814, is one of the pronounced delivered by Napoleon Bonaparte when he was at the height of his power in Europe and before the disastrous spring campaign of 1814. It was dated December 30, 1813 at Paris. Display advertising as it is known now, was apparently not in vogue in those days, although the merchants of Quebec were not above mentioning their wares in a gentlemanly way. Advertisements of wines and liquors are prominent. The want ad was not neglected in 1814, for we find that Mary McGregor has some genteel apartments ready furnished at her house, and another that "Mr. G. Spratt respectfully informs the public in general that he intends to commence the instruction of a limited number of young gentlemen and ladies during a part of each day."

## MILBURN'S HEART & NERVE PILLS

Mr. H. Maxwell, Woodhouse, Alta., writes: "I was in the army when I got heart trouble. I had a little hope for me to get better. I have doctored with other doctors, but with no relief. A year ago a friend told me to try Milburn's Heart & Nerve Pills. I laughed at him at the time, and told him they were only a fake, but as I got worse I thought I would try a box. I have taken six boxes, and can say that they are the first thing that helped me, and I feel as if I were a new man. I sure can thank them, and feel that with a few more boxes I will be well."

## ANOTHER DECLINE IN BRITISH PRICES

Retailers Have Not Yet Responded Liberally to Wholesale Reductions.

London, Feb. 3.—The Times's special index number of wholesale prices shows a further decline of 100 per cent. in January, as compared with a fall of 6 per cent. in December, and 11 per cent. in November. The index number now stands 9 per cent. below its level at the time of the armistice.  
The index number for food prices is still 146 per cent. above the pre-war level, while other materials are only 92 per cent. higher. The great trouble is that retail prices have so far made an insufficient response to the decline among commodities at wholesale.

The new beverage, which is the chief ingredient of which carrots are the chief ingredient, is being turned out in a small factory. ## Why Woman's Work and Household Cares Cause Such Severe Strain on Her Nervous System

MAKE HER WEAK, NERVOUS AND IRRITABLE and cause her to LOOK OLD, and lose her beauty and magnetic charm.

The average man thinks woman's work is easy because he does not realize THE TERRIBLE STRAIN ON THE NERVOUS SYSTEM which is caused by CONSTANT DRUDGERY—doing the same thing over and over.

MAN GOES OUT WHEN HE PLEASES, gets fresh air and exercise, sees different faces, BUT WOMAN STAYS AT HOME, looks after the children and performs the monotonous household duties.

SUCH A LIFE WOULD PROBABLY DRIVE THE AVERAGE MAN NEARLY CRAZY IN A MONTH but woman patient and persevering as she is, goes on and on until at last the indoor work and nervous strain sap the iron from her blood leaving her weak, nervous, pale and aged looking.

It's a common thing to hear "OH! HOW OLD LOOKING MRS. JONES HAS BECOME!" With iron starvation of the blood most any man or woman would become old and haggard looking.

To make up for the great loss of iron caused by the life woman is compelled to lead, she should eat more iron-containing fruits and vegetables and take organic iron from time to time to put new red blood corpuscles in her pale thin, watery blood. Without iron your blood loses its power to change food into living cells and tissue and nothing you eat does you the full strength out of it, and you therefore become weakened in body and mind.

When you get up feeling tired in the morning when you can no longer do your day's work without being all fagged out at night, when your digestion all goes wrong, or you have pains across the back and your face looks pale and drawn, do not wait until you go all to pieces and collapse in a state of nervous prostration or until in your weakened condition you contract some serious disease but consult your family physician and have him take a specimen of your blood and make a "blood count" of your red blood corpuscles, or test the iron power of your blood yourself by adding plenty of spinach, carrots, baked apples or other iron-containing fruits and vegetables to your daily food and take organic iron like Nuxated Iron with them for a while and see how much your condition improves.

Thousands of people have surprisingly increased their strength, energy and endurance in two weeks time by this simple experiment. Iron is the life-giving element in this test be sure that the iron you take is organic iron and not metallic or mineral iron which people usually take.  
Organic iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on small pieces of iron. Organic iron may be had from your druggist under the name of Nuxated Iron. Nuxated Iron represents organic iron in such a highly concentrated form that one dose is estimated to be approximately equivalent (in organic iron content) to eating half a quart of spinach or one quart of green vegetables. It is like taking extract of beef instead of eating pounds of meat.

Always insist on having genuine organic iron—Nuxated Iron. If you are not feeling quite up to the mark telephone for a package today, in the morning. Look for the letters N. I. on the label form only. Look for the letters N. I. on the label form only.

## NUXATED IRON ENRICHES THE BLOOD—GIVES YOU NEW STRENGTH AND ENERGY

on every tablet. Your money will be refunded by the manufacturers if you do not obtain perfectly satisfactory results. For sale by all druggists.

THIS WOMAN IS WEIGHED DOWN WITH THE DRUDGERY OF HOUSEHOLD WORK, WORRIES AND CARES. They have steadily sapped the iron from her blood, until now she is nervous, irritable and "all gone to pieces."
