THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, APRIL 19, 1911

Gates Tells a Good

Story On

Himself Himself

States has enough land to support one thousand million people. There is enough land locked up as deer parks in England for the sport of the rich to support one hundred million people. All the land in the United States and England should be thrown open to the people—its natural owners. If we could do that this country would be so beautiful that you wouldn't want to go to that other paradise.

Backache is the first and the sure sign At a meeting the other evening of "The Twilight Club," Joseph Fels, a millionaire soap manufacturer, threw a verbal bomb at the world's rich men, that has occasionat the world's rich men, that has occasionate world in some way.

Here's the explanation of the mystifying red marks that have appeared every where about the city during the last few days. They are symbols of a great "Red Mark Sale" of dry goods at F. W. Daniel & Company's corner King street, beginning tomorrow, Thursday, and ending Monday the 24th. The readjusting of stocks and the changing of certain devanted by the street of the street of the street of the said, "and we shall introduce a new idea into Canada. The library system will be established and for a nominal fee it will be possible to borrow music rolls. As we do not sell interuments we shall not compete with any existing industry; on the other hand it is hoped that our business will greatly stimulate the Canadian parameters present the said, "and we shall introduce a new idea into Canada. The library system will be established and for a nominal fee it will be possible to borrow music rolls. As we do not sell interuments we shall not compete with any existing industry; on the other hand it is hoped that our business will greatly stimulate the Canadian parameters are served. partments necessitate a sweeping price surgery process; no half way measures, no thought of profit. The goods must go.

The red marks are the bargain signs and customers will nud them by hundreds all over the store. They point the way to articles in every department that are marked way down for this quick sale. Re-

and tood value. Don't serve the common kind.

Only the richest, plumpest grains are used in Quaker Oats. They are selected by 62 siffings. Only ten pounds are obtained from a bushel. The result is a food rich in all the oat elements—the utmost in oatmeal. Yet the cost to you is but one-half cent per dish.
