COADY'S SCHOOL SHOES

The children's school shoe proposition is a problem parents have to study. School Shoes must be too high for school children use up a power of leather. They mustn't be too cheap for then style is sacrificed to sturdiness. We've given the matter serious thought and feel convinced that our School Shoes solve the problem.

Our \$1.65 Boys' School Boot is a Wonderful Favorite.

Our \$1.35 and \$1.50 Girls' School Shoe is a Splendid Creation for the money.

ADVISES A BLOCKADE
AGAINST VENEZUELA

LONDON, Aug. 25.—The correspondent of the Daily Telegraph at The Hague says that after discussing the Venezuelan affair with diplomats there he has arrived at the conclusion that there can be no question of war, such as advocated by those who are calling upon the Dutch government to take forcible action because, "in the first place Venezuela has no navy worth mentioning, and in the second place, apart from the fact that the Monroe doctrine would prevent the Dutch from

landings, the Dutch warships could do nothing against Venezuela's steep cliffs, and that portions of the Dutch army destined for service in the colonies is far too small to affect anything.

"On the other hand, insults to national honor are not matters for arbitration, therefore, with the only course left is a blow which would hit Castro in the only weak spot—his purse. When President Castro finds that every additional day of blockade reduces the revenue from import duties he will soon climb down. Further, the absolute standstill of shipping business would cause dissatisfaction in Venezuela with probable sequel of pronunciamentos and a new president."

SAILORS WILL NOT MEET

JAPAN'S GEISHA GIRLS

NEW YORK, Aug. 24.—The American sailors of Admiral Sperry's round-the-world fleet will not be permitted to break the hearts of the Japanese Geisha Girls if the Young Men's Christian Association of Japan, the missionaries are able to prevent it. Information from Tokyo was received at the headquarters of the Young Men's Christian Association in this city today that the board of governors of the association of Japan are circulating petitions among the citizens of Japanese cities which the men of the American fleet will visit, protesting against the old style of Japanese hospitality, which is expected to include an abundance of stimulants and introductions to the Geisha Girls.

YOU KNOW WHERE YOU ARE

Do you want a modern office-training in a school controlling fully equipped public service offices, where you are placed to work on public contracts as soon as competent—where you can earn more than the amount of tuition fee before accepting permanent position, besides gaining public experience that doubles your value—where the school must forfeit part of your fee if it fails to place you in a permanent position at a stated salary? There is but one school in Canada sufficiently equipped and perfectly organized to carry out the foregoing program in its entirety, that school is the Currie Business University, and its graduates are today securing from fifty to one hundred per cent. more salary than graduates of other schools.

Only one-half of the fee is required in advance on all contracts closed before Saturday next. The balance may be held until acceptance of position. What other school takes any such responsibility in the matter of the position?

HIS RECORD THE GUARANTEE

F. H. McGuigan will build the hydro-electric power lines, which is equivalent to saying that they will be well built. Mr. McGuigan is a railway man from the ground up and his record is his best recommendation.

Cut out the "Blues"—give the liver and stomach a rest by eating

KORN-KINKS

The dainty, unctuous, malted corn flakes, made of the best white flint corn combined with barley-malt. Crisp, tasty, easily digested. Supplies more strength than you can gain from any other food.

Ready-to-serve with cream or milk. Ask your grocer for it.

The only Malted Corn Flakes.

School Things For Girls and Boys

London House, Charlotte Street.

YESTERDAY'S SESSIONS OF THE BAPTIST CONVENTION

MONDAY AFTERNOON.

The afternoon session began at 2.30. The report of the ordinary committee was very lengthy, containing memorials on all the Baptist clergymen who had died during the year.

The attendance was the largest in the history of the college, 151 students having been enrolled—127 men and 24 women, classified as follows: Senior class, 25; junior class, 32; sophomore class, 34; freshman class, 70. There were in the arts course 129 in the B. Sc. course, 28; in the abbreviated science course, 13. Those taking only theological studies, 4.

In theological study 22 students pursued a course in pastoral theology; 6 in the systematic theology, and 4 in Hebrew.

The academy had a good enrolment last year, viz. 102, but the attendance was less regular than usual. Twenty-seven students took the full work of the senior class; 21 in the middle class; 13 in the junior class; 15 in the business class; while 23 students took partial and special courses.

The seminary has had another prosperous year. The total number enrolled was 231. Of these, 112 were in residence during the whole or part of the year, and 119 enrolled as day pupils, including a number from the public schools attending classes in domestic science.

A number of pupils taking regular courses leading to a graduate diploma or certificate was 108; pupils in special courses, 30; total registration, 291.

When the college treasurer's report was under discussion a motion was made for the inauguration of a third forward movement to supply additional funds for the university. The general feeling of the meeting, however, was decidedly against this, and the matter was dropped.

MONDAY EVENING.

