

MODERATOR OF GENERAL ASSEMBLY

Rev. W. T. Herridge, of Ottawa,
Elected at Opening Session
of Presbyterian Church As-
sembly Last Night.

Woodstock, Ont., June 3.—Rev. W. T. Herridge, the eminent Ottawa divine, is the new moderator of the General Assembly of the Presbyterian Church of Canada, being elected to that position tonight at the opening session of the assembly in Knox church here. Five names altogether were submitted, but one of the nominees, Rev. John Neil, of Westminster church, Toronto, withdrew and another, Rev. Principal A. B. Baird of Winnipeg College, was declared ineligible, as his name was not on the list of commissioners appointed to attend the assembly.

The names upon which a vote was taken were those of Dr. Herridge, Rev. Principal Gordon of Montreal College, and Rev. Dr. D. D. McLeod, of Byron. In accordance with the usual custom a standing vote was first taken as between Principal Gordon and Dr. McLeod, the latter being declared the choice. Then a similar vote was taken to decide between Dr. McLeod and Dr. Herridge, the latter being elected by an overwhelming majority.

Woodstock, the county seat of historic Oxford, within whose bounds there are probably more Presbyterians than in any other district of a similar size in the Dominion, threw open its doors tonight to the scores of divines from coast to coast who are arriving for the annual session of the great Presbyterian Parliament.

MESSAGE IN BOTTLE TELLS OF WRECK

Sault Ste Marie, Mich., June 3.—From a crumpled piece of paper daubed with grease prints, can be worked out the story of the fate of the Henry B. Smith, which left Marquette in the teeth of the terrific storm of November last, and was never heard from again. The paper was picked up in a bottle by surf men from the Vermilion life station, and reads as follows:

"Sunday morning—To the Hawgood Company, Cleveland, (finder please forward). The Henry B. Smith broke in two opposite No. 5 hatch about twelve miles east of Marquette. We are having an awful time."

(Sgd) "OLIVER."

Not a soul was saved, and only one body was found, that of the chief engineer, whose corpse was washed ashore near Michipicoten, on the Canadian shore, and found by Indians this spring.

Montreal, June 3.—C. G. Sutherland of New Glasgow, N. S., won the second prize in the McGill University first year medical examinations, having made the second highest number of marks in all subjects. The first prize was won by a British Columbia student, H. A. Desbriay, of Vancouver.

LANGLEY MACHINE, TEN YEARS BURIED, MAKES SUCCESSFUL FLIGHT

Efforts to prove that the late Dr. Samuel Pierpont Langley built the first aeroplane capable of flying with a man culminated when the Langley machine made a very brief flight above Lake Keuka, N. Y., after it had lain idle more than ten years since being wrecked in an attempt to launch it on the Potomac River. The trials were witnessed by Dr. Charles D. Walcott, successor of Dr. Langley as secretary of the Smithsonian Institution, and Dr. A. F. Zahm, of the Smithsonian, a noted authority on aeronautics. Glenn H. Curtiss drove the machine, which he had restored to its original condition for the institution. No changes were made in the aeroplane, except adding pontoons weighing about three hundred pounds beyond Dr. Langley's calculations. These permitted the aeroplane to be launched from the water instead of from the top of a house box by a catapult, the method attempted by the inventor. A few broken ribs and the rotting chain coupling of the wings were replaced by others of the same kind.

RIVER COLONEL ROOSEVELT PLACED ON THE MAP.

In his first official report on his recent explorations in Brazil to the National Geographic Society, at Washington, Theodore Roosevelt told how he had "put on the map" a river one thousand miles long, whose existence was heretofore undreamed of by the geographers. The Rio da Duvida, which Mr. Roosevelt's party "put on the map," flows northward between the fifty-ninth and sixtieth parallel of longitude west of Greenwich, never varying except between these two degrees. The party traversed its length for 1,500 kilometres, or about 950 miles. The upper part of this river has been absolutely unknown heretofore to civilized man, although the native rubber men had established camps on part of the stream. It had not even been suspected by cartographers.

WILL LIE ON HOUSE OF COMMONS UNTIL ASQUITH CONSENTS

London, June 3.—"I will lie on the steps of the House of Commons without food or water until Asquith consents to receive that deputaion."

This threat was uttered by Sylvia Pankhurst at a meeting at Limehurst today, and she declared she would carry it into effect should the suffragettes fail in their endeavor to see the prime minister on June 10.

Other speakers at the same meeting voiced defiance to the Liberal government, which was denounced as alone responsible for militancy, and suggestions of wholesale incendiarism were made.

