

Clearance Sale of Worsted Trousers.

A pair of extra trousers is a possession that every taste dresser appreciates. This is particularly the case during the summer season, when the trousers are the most conspicuous feature of a man's apparel. We are closing a line of Worsted Trousers (grey stripe) at \$2.50, that have been selling at \$4.50.

These are very reliable goods, have been thoroughly tested by actual wear, and are made by the Campbell Co.

We have handled a great quantity of these trousers and now make a clearance of them to give room for fall stock.

BASE BALL.

Coombs' Good Work.
"Cy" Coombs pitched for Berlin, N. H., against Lancaster on Thursday last and won his game hands down. But six hits were made off the big fellow, while he is credited in the tabulated score with three out of four. The Berlin people were anxious to keep "Cy" and offered him big money, but he refused to stay away from the Waterville boys.

Frank White Objects.
The executive of the St. John Amateur Baseball League met last night in the Y. M. C. A. rooms. After consultation it was decided to adjourn and meet at a future date.

One of the chief promoters of the league, and a member of the Y. M. C. A. team, Frank White, expressed himself strongly in the matter of a picked team being selected from the league to meet the new Rosses. Mr. White said that the league as a body had no knowledge of any such arrangement and that the four teams would not participate in any such contest.

The league will keep faith with the public by completing its schedule. The usual double-header games will be played on Saturday afternoon.

Actors to Play Ball.
There will be a game of baseball between the actors engaged in the production of "The Volunteer Organist" and the employees of the Dufferin Hotel at the Shamrock grounds at three o'clock this afternoon. Several of the theatrical men are good players and as the Dufferin team has won every game in which they have taken part this

season, a lively match is expected. Mr. Broughton, who plays the part of Pierre, the farm hand, is a graduate of Brown University, and played on that team in 1896-1897. Mr. Gray, the author of the play, was a member of the well known Staten Island Athletic Club team, when that organization defeated the Yale nine, with the famous Stag in the box.

Hardware Men.
The W. H. Thorne baseball team accept the challenge of T. McAvity & Sons for a game of baseball on the Barrack Square on Saturday, Aug. 22.

FREDERICTON TOPICS.

FREDERICTON, Aug. 19.—A nine year lease of the Quatawan-Kedgewick River and branches was sold at auction at the crown land office this morning to a representative of Dr. W. H. Drummond of Montreal for \$70. The steamship Springfield has been placed on the route between Gagetown and this city by the Fredericton and Woodstock Steamboat Co., in place of the Aberdeen. The Aberdeen will not likely go on this route again this season, although all objection to her doing so is said to have been withdrawn by the Star Line people. She will be repaired preparatory to resuming the Woodstock route when the water rises. Lumbermen are already preparing for the coming winter's operations. Donald Fraser & Sons dispatched a small crew of thirty men to the headwaters of the Tobique this morning, and Timothy Lynch sent a large crew into the woods from Bristol Monday. Wages are fully up to the average but will probably go up as the season advances.

MONTREAL, Aug. 19.—At today's meeting of the directors of the Dominion Iron and Steel Co., J. H. Plummer was named as acting managing director. It is expected that the appointment will be made permanent, and that Plummer will probably be the next president when the board gets around to naming the successor to Mr. Ross. The latter gave an interview tonight, reaffirming his opinion to the soundness of the steel company's position and saying that he is one of the heaviest subscribers to the company's new issue of bonds, and that he would be still heavier would the board give him all that he wanted.

WANTED.—A case of Headache that KUMFORT Powders will cure in ten to twenty minutes.

There left last evening for Cranbrook, B. C., a small party of New Brunswickers to engage in lumber manufacturing. The party was composed of B. Crothers, of North End; Jack Stevenson, also of this city; Harry Dingee, Arthur Weston and Weston Coy, of Upper Gagetown. The men will work for the Crothers Lumbering Company. Nearly all that left are stockholders in the company.

Chronic Constipation surely cured or money back. LAXA-CARA TABLETS never fail. Small, chocolate coated, easy to take. Price, 35 cents. At drug-gists.

DEATH OF J. O. STACKHOUSE.

