HOLD ON!

We will surprise you with the
NEW AMERICAN SEWING MACHINE,
THE ONLY SEWING MACHINE WHICH HAS A
Self threading Shuttle,

being ready to work as soon as the bobbin is placed in it. If the machine accidentally turns backwards it does no harm, and breaks no thread or needles. The construction of the shuttle and shuttle race is such, that no wear comes on the shuttle, as in other machines; consequently, the shuttle does not wear sharp and cut the thread. Also the wearing points of the machine are adjusted on steel centres, thereby avoiding friction, and adding greatly to its durability.

EFFICIENCY.

The feed can be quickly raised or lowered to adapt it to thick or thin material; also the length of stitch can be regulated from above, while the machine is in motion. The tensions are easily, evenly, and perfectly adjusted, the under tension being self-regulating, and no threading up required in the shuttle. The underthread is drawn from a short, deep bobbin, giving a perfectly even tension, never breaking the thread, making the Lock stitch, the strongest and best. It runs lightest of any shuttle machine. Makes the least noise. Has self setting needle. Has the most room under the arm. Never skips stitches or breaks threads. Is most easily learned. Can be instantaneously adjusted to work from No. 300 to No. 10 cotton. Is thoroughly made in all its parts of the best material and every machine is warranted by the Company and its Agents.

IT IS SOMETHING WONDERFUL.

Attractive and useful. Beautiful in design, simple in construction, and perfect

IN OPERATION.

Examine these celebrated machines before purchasing elsewhere. They possess more good points than any other machine in the market; in fact, they are just what we claim for them, the

BEST IN THE WORLD.

These machines may be seen in J. M. HANSON'S Shoe Factory.

MANHOOD.

We have recently published a new edition of Dr. CULVERWELL'S CELEBRATED ESSAY of the RADICAL and PERMANENT cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, impediments to Marriage, etc. resulting from excesses.

Price, in a sealed envelope, only 6 cents, or two postage stamps.

The celebrated author in this admirable Essay clearly demonstrates, from thirty years successful practice, that alarming consequences may be radically cured, without the dangerous use of internal medicine, on the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and man in the land.