GRAPPLE WITH RHEUMATISM Tortured Four Years Until He Took Fruit-a-Lives

Ridgeway, Ont., May 21st, 1913.
"Your 'Fruit-a-lives' cured me of Rheumatism. It was the only medicine that made any impression on me. I was a terrible sufferer from Rheumatism. I was laid up for four winters with Sciatica and Muscular Rheumatism, and was a cripple completely, not being able to do anything. I doctored with four different physicians, but they did not help me. Other advertised remedies were equally unsatisfactory, and I have taken several. Some neighbor of mine told me that 'Fruit-a-lives' helped him, and I took them faithfully every day and the result was marvellous. For over two years now, I have been free from any Rheumatic Pains whatever, and give 'Fruit-a-lives' the full credit for making a remarkable cure."

W. T. RACHER.
If you are subject to Rheumatic Attacks, Sciatica, Lumbago or Neuralgia, take 'Fruit-a-lives' right now and start the permanent cure which 'Fruit-a-lives' will complete if taken faithfully. FEARS INTEREST OF PROTESTANTS IN IRELAND WILL SUFFER

London, June 4.—A deputation of the Scottish Free Church of the General Assembly of the Presbyterian Church of Ireland, presented a very cautious greeting at the Mayoral garden party given at Belfast yesterday, their official message conveying the assurance of sympathy while giving no decision on the political question.

Dr. Ross, one member of the deputation expressed himself as doubtful, as to whether, despite the safeguards on paper, the religious interests of Protestants would not suffer in the Catholic church had increased opportunities giving scope to the peculiar genius of her ecclesiastical system. Unless the amending bill obviated this danger they were confronted with the risk of an appalling national disaster.

DOMINION TRUST COMPANY "THE PERPETUAL TRUSTEE"

Paid Up Capital and Reserve Over \$3,000,000.00
You should not take any advantage of your closest friend by appointing him your executor. He has his own affairs to look after. Your best executor is the best Trust Company. The best Trust Company is never sick, is never out of town, and the care of estates is its business.

65 per cent. of Private Executors in the past have either shown partiality to one heir or another, used estate funds to postpone personal embarrassment or else willfully expropriated the funds to themselves. This is the reason d'être of the Trust Company—a natural development of modern times.

How long would a reputable trust company retain its position after violating a single trust? You are invited to examine closely the record of the Dominion Trust Company, and then consult one of its solicitors.

The Dominion Trust Company, however, co-operates without charge with its clients' own solicitors in the preparation of wills. J. Roy Campbell, K. C., St. John. N. Marks Mills, Esq., St. Stephen. LUMBER CUT ON TOBQUE WILL COME OUT

Fredericton, June 3.—Mr. J. D. McLaughlin, who carries on extensive lumber operations on the Tobique for himself and also for Stetson & Cutler, St. John, and is at the Barker House, says that practically the entire lumber cut on the Tobique River will come out this year.

Mr. McLaughlin says, however, that about 2,500,000 feet of his cut was left behind and that it was only with considerable difficulty that the remainder of upwards of 20,000,000 feet for his mill at Red Rapids and for the Stetson-Cutler Company at St. John were brought out.

Fraser's Limited, of this city, had a cut of between 15,000,000 and 18,000,000 coming out of the Tobique, and they also had a lot of trouble in getting out some of their lumber.

Mr. Stanley Douglas, of Stanley, who is also at the Barker House, has got his entire cut of 5,000,000 feet out for his two mills at Stanley and Napadogan Lake. The main drive on the lower Nashwaak for the Partington Company and Fraser's Limited was near Durham Bridge yesterday afternoon. Inasmuch as large quantities of logs are now at the rafting grounds the drive will probably not be further continued, rains being counted upon to bring the remaining logs in the rest of the distance.

FRISCO DYNAMITERS TO HAVE NEW TRIAL

Refused in Case of Third One,
Who Will Have to Serve Sentence of One Year.

Chicago, June 3.—The judgment of the United States circuit court of appeals in granting new trial of Olag A. Volinac, of San Francisco, and Richard Houffman of Chicago, in the dynamite cases, was affirmed by that court today in an opinion handed down by Judge Seaman.

The court reversed itself in granting a new trial to William Bernhardt of Cincinnati. The government's contention that the court erred in granting Bernhardt a new trial was upheld by the court and sentence of one year imposed by the lower court must be served, acting according to the opinion.

BAD BLOOD

IS THE DIRECT CAUSE OF PIMPLES

Pimples break out on the face and it is impossible to get rid of them unless you cleanse the blood.

Burdock Blood Bitters is the best medicine for cleansing the blood.

This old, reliable medicine has been in use for nearly forty years, and has a reputation unequalled in the preparation for removing all impurities from the blood and skin.

Mr. Edward Paquette, of St. John, writes: "One month ago I was covered with pimples. I had tried a number of blood purifiers with no avail. I then bought a bottle of Burdock Blood Bitters, and after using three bottles the pimples had completely disappeared."
