ACCIDENTAL DEATH OF A ST. JOHN MAN

Felix McGirr Killed by Dynamite Explosion at Westbrook, Me.

Felix McGirr, a St. John man, met his death at Westbrook, Me., through a dynamite explosion. This word was received in the city last night by J. Fitzpatrick, who was telephoned in connection with the funeral arrangements to be made here. No particulars were received any more than that he was killed by the explosion and it is supposed that the charge exploded prematurely. Mr. McGirr was a son of the late Felix McGirr, who at one time conducted a butcher business in the city market, and was well known around town. He left the city about two years ago and has been in the State of Maine since that time. He is survived by his brother, Joseph, and one sister, Mrs. Joseph Taylor, both of this city. The body will be brought to the city for burial and will probably arrive tonight.

COMMITTEE OF 100 NAMED YESTERDAY

Citizens Who Will Take Lead
in Plans for Filling Ranks of
the 236th.

The nominating committee in connection with the recruiting campaign for the 236th met yesterday at the Board of Trade rooms and selected the following as the committee of 100: Mayor Hayes, convenor; R. The Chinese Case.

Yesterday there were only six of the twenty-five Chinese, taken in the raid on Sunday night by the local police, left in jail. The others have deposited \$50 each and secured their liberty. The alleged proprietor, Lim King, it is understood, has put up his deposit of \$100. The case will come up again this morning.

PAPE'S DIAPEPSIN FOR INDIGESTION OR BAD STOMACH

Relieves sourness, gas, Heartburn, Dyspepsia in five minutes.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach ailments vanish in five minutes. If your stomach is in a continuous revolt—if you can't eat it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate the millions of stomachs that gives it its millions of sales annually. Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

POLICEMEN TO WEAR GREY UNIFORMS

Council Votes Year's Salary to Widow of John A. McAndrew—Winchester Charges to be Investigated.

The proposed investigation into the charges against Street Superintendent Winchester were again before the council yesterday and after some discussion recommendation of the committee of the whole that the council investigate the matter was passed. Commissioner Fisher could not see any necessity for any investigation but the other commissioners, felt certain reflections had been cast on both Mr. Winchester and themselves and the whole matter should be cleared up. It was decided to pay J. W. Stout of Fairville the sum of \$22.83, excess rent paid on the understanding that certain improvements should be made in the store occupied by him. The sum of \$250 will be paid to the family of the late John A. McAndrew as a token of appreciation of his services to the city.

Commissioner McLellan submitted samples of grey cloth for police uniforms and was given authority to purchase 230 yards from Manchester Robertson and Allison at \$3.50 per yard. The mayor called the council to order at 3 o'clock and all the commissioners were present, together with the common clerk.

The committee of the whole recommended that the mayor with Aldermen Wigmore, Russell, Fisher and McLellan, members of the common council be a committee to hold an investigation under the provisions of section 3 of the Act of Assembly 58 Vic. Cap. 48 in the following charge made by Alderman Fisher, commissioner of public works, on the 23rd day of January last, in moving for the dismissal of Albert Winchester, superintendent of streets, namely, "Because of certifying to several cases of sidewalk restoration by property owners when the repairs had not been made, thus enabling the parties to obtain their guarantee deposits without performing their obligations to the city"; that from now until the 1st of May next, the committee meetings on Mondays and Thursdays in each week be held at 4:30 o'clock in the afternoon instead of at 11:30 a. m., as at present; that from the 1st day of March next the number of watchmen employed on the city's wharves and sheds be reduced to thirty, to be distributed as the commissioner of harbors, ferries and public lands may think advisable; that the sum of \$2,200 be appropriated from general revenue for the maintenance during 1907 of the incinerator at east end of Broad street and two dumping places for ashes located in the eastern and northern portions of the city, and that in the public works department and referred to the commissioner of public works with the mayor with power to act, who accepted the tender of the Canadian Fairbanks Morse Co. Limited for a 10 x 12 Bertrand horizontal, slide valve engine for the sum of \$53,750, and recommended that their action be confirmed.

The report was taken up section by section and the first section in regard to proposed investigation caused considerable discussion. Commissioner Fisher questioned the need of any investigation and asked why the council was asking for one. Commissioner McLellan said, "Owing to certain articles which had appeared in the press a great many citizens were under the impression that Mr. Winchester had been guilty of dishonesty and the commissioners who voted for the motion expressing their disapproval of his dismissal were convinced a crime and he asked Commissioner Fisher whether he had asked Mr. Winchester whether the charge contained in the report in regard to signing certificates of repairs to sidewalks was true or false. Commissioner Fisher did not answer the question."

Commissioner Wigmore was in favor of the investigation in order that Mr. Winchester might have an opportunity of clearing himself of the charge of dishonesty for a great many people had the impression that a wrong had been committed. Commissioner Russell said that he had met with citizens who were under the impression that Mr. Winchester had actually taken this money and he felt that the investigation was necessary to clear up these misunderstandings.

The remaining sections were passed without discussion and the report adopted as a whole.

The commissioner of public works reported that an application had been received from Mr. Wm. O'Keefe for permission to erect an electric sign over the entrance of his restaurant, No. 229 Union street, and recommended that the permission be granted subject to the usual conditions and agreement being executed by Mr. O'Keefe; that a claim against the city for damages caused by the overflow on Mill street on Feb. 8th had been made by D. J. Mullin; that the city solicitor had advised that the city was not liable for damages of this kind, and he recommended that Dr.

Mullin be informed that the city was not liable for the damage. Adopted. The report of the North End library was received and ordered printed in the city report. A communication was read from Bishop LeBlanc to the effect that he had not withdrawn his objections to the erection of a garage on Cliff street. The mayor reported that a meeting of the assessment committee had been arranged for next Saturday. Commissioner Russell presented the claim of J. W. Stout of Fairville for a refund of \$50 which he claimed had been collected for rent of building because of certain improvements which were to have been made and were not.

He presented the report of the engineer and a letter from H. B. Schofield, former commissioner of public lands, in connection with the claim. The chamberlain was called in and said as far as the city was concerned if there was any claim it was only for \$22.83 which was the amount he paid the city; the rent for the second year had been paid to Dr. J. H. Maher who had purchased the building from the city. After hearing the explanation of the chamberlain the commissioner recommended that Mr. Stout be paid the sum of \$22.83 and this was carried. Commissioner McLellan referred to the loss which the city fire department had sustained in the death of John A. McAndrew and paid a tribute to his efficiency as district engineer. He suggested that the city pay to the widow as a mark of their esteem for his services the sum of \$250 which was one year's salary.

The commissioners all expressed themselves as in favor of such action and a motion was carried that such be done. Commissioner McLellan submitted samples of grey cloth for uniforms for the police and moved that he be given authority to purchase 230 yards from Manchester Robertson and Allison at \$3.50 per yard. Carried. No further business offering the council adjourned.

Prohibition League. Yesterday morning in the Y. M. C. A. Rev. J. C. B. Appel, Rev. Neil J. McLaughlin, Rev. W. H. Sampson and A. M. Belding held a short meeting to make further arrangements for a big Prohibition Enforcement League will be launched. It is proposed to form an influential and effective organization.
