VALIDITY OF ACT SOLE QUESTION

TESTING RIGHT TO EXCLUDE JAPANESE

Case of Orientals Refused a Landing Will Come Up Again on Tuesday,

The test of the validity of the B. Immigration Act has been postponed until Tuesday next. On Thursday afternoon argument in the case as to the re-fusal to allow seven Japanese a landing fore Chief Justice Hunter. A. E. McPhillips, K. C., acting for the

'Attorney-General, took the ground that the wrong procedure had been taken in the matter. It was not of a kind to come within habeas corpus proceedings. He contended that the habeas corpus act only applied to criminal or supposed shown by the Ontario statutes. The pro-His Lordship wanted to know what

Mr. McPhillips did not know what should have been followed, but it should not have been this course. His Lordship held that if the crown

tody he would set them free. Mr. Phillips would not allow this. The provincial legislature could not legislate in the way of making anything criminal. That was outside its jurisdiction. The province, however, had the right to imprison for certain things. The habeas corpus act was applied only to persons

His Lordship asked if a person were irregularly confined in a lunatic asylumcould he not proceed under habeas cor

Mr. McPhillips produced an affidavit setting forth that these persons were prohibited immigrants under section 3, and should therefore be deported. The provincial authorities would, in the In Four Cases of Anaemia Their Effects ordinary course, have prevented these persons landing, and would have kept them aboard the ship.

He wished that His Lordship should

hold the act valid. It was a copy of the Natal Act, which had not been disailowed by the Imperial authorities in any in-

valid his case fell to the ground. He a translation: contended the act was not valid, however. It dealt with a particular class, enforced against the Japanese alone.

was no force in that argument. Mr. Moresby pointed out that the affidavit of Sergeant Murray was to the effect that the persons claimed to be going to San Francisco. They were travellers and not immigrants. He contended that the rules under the act for

persons to enter. He asked longer time in which to prepare his argument.
It was agreed that an adjournment

should take place until Tuesday at 10.30. The question of allowing the Japanese women out of surety being given, came up. The Chief Justice agreed that if surety for \$250 each was forthcoming it might be arranged to have them allowed The court then adjourned.

PRODUCTION OF LEAD.

Mines Turning Out Metal at Rate 30,000 Tons Yearly.

"G. O. Buchanan, inspector of lea bounties, is in the city and is making his headquarters at the Strathcona," says the Nelson News of Wednesday. "He says: "The production of lead at present is at the rate of 30,000 tons per annum. that rate for a year, but if it did would make 30,000 tons of lead. This is caused largely by the heavy shipments of the St. Eugene mine, which is producing 1,500 tons of metallic lead per month. This output was never exceeded in this country but once, and that was in 1900, when the output was 31,000 been stimulated by the extraordinary better condition to take care of its lead "In speaking of the amount earned by

the lead producers under the bounty act Mr. Buchanan said the claims by the end e would aggregate \$180,000. "Asked if some claims were not held up which were sent in between July and October last year, Mr. Buchanan said

There are some such, but an amendment the bounty payments were to begin has and I presume we will have official no 'How about the payment of the 40 cent. that was withheld?' he was

"'The act says that the government may pay the 40 per cent. on proof that all the ore has been smelted in Canada. This means that the smelters must get to the bottom of their ore bins, so far

ment. It was made by J. P. Miller, a mining man of Kaslo. Professor Parks is still at Kaslo inspecting the mines tributary to the Kaslo and Slocan railway, with a view to reporting the ton-nage of low grade ore that might be developed. He is probably working in the interest of the railroad. G. W. Hughes has a number of men working on the Lucky Jim at Bear lake and is going to take up his residence there. Amongst properties that I hear very highly spoken of is the Mountain Con, near San don. It is being operated under a lease and bond by C. A. McLeod. It is the property of J. A. Whittier, C. A. Mc-Leod and others."

LADYSMITH NOTES.

(Special Correspondence of the Times.) The city license commissioners sat Thursday evening, and granted whole-sale licenses to John Kriveousby and Joseph Balagno.
On Thursday afternoon a suit of

clothes, hat, shoes, etc., were found on of Victoria, every railway train running the bank of the Nanaimo river near to points on the Island, and every road Scannell's ranch. Some drafts for ac- leading out of the city saw a general excounts paid in Vancouver by F. Field were in the pockets. It is feared there has been a drowning accident. The clothes are in possession of the police, and investigations are being made.