Last evening's session of the Maritime Baptist convention was devoted to education. Three addresses were delivered by prominent educationists of the church—Dr. Hutchinson, president of Acadia; Principal De Wolfe, of Acadia Seminary; Dr. C. Goodspeed, of Baylor University, Texas. The speaker

tion that although he had been absent from the Maritime provinces for some years, he still was much interested in the educational work of the provinces. He gave a brief account of Baylor University, Texas, with which he is now connected. One thing which he hoped would never occur in the history of Acadia by which spirituality would be lost and a cold intellectuality take its place. The greatest safeguard against this was an adequate endowment. Education, in his opinion, was the making of the most of the whole man for the highest possibility. The development of power was the first attribute of education. Education did not consist of building up a man, but of having something out of him, in developing his powers of thought, of action, and of the higher part of the nature. The last named was necessary not for preachers alone, but for all students.

LOVE TALE OF A RECKLESS SAILOR

His Foreign Bride Now Charges Him With Bigamy—Weeping in Denmark.

A nautical romance was unfolded in a charge of bigamy preferred at South Shields, England, on Wednesday. The accused, Andrew Martin, thirty-five years of age, belonging to Blythe, was accused of having taken as his second wife on July 23, 1906, his former wife Annie, to whom he was married on March 7, 1904, being then alive. Lundgren, who described himself as a widow living at Gateshead, stated that in September, 1906, she kept a restaurant in Aarhus, Denmark, and at that time accused, who had come by a ship lying in the dock, came to her house. He paid her much loving attention, and eventually asked her to marry him. He introduced himself as Clarence Victor Lundgren, and explained that he had been a Captain in the Army and had taken part in the South African campaign.

Further statements which he made were to the effect that his stepfather was named Andrew Martin, and that he had been in Dalmeny Hall, Dublin, which was accused's property. He added that Lord Roseberry was his uncle.

He showed her a Naval Reserve book bearing the name of Andrew Martin, and told her that that was his real name, and that he was going to America. Martin had given him the book in order that he might have a berth on board ship.

She refused his request to marry him before his ship left Alaborg, and when he was away she received a couple of letters from him with reference to their proposed marriage.

In December, 1906, a further letter arrived, asking her to meet him in Copenhagen, and she did so. While there he renewed his offer of marriage, assuring that he had no wife.

Shortly after reaching home again she received a telegram from accused of dog acting and dog lovers enjoyed immensely. David Higgins excelled himself in his new song, "When the Evening Breeze is Sighing Home Sweet Home." Same show again tonight for last time, so don't miss it.

HAPPY HALF HOUR.

One of the best programmes ever given at the Happy Half Hour was presented to S. R. O. crowds last evening. Miss Holmes sang "Bobolink" from the musical comedy, "The Streets," and judging by the encores demanded, the audience were delighted.

Miss Holmes sang "The Streets," and judging by the encores demanded, the audience were delighted.

63 KING STREET.

AMUSEMENTS.

NICKEL'S IMMENSE TRIUMPH.

The Nickel scored another remarkable triumph last evening, not only in point of numbers but in its magnificent programme, the equal of which has seldom if ever been given the people of St. John for five times the price asked. Each or any number was worth the admission fee, the orchestral selections—lovely overtures, etc.—included. The Hummel players recalled all their previous efforts in "The Old, Old Story," a melo-drama of intense human interest, full of homely scenes, lifelike action and natural dialogue. This part of the bill alone earned twenty-one minutes and the whole show ran over forty. Mr. Weston was accorded an ovation every time he sang "The Town Where I Was Born," and Miss Felix was in bright and cheery form singing Vesta Victoria's unique hit, "Bewick Me Higher, Obedient." The pictures "Mephisto's Affinity," "The Boundary," "The Improvised Statue," and "Mr. Trouble," rounded out a great big entertainment. Today's patrons should be early.

BIG JOY BUBBLE AT THE BIJOU.

LAST NIGHT.

Just like a big "Joy bubble" last night at the Bijou! Everybody pleased that they went to see the good pictures that were showing. There was as big a crowd as ever into this house held. The Bijou is certainly coming to the front of the town in the line of good pictures, pictures of variety, something to please every taste, that's why! But didn't you know the two comedy pictures, "The Veteran's Story" and "The Nurses' Strike"? Each a prolonged laugh, no let-up, fun from start to finish. "Spanish Postal Views" was real interesting and gave the people a chance to learn about Spain and its customs. For real good drama, "For Saken" won merited applause. It's a pretty little love story and the audience were delighted. Mr. Buchanan sang "Heldelund" from "The Prince of Pilsen," and he, too, received the usual encores. The pictures are very fine. One of the best scenic pictures ever shown here is "The White Man and His Work," showing the work accomplished on the Cape to Cairo railway in South Africa. Splendid pictures of Delagoa Bay, where they are building immense docks, and Johannesburg, the garden city, are shown. This picture is totally different from the picture of South Africa shown at this house a few weeks ago, and is well worth seeing. A Fight With Morrell, and The Tramps and the Soup are two excellent comedy pictures. A flower of the island is a special dramatic picture, finely acted and splendid scenery. Prof. Titus sang My Darling, and Harry LeRoy sang We Have No One to Care for Us Now, both singers receiving generous applause. Last time for this show today. See it.

