WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands of women of the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y., take the advice received and be well.

MANITOBA WANTS SAME TERMS AS OLDER PROVINCES

Winnipeg, Man., March 22.—The Manitoba government will refuse the offer of Sir Wilfrid Laurier for a settlement of the boundary question and will insist upon equality with other provinces of the confederation.

The government's stand was set forth in a resolution, notice of which was given by the premier this afternoon and which will be moved tomorrow when a big debate, practically the winding up of the session, is expected.

The resolution sets forth that Manitoba is willing to consider either the control of all public lands, minerals, etc., such as Nova Scotia, New Brunswick, Quebec and Ontario have, or financial and other considerations of a character similar to those given to be given to Saskatchewan and Alberta.

The offer of Sir Wilfrid was refused on the ground that it does not recognize the principle of equality.

Let your doctor prescribe the medicine. He knows best. The fact, however, the Ayer's Sarsaparilla has such strong tonic properties, and is entirely free from alcohol, may make it precisely to his liking.

The Evening Chit-Chat

By RUTH CAMERON

THE question came up as to whether a certain little mother was doing the right thing to allow her first baby to completely absorb her, to the extent of absolute neglect of all other interests.

"Margaret used to be so interesting and progressive and alive," said her critic. "She read John's law books and took an interest in all his cases, and she used to read history with her younger sister who's teaching. She always read the papers and magazines and took such an interest in current affairs that John said she was better to talk to than any man. And she was always ready with bright ideas for the club and church entertainments. And now she's absolutely different. Of course, she was tired down when the baby was little, but now he is a year old, and she has a splendid many who she might leave him occasionally, but she just won't. Of course, she couldn't do so much as she did, but she might do something except hang over that baby."

Why she never read anything and she goes out so little that she's pale and listless. John never used to go to the club and now my brother meets him there continually. I think she's very foolish.

"And I think it's all right," promptly protested the man-who-thinks. "It's just a matter of time for John or for you girls who want her to be fooling around with you, but it's great for the baby. And that's the way it should be. She does that, she'll bring up a fine healthy boy and if she devoting herself to doing more for the world than all the women who fuss around with church entertainments and growing glubs and neglect their babies."

Then the lady-who-always-knows-something took the floor. "Isn't there a middle course?" she inquired. "It may be good for the baby for Margaret to half kill herself over him, and lose all interest in anything else, but how is it going to be when the baby grows up? Don't she owe him something then? You all know little Mrs. Harrison. That's the way she brought up her five children—just gave herself up to them, dropped all contact with the world and all intellectual interest, made herself a slave to their clothes and their meals and their whims, and now they are grown up, what kind of a companion is she to them? None at all."

"She's buried herself in the home so long that she can't understand the outside world that they are naturally interested in. And so she's bewailing that her girls don't seem to need her any more and that her son would rather confide in his aunt than in her, and the girls are saying that they wished their mother was like other girls' mothers and the boy is saying that his mother somehow can't understand. That's what's going to happen to Margaret some day, if she keeps on the way she's started."

Seems to me that the lady-who-always-knows-something just about hit the nail on the head.

Surely a mother does owe something to her grown up child as well as to her little baby.

Surely there is some sane middle course between insane self extravagance for the baby's sake and neglect.

Someone has said: "The American mother is famous for her care of her baby and neglect of her child."

It seems to me that is a well deserved criticism and one which the mother who is inclined to spend herself recklessly for the baby's sake to the detriment of the child's interest, might do well to keep in mind.

Daily Hints for the Cook

MUSH MUFFINS.

Two cupsful of warm cornmeal mush, two cupsful of milk, two tablespoonsful of sugar, two tablespoonsful of melted butter, and sufficient flour to make a drop batter. Mix in order given; add one half yeast cake, dissolved in a little lukewarm water, and heat five minutes. Stand in a warm place until light. Half fill your muffin rings, set on a well-greased griddle, and when raised and brown on the under side turn and brown on the other side.

MACARONI WITH BROWN SAUCE.

Boil one quarter of a pound of macaroni in plenty of boiling stock 15 or 20 minutes or until tender. Drain in a colander. Melt and brown two tablespoonsful of butter; add two tablespoonsful of flour; mix until smooth and brown; then add the stock drained from the macaroni (there should be one pint). Stir continually until it thickens, add one tablespoonful of mushroom catsup and the macaroni; stir until it is heated through; season and serve.

FAMOUS BRITISH ADMIRAL

Tells What Zam-Buk Did for Him

Many famous persons have testified to the great value of Zam-Buk, and amongst the most recent is Admiral Lord M. Lloyd, Writing from the Royal Naval Club, Portsmouth, England, Admiral Lloyd says: "I have found Zam-Buk most reliable for healing cuts and abrasions; while for the relief of skin irritation it is invaluable."

Another famous user of Zam-Buk is Mr. Frank Sanderson, a War Veteran, who supplied Canadian papers with their dispatches during the Boer War. Mr. Sanderson writes: "Zam-Buk healed all my underlying ailment in contact with a small ulcer on my leg and blood poisoning in it. It was rich pemdex of hour it followed. My medical man's treatment did not seem to do any good, as ulcer after ulcer broke out until my leg from knee to foot was one mass of sores. I had seventeen deep ulcers at one time, could not put my foot to the ground, and was really in a pitiful state. A friend advised Zam-Buk, and I applied this herbal balm. It was wonderful how it soothed the pain and itching and gave me ease."

"I continued with it, leaving off all other treatment, and at the end of a week's treatment my leg was like the same. A few days later, however, my leg was sores, and I had to use Zam-Buk. My leg covered the faces which had been so deeply affected. The balm is now perfectly healthy and has no marks of the old ulcers. I am now well."

Zam-Buk is a cure for piles, eczema, cold cracks or chaps, burns, ringworm, rashes, abrasions, and for all skin injuries and diseases. All druggists and stores sell 50c. box, or post free from Zam-Buk Co., Toronto, for price. Refuse imitations and substitutes.

MORE THAN 100 BOYS OF WEALTHY FAMILY IN LAKE UTOPIA CAMP

Joseph W. Brine, son of the late James W. Brine, of Boston, and one of the owners of property on Lake Utopia, has been in town for the last few weeks on business pertaining to Camp Utopia, the famous boys' camp near St. George, N. B. He says that more than 100 applications have been received from boys belonging to some of the most prominent and wealthy families in the state and the outlook for this season's camp is very bright.

This year's camp will start on June 28 and will close September 25. It is expected that a number of boys from prominent families both in this city and Montreal will be in attendance this season. Camp Utopia is now recognized as Canada's leading summer resort, being situated right on Lake Utopia, which permits of boating, swimming and other aquatic sports. Mr. Brine left for Boston today and will return later.

COMMON COUNCIL

A special meeting of the common council is called for this afternoon to deal with the report of the bills and by-laws committee on the plebiscite bills. There is likely to be considerable discussion over the recommendation to ask the government to appoint a royal commission to draw up a charter in the event of the people voting in favor of the elective corporation plan. Another matter which will receive attention is a bill prepared by the county council in which they ask for power to assess the city for its conduits and water mains between the city and Loch Lomond.

Workmen are now engaged in boarding in the coal pocket on the west side about which there has been so much complaint from patrons of the ferry.

"Pneumonia"