Mr. John Wanliss, of Ladysmith, and Miss Harriett Hirst, daughter of the late Mr. Thomas Hirst, of Nanaimo, were married here on Thursday. young couple were well known in Lady-smith, the bride being a frequent visitor at her grandmother, Mrs. Stevens.

tory by the United States is given in the following list: Louisiana, \$15,000,000 Florida, \$5,000,000; Texas, \$18,500,000; California and New Mexico, \$15,000,000; Arizona, \$10,000,000; Alaska, \$7,250,000; Philippine Islands, \$20,000,000; Panama canal, \$40,000,000; Panama canal strip, \$10,000, 000; total, \$140,750,000. In addition the United States when it annexed Hawali as

Dr. Giuseppe Lapponi

PHYSICIAN TO THE POPE PRAISES DR. WILLIAMS' PINK

Were So Satisfactory That He Will Go On Using Them.

Dr. Lapponi, whose skill preserved the life of the late Pope Leo XIII. to the great age of 92, and to whose care the health of the present Pope, His Holiness Pius X., is confided, has written the re-markable letter of which the following is

"I certify that I have tried Dr. Williams' Pink Pills in four cases of the and was therefore ultra vires. If it dealt | simple Anaemia of development. After with the whole of the immigrants it a few weeks of treatment, the result would be different. It was enacted came fully up to my expectations. For against those who could not read or that reason I shall not fail in the future write in a European language, and was to extend the use of this laudable preparation not only in the treatment of His Lordship held that the act was other morbid forms of the category of mia or Chlorosis but als of Neurasthenia and the like.'

DR. GIUSEPPE LAPPONI

Pope, Who Has Written a Letter Pills For Pale People.

It would be impossible to exaggerate the importance of this opinion. Dr. Lap-poni's high official position places his professional competence above question, and it is certain that he did not write as above without weighing his words, or without a full sense of the effect his opinion would have.

The "simple anaemia of developwomanhood is tardy, and whose health, teens grow by degrees pale and languid. Frequent headaches, and a sense of uneasiness which she cannot understand make her miserable. Just when it is time for her to leave off being a girl and becoming a woman—a change which comes to different individuals at different ages—her development lingers—why? Because she has too little blood. That is what Dr. Lapponi means when he speaks, in the scientific language natural to him, of "the anaemia of develop-ment." Dr. Williams' Pink Pills for Pale People have the power of making new blood. They cure anaemia just as food cures hunger. That is how they help growing girls, who, for want of this new blood, often drift into chronic ill-health, sumption-and die. Dr. Williams' Pills

could save them. The value of Dr. Williams' Pink Pills as the ore delivered up to the 30th of as a nerve tonic, referred to by Dr. Lap-June is concerned, in order that the poni, makes them valuable to men as smelter manager and myself may be able well as women. They act on the nerves to certify to the fact that the ore has been actually smelted. It is also importlike St. Vitus dauce, neuralgia, paralysis ant that a number of small claimants who have never yet been heard from should get their claims in for bounty immediately after the 30th of June. There mediately after the 30th of June. There is a great deal of talk in Kaslo about around each box. Never take a substiis a great deal of talk in Kaslo about the discovery of a large ledge of dry ore on the south fork of Kaslo creek, at a distance of 15 miles from the town. Some samples of antimonial silver from the ledge have been brought in which run 2,000 ounces in silver to the ton. The find is causing considerable excite-

THOUSANDS LEFT THE CITY TO CELEBRATE

Beaches Were Also Crowded-Holiday Was One of Unalloyed Pleasure to All.

(From Saturday's Daily.)

Every passenger steamer sailing out odus of holiday-makers on Thursday and yesterday morning. Thanks to the good was perhaps never more generally observed and more wholly enjoyed. The many beaches surrounding the city were thronged. But the main attractions of the day were the excursions up the E & N. railway, to Vancouver and to Sid

ney. The banner crowd was carried by the E. & N. railway, which had the dist and Presbyterian churches, as also the excursion of the Eagles to Ladysmith. Ticket Agent Brown estimates that fully 2,400 people travelled up the line. To Langford and Goldstream two thousand were carried and to Ladysmith the remaining four hundred. On the three steamers which were op-

erated between Victoria and Vancouver approximately 1.500 Victorians made the trip. Up the Victoria Terminal railway 1,200 journeyed, and then there were innumerable smaller excursions to Oak Bay, where St. Paul's Presbyterian church celebrated; to Cordova Bay, where the children of Knox church, Spring Ridge, and of the Methodist church, Strawberry Vale, spent the day, and up the Arm, where a number of the church and many others had a most delightful outing. A most gratifying feature of the day's

excursions was the absence, so far as can be learned, of any serious accidents.

