LABOR DEPARTMENT REPORTS ALL QUIET AT WINNIPEG

Strike Committee Has Put Waiters in the Restaurants But Hotel Dining Rooms Are All Closed.
Ottawa, May 18.—According to Labor this afternoon, the situation in Winnipeg is quiet. Union waiters have been put into restaurants by the strike committee so that they may continue in operation, but the hotel dining rooms are closed. In answer to a question Senator Robertson stated that the Federal government was not contemplating immediate action, looking to a settlement of the trouble. He stated that the hotel dining rooms are closed. It is understood that the situation is being carefully watched by the Labor Department, and that anything which it is in position to do, will be done.

FREDERICTON OUT EN MASSE FOR RETURNING MEN

City Abrogates Its Arrangement With Chief Inspector Wilson — Contract for Bridge at Hampton.
Fredericton, N. B., May 18.—The police commission has decided to abrogate the arrangements with Rev. W. D. Wilson, chief inspector under the prohibition act by which chief of Police Finlay acts as sub-inspector in Fredericton and vicinity. A party of twenty odd returned soldiers arrived in Fredericton at 8 P. M. at seven o'clock Saturday evening and were greeted by a big turnout of people with two bands and automobiles galore. There were many disappointed ones among the crowd, however, as the word from the military authorities at St. John had been that all the Fredericton men would be unable to get home on that train. Later on another party came in on the train arriving at ten o'clock. They left St. John on the Boston train, which made it necessary for them to wait at Fredericton Junction two hours or so, before they were able to continue their journey here. Quite a number of people were at the station to meet that train, but there was, of course, no such reception as those arriving earlier were given.

The announcement is made by the public works department that the contract for the French Village bridge, in the Parish of Hampton, Kings county, had been awarded to Smith & Merritt, Limited, of this city. The contract was awarded yesterday and the amount is in the vicinity of \$25,000.

POPE BENEDICT REQUESTED TO INTERCEDE

German Episcopate Requests That He Use His Good Offices to Have Peace Conditions Lightened.
Rome, Friday, May 16.—The entire German Episcopate has addressed a petition to the Pope praying for his good offices to mitigate the conditions of peace, which, in their judgment, is "impossible to fulfill." Pope Benedict, with a view to cooperate in the speedy re-establishment of a lasting and humanitarian peace throughout the world, has taken steps to communicate the position to one of the most important delegations at the Peace Conference, with the object of having the conditions imposed on Germany so modified as to make them acceptable.

POLITICAL CRISIS IN CONSTANTINOPLE

Paris, May 18.—(Havas)—A political crisis has arisen in Constantinople since the departure of Greek and Allied forces at Smyrna, the Journal says. The Turkish grand vizier or prime minister, is said, to have resigned.

NOT IN ACCORD ON ITALIAN DISPUTE

The Italians Have Made Many Concessions But Jugo-Slavs Not Disposed to Accept Them.
Paris, May 17.—(By The Associated Press)—Conference during the past two days on the Italian issue have not succeeded in reaching an accord as was expected. The Italians made a number of concessions, including recognition of Fiume as a free city and the giving up of considerable portions of territory, including the important quicksilver district. The Italians, however, are unwilling to yield Zara or Senj or the Dalmatian coast. The Jugo-Slavs are not disposed to accept the Italian concessions as sufficient, and there are prospects of a further extended period of negotiations.

ALL BULGARIA IN AN UPROAR

Bloody Encounter at Sofia Between the Garrison and Revolutionists.
London, May 17.—Bloody encounters have occurred at Sofia between the garrison and revolutionaries who demanded the resignation of the government and the establishment of a