MISS MAE POWERS AT THE

UNIQUE TODAY.

Those who visited the Unique Theatre last night were loud in their praise of Miss Mae Powers, the new soprano, who is now singing there. All music critics admit that she is superior to any ever heard in this city. The pictures consist of four of Pathé's latest subjects, and each of them is worthy of special mention. "The Inconvenience of Taking Moving Pictures" is one of the best instructive comedies ever produced. "The Curse of Drink" is a picture of the misery and crime that can be laid to the door of the fiend alcohol. We see a peaceful home, a happy and contented family brought to ruin and disgrace through the father's love for intoxicating liquor. "The Powerful Tenth," one of the best comedies on the road, telling us the story of a man who thought he could sing. "Prospective Heirs" showing us the difference between two nephews who were joint heirs to an uncle's fortune, when the news of his death reached them. Two new songs, "Sweet Adeline," by Miss A. Outou, and "The Last Rose of Summer," by Miss Mae Powers. Special concert matinee this afternoon for the children.

THE GIRL NIMBLIST AT THE CE-

DAR TONIGHT.

The great Russian story, A Girl Nimblist, was greatly appreciated by the large audience present last night. The Triumph of Love is an interesting love story. The Youthful Motorists, a comedy him and sure to please everybody. Percy Sayce had to respond to several encores in the new song hit, Tipperary. Same show tonight. Admission 5 cents.

PASSION PLAY.

At the Princess Theatre yesterday large crowds enjoyed the large film of Passion Play. It is a new version and is obtained by the Princess management at considerable expense. It is the longest picture that has ever been shown in the city and must be seen to be appreciated.

BIG HIT AT OPERA HOUSE.

That Joseph Selman and his excellent company will win their way to popularity with our playgoers was evidenced last night by the large audience who applauded "When We Were Twenty-One." A wonderfully effective performance of this charming play—added to the favorable impression made by the Selman Company on their former appearance here. The performance was remarkably smooth and provided to the audience that the fine reputation which preceded this excellent company was by no means exaggerated and the fall of the curtain left a feeling of delighted wonderment of being privileged to see dramatic work as well done. Mr. Selman earned all the applause bestowed and the manner in which he played "Dick Carey" was particularly brilliant. Miss Du Bois as "Phyllis" charmed her audience. Theodore Daly, as "The Imp" gave a splendid portrayal and proved himself a capable actor. Ethel Eastcott, as "Kara, the Priestess" had an exceptionally difficult task, but handled the characters with efficiency. A pronounced hit was scored by Messrs. Townsend, Robinson and Smith as "The Trinity." Messrs. Bryce, Wilson, Misses Lee, French and Herman had congenial roles. No better specialties have been seen on our stage than those offered by the Selman Company. "When We Were Twenty-One" will be repeated this evening. Sherlock Holmes, Wednesday and Thursday.

Let Lyons, the advertiser, boom your business. Phone 809.

SUES SYDNEY PAPER FOR CRIMINAL LIBEL

HALFAX, N. S. Aug. 24.—A writ has been issued but has not yet been served against the Sydney Daily Post, by Dr. Arthur Kendall, M. P., charging that paper with criminal libel in an article published on August 17 and 18, which contained the accusation that the Doctor had received consideration for supporting Alex. Johnston in the federal election of 1904.

The Post will say tomorrow morning: "It is just possible the Doctor may be serious and that this action may not be taken, or political effect if he is really in earnest the sooner he brings the case to trial the better. If he institutes his action right away the Post will speedily know the whole story. It should not be put off until after the election because delays will probably be interesting and may be of service during the campaign."

The case of the Vaughan Electric Co., in connection with the Hampstead S. S. Company, was postponed yesterday until September 22.

Looseness of The Bowels.

It is very seldom during the summer months that most people are not troubled with "looseness of the bowels."

Sometimes it only goes for a few days, but generally it develops into Diarrhoea, Dysentery or Summer Complaint and has a tendency to weaken the whole system.

When the bowels get loosened up in this way, and you wish to check the unnatural discharge without bringing on constipation, there is only one remedy to use, and that one is Dr. Fowler's Extract of Wild Strawberry. This remedy is not an experiment as it has been used in thousands of families during the past thirty-three years.

When you ask for Dr. Fowler's Extract of Wild Strawberry, you get it, as many unprincipled druggists will try to palm off a cheap substitute on you.

Miss M. Hopkins, Roseview, Sask., writes: "I have used Dr. Fowler's Extract of Wild Strawberry and found it is all it is recommended to be for Diarrhoea and Summer Complaint. We would not be without a bottle of it in the house."

Manufactured by The Nibbun Co., Limited, Toronto, Ont. Price 35c.
