If a Brother or Sister be naked and destitute of daily food, and one of you say unto them, depart in peace, be ye warmed and filled, notwithstanding ye give them not those things which are needful to the body, what doth it profit? Even so, faith if it hath not works is dead, being alone.

ANNOUNCEMENT!

We have The Deltor.

A revolution in dressmaking has come.

THE DELTOR is the one greatest invention for serving women since the paper pattern and the sewing-machine, and this store has it.

THE DELTOR does nothing less than make an expert dressmaker of any woman.

In bringing THE DELTOR to you, this store knows that it has done one of those things which will be a milestone in the history of service to the public.

What is THE DELTOR? THE DELTOR is the great invention of Butterick.

It is very, very simple.

It is nothing more or less than a printed picture-story showing every step of fine dressmaking, from cutting to the last stitch.

It is enclosed in the envelope with Butterick patterns.

The picture-story shows:

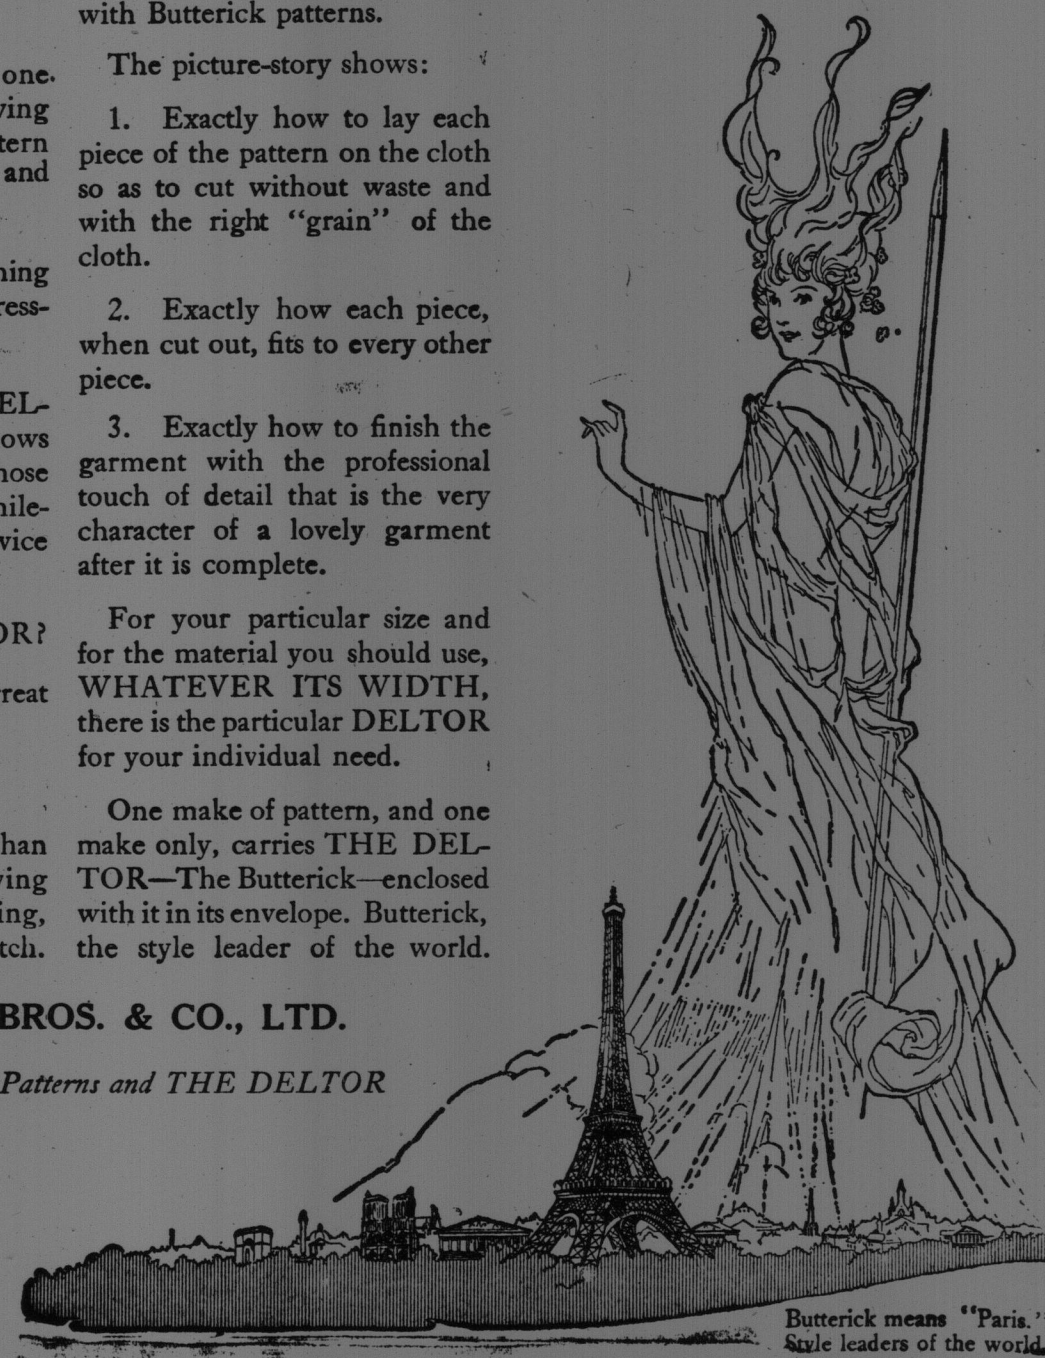

1. Exactly how to lay each piece of the pattern on the cloth so as to cut without waste and with the right "grain" of the cloth.
2. Exactly how each piece, when cut out, fits to every other piece.
3. Exactly how to finish the garment with the professional touch of detail that is the very character of a lovely garment after it is complete.

For your particular size and for the material you should use, WHATEVER ITS WIDTH, there is the particular DELTOR for your individual need.

One make of pattern, and one make only, carries THE DELTOR—The Butterick—enclosed with it in its envelope. Butterick, the style leader of the world.