EXTRA FORCE OUT HUNTING FOR THE MURDERER CHILDS

The Whole Countryside is Armed and All Looking for Robt. Childs — Funeral of the Slain Woman Held Saturday.
Moncton, May 18.—Chief Rideout acting under instructions of the Attorney General's Department today visited the scene of the recent tragedy near Rexton, Kent County, and took a hand in more thoroughly organizing for the search being made for the fugitive murderer, Robert Childs. Provincial Constable and Westernland Prohibition Inspector Amos Seavey accompanied Chief Rideout, who remained at Rexton to assist in the man hunt. The Dominion police at Beauceville and other points in the county have also been called upon to assist in the search. The whole countryside in the vicinity of the scene of the tragedy has been armed and all looking for the murderer. Childs is thought to have been seen by so far the whereabouts of the murderer has not been ascertained. A boy named Charles Thompson reports that he saw a man resembling the murderer near the Catholic church on the outskirts of Rexton. The man asked the boy to get him some beer, but the boy beat it for him; very much frightened. From the boy's description it is believed that the man he saw was Robert Childs. Sheriff Boudreau has had many reports from various parts of the county where all the roads are being guarded, and where and vacant houses are being watched in the expectation that the fugitive must, sooner or later, come out for food. It now appears that Robert Childs spent nearly the whole of Wednesday night (the night before the shooting) in a room in the Royal Hotel at Rexton, and a companion finished a longneck which Childs brought to Rexton with him. He arose early next morning and started for the Childs home, where he was shot. Childs, his nephew, the latter, however, had gone to his work in Rexton and the murderer missed him. It is believed that he shot his nephew before being caught. John Childs has moved his family from the scene of the tragedy and locked up his house. It is now reported that Childs was shot in the chest and is in a critical condition, was reported slightly improved today, and slight hopes are entertained for his recovery.

The Intrepid Australian "Hopped off" Sunday to Cross The Atlantic in His Biplane

(Continued from page 1)
Within an hour the Martinsyde was "taxying" for a start, with Raynham at the controls, heavily and "rooking" from side to side over the rough ground. Suddenly a rear axle buckled and the machine crashed on its side, blowing into the earth. Raynham and Morgan were lifted out of the wreckage streaming with blood. Too heavy a cargo was said to have caused the collapse of the Martinsyde's under carriage. It was trying to carry 280 gallons of gasoline. Hawker and Grieve, in their eleventh hour effort to save the machine, hurried to the office of the Royal Air Force meteorologists. Finding conditions improved at the time, though not as favorable as they would have been in mind of "how to load the Americans." As soon as they had finished breakfast this morning Hawker and Grieve hurried to the office of the Royal Air Force meteorologists. Finding conditions improved at the time, though not as favorable as they would have been in mind of "how to load the Americans."

MUST SIGN OR BE HACKED TO PIECES

Versailles, May 18.—(Havas)—A member of the German delegation with the rank of Councillor of Legation, who returned here recently from Berlin, made this declaration today concerning the peace treaty: "We will sign despite all because we will be hacked to pieces if we return to Berlin without signing."

KEEPING OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.
Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat; but drink plenty of good water. Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter the acid from the blood and cast it out in the urine; the pores of the skin also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

Head of German Delegation Quits The Job at Paris

Versailles, May 18.—(By The Associated Press.)—It is quite possible that Count von Brockdorff-Rantzau, the head of the German peace delegation, who left here last night, will not return to conduct further negotiations at Versailles, according to reports received here today from Spa. The views of the chief of the German delegation and those representatives sent from Berlin to consult with him differed so strongly as to the further conduct of the negotiations, according to the reports, that Count von Brockdorff-Rantzau requested that he be replaced at Versailles.

ARE YOU NERVOUS? ARE YOU DRUGGED OUT?

If Your Recuperative Power Seems to Have Left You, You Need PHOSPHONOL
Today and not tomorrow, is the day to put a stop to that gradual slide you are taking down a long hill of ill health. Out of tune with everything? Mentally and physically depressed? Lack the desire to perform your duties? Feel that you need to be bolstered up, but can't tell what is the matter? You need a quick, nerve-building tonic—one that checks declining your nerves—one that puts you on your feet again. Today you should get a box of Phosphonol. At all drug stores. The Robell Drug Co., St. Catharines, Ont. Price, \$2.00 box; 2 for \$5.00.

RAILWAY WORKERS TO JOIN STRIKE IN WINNIPEG

A Strike by Trainmen Would, it is Believed, Paralyze Transcontinental Freight and Passenger Service.
Winnipeg, Man., May 18.—Labor unions tonight circulated a bulletin declaring that the railway trainmen had requested the trades council to call them out to join the general labor strike of more than 30,000 persons which has paralyzed industry here. A strike by the trainmen would, it is believed, paralyze transcontinental freight and passenger service in Canada.