The Presbyterian Union Sunday school picnic at Goldstream was one of the most enjoyable ever held in that paradisal spot for picnics. In the heat, the sylvan groves proved a fairy land for the young folks. The ice cold water of the streams flowing down the mountain sides and into Goldstream was very refreshing. A large crowd was on the grounds, and the games proved of much

pre-empted picnic ground. Langford Plains was crowded with holiday-makers, there being a very large attendance of the children and parents at the combined Methodist Sunday school picnic. A splendid programme of amusements was provided. There was a lively baseball match between the Cenennial and Metropolitan schools, in which the score resulted in 26 for the former to 11 for the latter; there were races and games of all kinds for the children from the youngest to the oldest, and there was everything the girl or boy could have craved in the way of refreshments. A big booth furnished ice cream and viands of great variety, and nothing wanting in the general arrangewho attended the picnic went down to Millstream and spent the day at the

At Ladysmith, where the Eagles of Victoria celebrated with brethren from Nanaimo and where Dominion Day was duly kept by residents of the city, a very large number of people congregated. In addition to the visitors from Victoria there were 2,500 from Nanaimo. good programme of sports was held during the day. The baseball match played between the Fernwood team of this city and the Ladysmiths was won by the home aggregation by a score of something like 14 to 3. Other matches were also played. There was a hose coma splendid programme of miscellaneous sport. At the request of the Eagles of that town to the town of Wilmer, this city, the last train for Victoria was

held until 10.40 o'clock at night. The Catholics of Victoria and Saanich with the congregation from Esquimalt, celebrated at the agricultural grounds in Saanichton. Three trains left the market ment" referred to by Dr. Lapponi is of building during the day, and were crowdcourse that tired, languid condition of ed with merry picnickers. On arrival at young girls whose development to the grounds they were met by the clergy and an energetic committee of the laity at the period of that development, is so often imperilled. A girl, bright and merry enough in childhood, will in her opened with a baseball match between the boys of St. Louis College and the the boys of St. Louis College and scholars of the schools of Saanich. After a spirited contest, which was an evidence that the scholars had been preparing to settle the question of supremacy for some time, the Saanich team took the lead in the ninth inning and defeated their opponents. The Songhees and Saanich Indians then played a game which was won by Chief Cooper's aggregation. A noval feature was then introduced. The Esquimalt young ladies challenged the Victoria girls of ball. The umpire allowed each team fifteen minutes, and at the end of that time the scorer decided in favor of Victoria, with one run over the or "go into a decline"—which means con- girls. The score stood 19 to 18. Horse races, bicycle, foot and races of scription were introduced, and were keenly contested. During the afternoon several large balloons were sent up, and the parachute jump of Prof. Sumont was a success. A log chopping contest was another novelty. gramme was carried out to the satisfac-

the 10 p.m. train. His Grace Archbishop Orth, Rev. Fathers Nicolaye, Leterme, VanGoethem and Sterns were present during the day. The Sunday school chil-dren were there by hundreds, and their merry songs and shouts proclaimed the joy felt and the contentment extant. An accident happened in one of the races due to the pernicious practice of some persons in bringing canines to gatherings of this kind. While the little girls were

Still another picnic on the V. & S. line was that of the Believers, which was well attended and thoroughly enjoyed. The children of the Calvary Baptist Sunday school and the mission schools of Burnside and Victoria West spent the day at Macaulay Point, where an ideal outing was held. Special tram cars carried them to and from the place, while ball and other games filled in a

DISASTER RESULT OF GAS EXPLOSION

Mr. Justice Martin's Judgment in Test Cases Against Crow's Nest Pass Coal Company.

rendered a decision in favor of the de-fendants, the Crow's Nest Pass Coal Company, with costs, in the test cases against them arising from the Fernie disaster, Referring to the judgment a Nelson dispatch says: "The learned judge held that the disaster was the result of gas, not coal dust, explosion. In addition the court absolves the company from negligence, and dismissed the actions with costs against the plaintiff.
"In speaking about the gas or coal dust explosion, the court in part says: 'The next fact to be determined is, was it a coal dust or a gas explosion? In arriving at a conclusion on this vital point, wherescience plays so great a part, the court is very largely in the hands of experts, and in determining what weight shall be attached to their testimony will be guided by their apparent competency and disinterestedness. Applying, then, the opinions of these witnesses, to re-quite facts which have been proved to my satisfaction, I am forced t clusion that on the evidence it must be held that this was essentially and substantially a gas explosion, and of such a nature and extent that, quite apart from any augmentation by dust, it was alone sufficient to cause, and consequently must be held to have caused, all of the results which the plaintiff necessarily assumed registrar of the County court of Kootenay, the onus of attributing to a dust ex-

"The judgment disposes of the 91 pending damage suits which grew out of the disaster, and in which damages were claimed to the extent of \$800,000, exclusive of costs.

"The case lasted for over three weeks, and Nelson now holds the record for the one sitting and the longest continuous session of any sittings in the province.'

DUNCANS NOTES.

R. B. Anderson is moving into his new tore, which is a credit to the town. It is reported that S. Hagan, whose store at Mount Sicker was recently burned, is going to open up business in the store at present occupied by R. B. A. McKinnon has just completed the

road contract recently let by the council. A very exciting baseball match took place on Wednesday evening between Chemainus and Duncans, resulting in the defeat of the visiting team by 12 to 7.
