JAMES WANTED PAY FOR FIXING THE HOUSE

Mr. Brennan Loses, But Will Appeal, Case Against His Landlord for the Cost of Repairs.

James Brennan, the boarding house proprietor, and Stanley Hopkins, a former landlord of Mr. Brennan's, were the principals in a civil court suit that took up nearly the entire morning before Judge Ritchie. Brennan was the plaintiff and sued Hopkins for \$68.47 for repairs that he claimed to have done to the Hopkins property on Union street. The defendant filed a set off for \$26.92 for one month's rent and some groceries. The plaintiff said that Mr. Hopkins agreed to repair the house and told him to get the work done. The house was painted, papered and whitewashed, and when it went with the bill he says Hopkins threw it out on the street after him. Mrs. Brennan gave evidence that she did most of the work in renovating the house and when she asked Mr. Hopkins if he would not allow something for the cleaning up he told her to go and dig in, as she looked as if she was fit for it. Stanley Hopkins and F. B. Hopkins gave evidence that there were no arrangements made whereby they were to have paid for the renovating. The magistrate gave a verdict for the defendant in the plaintiff's claim suit for a set off of \$26.92. Mr. Brennan asked for a copy of the proceedings and will appeal the case. E. C. Knowles and L. A. Curry appeared for the defendant.

WILL ADVANCE FUNDS ON CHAMPLAIN MONUMENT

When Model Leaves Ottawa for New York—Another Payment When Monument Leaves New York.

The Champlain Monument Committee met in the Mayor's office this morning to receive the communication from the local government authorizing the payment of \$3,000 from the provincial grant for the set off of \$26.92. The committee decided to inform the sculptor, Hamilton McCarthy, that a cheque of \$1,000 would be made to him on receipt of sufficient proof that the monument has left Ottawa. The model will be sent to New York where the cast will be made, and when the monument leaves New York for St. John another payment will be made.

All redness and irritation of the nose and face. Simply apply at night, that's all.

AN UNBREAKABLE SET OF TEETH

There is a class of patients who do not object to paying a fair price for artificial teeth, if they can really secure comfort, usefulness and naturalness.

I have a set of teeth, such as is unobtainable in any other office in this city, to my knowledge. It is out of the ordinary line and unlike the teeth in general use. Its beauty is at once apparent and it is practically unbreakable.

It will pay those who are desirous of obtaining the best to be had in the dental line to call and inspect this for themselves.

I will gladly demonstrate its superiority over other plates, even if you have no immediate intention of investing.
