

2.—This Committee deprecates the failure to obtain a plebiscite on the question of the Total Prohibition of the sale of intoxicating liquors, and would emphatically re-affirm the position that the traffic in strong drink cannot be legalized without sin on the part of Legislature and people.

3.—Believing that the use of Tobacco is injurious to the youth of our country, we recommend that an effort be made to secure the introduction of a bill, prohibiting the sale of tobacco in any form, such as cigars, cigarettes, etc., to youths under 17 years of age.

4.—That we regret the laxity of the authorities in many instances in dealing with offenders against the "Local Option Act" in those Districts where it is in force, and express the earnest desire of Conference, that the Magistrates of our land, faithfully and impartially, enforce all the provisions and penalties of this law.

5.—In view of the approaching elections we recommend our people to bear in mind the importance of Prohibition, and to use all proper means in securing the influence of Candidates in favor of a plebiscite on the Temperance question.

6.—We strongly recommend that lessons on the injurious effects of the use of alcohol and tobacco, be given in our Day Schools, and request our School Boards to give special attention to this matter.

7.—Recognizing the great influence of Women in Temperance Reforms, and the noble work being done by "The Woman's Christian Temperance Union," we would urge upon the women of our church the importance of banding together for the furtherance of the cause we all have so much at heart.

AUBREY J. CROCKER, *Secretary*.