STRENGTH FOR THE DAY'S WORK

THE DAY'S WORK DEFENDS UPON GOOD BLOOD TO NOURISH THE BODY
Weak People Need a Tonic, One Which Acts Directly Upon the Blood and That Does Not Weaken the Body by Useless Purging.
There are thousands of people throughout Canada who are without ambition or strength to do their day's work, and who are always tired out, have little appetite and a poor digestion. They cannot get a refreshing night's sleep and are subject to headaches, backaches and nervousness, because their blood is impure. Dr. Williams' Pink Pills, in this condition Dr. Williams' Pink Pills give quick relief and permanent cure because of their direct action on the blood which they build up to its normal strength. As the blood becomes rich and red it strengthens the muscles, tones up the nerves, makes the stomach capable of digesting food, and repairs the wastes caused by worry or work. In a word, the use of Dr. Williams' Pink Pills means restoration of health.

BLOOD TURNED TO WATER.

Miss Jessie McLean, Trenton, N. S., says:—"I was as weak as it was possible for any one to be, and yet I was able to go about. My blood seemed to have turned almost to water. I was pale, the least exertion would give me a headache, and when I went up stairs I would have to stop and rest on the way. I often had severe headaches, and at times my eyes would become so sore that I could not see. I was very nervous and my sleep was very restless. I had been told of Dr. Williams' Pink Pills and I bought a box. I had taken seven boxes and I felt that I was again enjoying good health. I think Dr. Williams' Pink Pills are a blessing to weak girls and I shall always warmly recommend them."

RHEUMATIC PAINS.

The sufferer from rheumatism who experiments with outward applications is only wasting valuable time and good money in depending upon such treatment. The trouble still remains, and is all the time becoming more firmly rooted—harder to cure when the proper treatment is applied. I have tried many remedies, but you will soon be rid of the pains and tortures. As a cure for rheumatism Dr. Williams' Pink Pills are unequalled. I have tried many remedies, but you will soon be rid of the pains and tortures. As a cure for rheumatism Dr. Williams' Pink Pills are unequalled. I have tried many remedies, but you will soon be rid of the pains and tortures. As a cure for rheumatism Dr. Williams' Pink Pills are unequalled.

A GOOD DIGESTION.

Mrs. William Dale, Midland, Ont., says:—"I suffered for a long time from a severe form of indigestion, and had discovered so much without benefit that I had all but given up hope of getting better. Everything I ate caused me intense pain and some

THE WEATHER

Toronto, May 18.—The weather has been fine and warm today throughout the western provinces, fine and rather cool in Ontario and cool and showery in Quebec and the Maritime Provinces.

Forecast. Tuesday cloudy, probably rain, moderate winds. Wednesday—Southeast, shifting to westerly winds, showery, followed by clearing and somewhat warmer weather.

disciplined by the fact that British, French, American, Italian and Greek warships, with landing parties, have begun a great concentration at Smyrna, Asia Minor.

Allied troops are also being massed at Saloniki. The concentration at Saloniki is connected with the mandate given to Greece by the Peace Conference to administer the affairs of the Turkish seaport, while the belief is expressed in Paris that the massing at Saloniki is connected with the enforcement of the peace terms to be presented to the Ottomans which it is thought probable, will include a demand that the Turks leave Europe.

The peace negotiations with Turkey have been suspended for a few days and also with Bulgaria are expected to take place in Constantinople, Salonki or some other city in the Near East.

The Chinese cabinet is reported to have tendered its resignation which President Hsu Shih Chang is said to have declined to accept. The conference at Shanghai at which endeavors were made to arrange a peace between Northern and Southern China, has broken up.

Vienna advises report that many persons have been Croated at Agar, capital of Croatia. Cardinal Hartman, Archbishop of Cologne, has requested Pope Benedict to interpose in the dispute between the Allied Powers and Germany in order to protect Germany from the complete breakdown which menaces her. In this appeal the Cardinal has asserted that the peace conditions would mean the utter ruin of Germany and be a cruel violation of the rights and seventy million inhabitants of the country.

Perhaps never was people on the streets of Paris for one purpose, that of returning men. It is a welcome would never forget. At the Union Department, and even maintained for being in troops trains on arrival the track to the south near Pond street. Such a crowd as section as was never seen. The box cars along the freight shed were crowded with men, and many of them were to parade.