One of the oldest, best known and most respected citizens of the west and died yesterday afternoon at his residence at Market Place. The deceased gentleman, James O. Stackhouse, was selected by the citizens of the west and on many occasions to represent them in the city government and the people. He was a man of high character and a successful business man. He was born at Carleton Place, Ontario, Canada, in 1838. He was a member of the city council for many years and was one of the eight who rowed the boat Port 40 years ago and afterwards constituted one of a quartette who rowed many a successful race. He and his brother owned a yacht which was year ago to have competed on the Kennebec with that of the late Henry Simonds. The race never occurred, Mr. Simonds having been drowned while getting ashore from his vessel. Mr. Stackhouse, with his brother George and James Thompson, a brother-in-law, built many vessels years ago at Blue Rock, Carleton. Among the lot was a vessel for the carrying out of surveys for the British government. She was built in 1860 and was commanded by Capt. Shortland, who had Capt. Scott with him for mate. A number of vessels were turned out by Thompson & Stackhouse for the Reed concern, in fact they contributed some of the finest craft which made up the Black Ball fleet. Ex-Ald. Stackhouse leaves a widow, the daughter of James Evans, an Englishman, who came here years ago, one son, C. Joseph Stackhouse, and two daughters, Mrs. Apt John of Rat Portage and Miss Stackhouse.

Mr. Stackhouse first took a seat in the common council about 18 years ago, representing Brooks ward. After a time he dropped out, but he went back both for Brooks ward and afterwards for Guys. He served for upwards of ten years on the council. He was a strong advocate of temperance and did much for the promotion of that cause. It is not known yet when the deceased gentleman will be buried. His son, who is at Newfoundland, has been informed of the death of his father, and the funeral will be deferred probably till he is able to return to St. John.

LABOR DAY PARADE.

At a meeting of the hod carriers last evening in Berryman's hall it was decided to take part in the Labor Day celebration, and arrangements were made to have a float in the parade. Next uniforms will be worn. This union, which was formerly under the head of the American Federation of Laborers, is now under the head of the International Union of Builders' Laborers and received its charter last night.

A meeting of the millmen of the city was held in the Temple of Honor hall last night to consider arrangements for the parade on Labor Day. There were about 40 present. Peter Sharkey presided.

Mr. Lingley, a former millman, spoke on the merits of unionism, expressing himself in favor of the parade being held and hoped it would be a success. Messrs. O'Brien, Leathers, Bourke, McConnell and Lumley with Geo. Eagles, chairman, were appointed a committee to make preparations for the celebration on Labor Day. The following were appointed to talk with the men at the different mills with respect to the matter: Mr. McNulty for Moore's mill, Mr. Anderson for Stetson's, Mr. Lockhart for Cushman's, Mr. Upham for Miller's, and Messrs. Lydon and Paul for Jordan's. Another meeting will be held in Labor hall next Monday night.

The horsehoers' union will meet this evening in Labor hall. A full attendance of all members is particularly requested, as business of importance is to be considered.

THE SINCLAIR LUMBER PROPERTY.

Reports from Fredericton, substantiated by stories from the North Shore, go to indicate that E. E. Sinclair, representing the late Edward Sinclair, has disposed of the Sinclair timber limits in Northumberland county along with all the milling establishment, tow boats and plant. The Sinclair property covers 150,000 acres, with large lumber privileges. It is claimed that the American capitalists who have arranged to take the property over will pay \$400,000 for it. When the transfer is made the new owners will assume charge and this means a big increase in the production of deals.

SLIMLY ATTENDED.

CHARLOTTETOWN, P. E. I., Aug. 19.—The maritime board of trade met this morning with a small attendance. Mayor Warburton and Premier Peters welcomed the delegates to the city in neat speeches. President Horace Hazard in his annual address, dealt exhaustively with the Grand Trunk Pacific, the South African and West Indian trade, the East Atlantic, Alaska boundary, steel shipbuilding, fire insurance rate and other questions of interest. "The address was highly eulogized by the speaker," and a committee was appointed to report on its recommendations.

Secretary Creed of Halifax, reported two new board members at Canso and Hantsport. The affiliated boards numbered forty, twenty-one in Nova Scotia and seven in New Brunswick and five in P. E. Island. The first question discussed was the Island telegraphic grievance and strong resolutions were passed, calling on the government to take action. Other questions that came under consideration were the fast Atlantic mail service, and means of preventing forest fires.

Bicyclists and all athletes depend on BENTLEY'S Liniment to keep their joints limber and muscles in trim.

BATHURST MILL IN TROUBLE.

BATHURST, N. B., Aug. 19.—The engine in Sumner's big saw mill at Bathurst village broke down this afternoon. Over one hundred men are employed. The mill will probably be closed for some time as a result of the mishap. It is thought that the foundation work was defective and its sinking caused the accident.

RIFLE SHOOTING.

Sussex Matches.

SUSSEX, Aug. 19.—This morning shooting was begun about 8.30 o'clock for the Association Challenge Cup and \$100, open to all members and associate members.

Three ranges were shot—200, 500 and 600 yards—in the order named. Each competitor was entitled to seven shots at each distance. The weather was cloudy and disagreeable, at times rain threatening. In addition a cold wind was blowing directly in the face of the marksmen, but despite this drawback there were very high scores. The result was as follows:
