

FOURTEEN PER CENT. ADVANCE IN WAGES TO ALL MINERS IS FINDING OF DR. GARFIELD

His Announcement of Basis for Wage Scale is Concurred in by Wilson's Cabinet Which Further Stipulates for Gov't Control Over Coal Prices and That There Shall be No Increase in Price at This Time.

Washington, D. C., Nov. 26.—A wage advance of fourteen per cent. for all mine workers, maintenance of government control over coal prices, and no increase in prices at this time, were the conclusions of Fuel Administrator Garfield, announced tonight to the operators' and miners' wage scale committee.

Declaring that Secretary Wilson, acting as the "authorized agent" of the cabinet and President Wilson, had offered an increase of thirty one per cent, John L. Lewis, acting president of the mine workers, asked if the government intended to "regulate the acts of Secretary Wilson."

Dr. Garfield replied that Mr. Wilson made his proposal as a mediator to facilitate negotiations and that Mr. Wilson told him today it was the duty of the fuel administration to fix prices, and that it was not the function of the Secretary of Labor.

"The cabinet has decided that the basis I have suggested is sound and right," Dr. Garfield said.

Domestic Situation
Ottawa, Ont., Nov. 26.—Owing to the prolonged strike in the bituminous regions in the United States, upon which the province of Quebec depends to a great extent for its industrial fuel, the Quebec government has found it necessary to appoint a provincial administrator for this province and Mr. J. W. Lewis, of 61 St. Gabriel street, Montreal, who is thoroughly familiar with the fuel requirements of the province of Quebec, has been appointed to this position.

In future all applications for emergency coal arising in the province of Quebec must be presented to Mr. Lewis, and if he is unable to meet such requirements from emergency stocks within the province, he will present the matter in the proper way to the authorities at Ottawa.

Mr. Magrath has returned from Washington after having made arrangements for a temporary supply of emergency coal to be used for public utilities and for the navy.

It is understood both Mr. Lewis and Mr. Harrington, fuel administrator for Ontario, are in Ottawa in consultation with Mr. Magrath and other officials of the Canadian Trade Commission.

Sir Robert's Special In Collision With Freight Train

Accident Happened at Drummondville When Party Was Returning to Ottawa from Halifax.

Ottawa, Nov. 26.—The special train carrying His Excellency the Governor General, Sir Robert Borden and Hon. Martin Burrell, Secretary of State, arrived in Ottawa at a quarter to seven this evening. It was expected earlier in the day that the train would reach the capital at four o'clock in the afternoon, but at noon, news of a slight accident near Drummondville which delayed it for some time, was received. It was thought that the special would arrive between five and six o'clock, but it was nearly seven before it finally pulled into the central station.

None of the party on board the train suffered any injury through its collision with a freight near Drummondville. Sir Robert, looking better for his rest of several weeks, proceeded to his home. There were no members of the cabinet at the station, probably because of the delay in the train's arrival. It is understood that the Prime Minister will resume his official duties tomorrow morning.

COURT MARTIAL PROCEDURE CAUSE FOR INVESTIGATION

British Committee Finds No Alteration in Law is Required But Better Instruction of Tribunals is Necessary.

London, Nov. 26.—(By Canadian Associated Press cable.)—The committee under the chairmanship of Mr. Justice Darling, inquiring into the procedure of government court martial finds, briefly, that what is chiefly needed is not so much an alteration of the law as a more effective instruction of tribunals. The difficulty was made during the war by the employment of expert court martial officers. The committee urges that this system be made permanent and do not find much ground for the complaint that prisoners are kept an unreasonable time in custody. Officers should not be discouraged from appearing on behalf of prisoners, although nobody should be allowed to secure a reputation for being constantly "prisoners' friend." No court of appeal is recommended.

Action of U. S. Shipping Board Over German Liners Cause of Annoyance

Liverpool, Nov. 26.—The Post says today that diplomatic negotiations are proceeding to bring matters to a head, owing to the attitude of the United States Shipping Board in refusing to hand over the seven remaining German liners, which action is said to be due to dissatisfaction with the decision of the Supreme Council in allocating the German tankers to France, Belgium and Italy. The newspaper says there is really no connection between the question of liners and the tankers,

In the absence of D. H. McDougall, of Nova Scotia, president of the Institute, the chair was taken by S. S. Fowler of Nelson, B. C.

The statement is made that in the future the mining men of Canada, through their official organization will make their voices heard on questions of government and policy bearing on the industry. Hitherto they have confined their activities largely to the economic and technical side of the mining business.

Two questions moved this morning and which were the subject of debate, concerned the proposed free importation of mining machinery with a fixed price for the product.

The convention continues for three days.

TURKISH QUESTIONS TO BE CONSIDERED BY CONFERENCE

After the Bulgarian Treaty is Signed Today Peace Conference Will Go Into Turkish Tangle.

Paris, Nov. 26.—The Turkish questions will be uppermost after the Bulgarian treaty is signed tomorrow. This will take place in the Hall of Ceremonies at the mayor's office at Neuilly. The British are understood to be urging that the conference of Turkish delegates be called during the month of December.

The French appear not to be anxious to hurry these negotiations and it is doubtful whether they will be held, the French not yet having given their consent for the calling of the conference in London as has been given by the British.

Reports reaching conference circles in the meantime indicate a state of anarchy throughout the territories of the old Ottoman empire, which makes some sort of action urgent.

Amsterdam, Nov. 26.—The Telegraf, quoting "an authoritative source," says both the Netherlands government, and former Emperor William of Germany still are confident that nothing will come of the report that there will be a demand for the extradition of the one-time emperor. The newspaper adds that former Crown Prince Frederick William who, it says, has less fear from extradition than his father, takes less matter more seriously. Charged With Traitorous Language Australian Chaplain Faces Trial

London, Nov. 26.—Father O'Donnell, the Australian chaplain, who was arrested on August 15, charged with traitorous and disloyal language, pleaded guilty when arraigned today. The court-martial adjourned after the testimony showed that the offence occurred at a hotel table at which other officers in uniform were present.

Father O'Donnell is charged with having said, substantially, on October 10, at Killarney: "We Australians fought for the independence and right of self-government of small nations, which is being denied the finest and oldest little country in the world by a few satellites of King George who are filling their own pockets at the expense of the working people, and whose hands are red with the blood of Irish patriots. A King and royal family are of no use to this or any other country. I had hopes that the recent railway strike was the commencement of a revolution in England, and the King, fearing the same thing, commanded Premier Lloyd to quash it with a firm hand."

TRIAL OF EIGHT STRIKE LEADERS AT WINNIPEG, CHARGED WITH SEDITIONOUS CONSPIRACY, BEGUN

Robert B. Russell, the First of the Eight to Face the Jury—The Empanelling of the Jury Goes on Slowly as Peremptory Challenges Are Being Widely Employed by Counsel for Defence—The Selection of Jury Long Drawn Out.

Winnipeg, Man., Nov. 26.—The indictment against the eight strike leaders for seditious conspiracy was "split" at the afternoon session of the trial today, and, at the instance of the Crown, the trial of Robert B. Russell, one of the eight, was proceeded with singly.

The decision to try Russell separately followed an argument concerning the number of challenges that the defence would be entitled to if the eight were tried together.

Immediately following this decision the number of challenges that the defence would be entitled to if the eight were tried together. It was 3.45 p. m. when the Court commenced calling the jurors, and when two of the jurymen was sworn in, twenty-five had been called and out of this number three had been peremptorily challenged by the defence, and nine had been ordered to stand aside by the counsel for the Crown. The remainder were waiting to come up to be sworn.

Challenge Jurors.
In several cases, E. J. McMurray, counsel for the defence, who conducted the selection of the jury for the accused, challenged jurymen on grounds of favor, when two of the jurymen had already been sworn in were named by Mr. Justice Metcalfe, presiding judge, to hear the evidence as to whether the men were competent to sit on the jury or otherwise. In one instance they returned a verdict in the affirmative, and the man was sworn in; in another they returned a similar verdict, and the prospective jurymen was peremptorily challenged; and a third they found the man incompetent to sit on the jury. This is the third time in the history of the Province that the selection of a jury has been taken to such an extreme.

W. A. Pritchard, one of the accused, whose absence during the trial this morning, appeared in court this afternoon.

D'Annunzio Is Ready For Raid On Trieste

Rome, Nov. 26.—The Socialist organ Avanti today warns the government that Gabriele D'Annunzio is preparing a surprise descent on Trieste. The newspaper says that D'Annunzio abandoned his original intention of effecting a landing at Ancona, but recently sent emissaries to sound local officers at Trieste, giving ground for the belief that the poet is aiming at the establishment there of a militarist government.

DETERMINED TO ANTAGONIZE THE UNITED STATES

Members of the Cabinet Believe Mexico's Delay in Answering Note is Plan to Further Strain Relations.

Washington, D. C., Nov. 26.—Members of the Cabinet expressed belief today that the Mexican government's delay in replying to the American note, sent more than a week ago, demanding release of Wm. O. Jenkins, consular agent at Pueblo, was part of a deliberate plan to still further antagonize the United States.

This belief was based largely upon official information from Mexico City that officials there were endeavoring to spread the report that this country was on the verge of a revolution, and that by holding up the reply Mexicans could offer substantial aid to the "revolutionists."

Mexican agents in the United States the advice said, had been sending home highly colored and wildly exaggerated reports concerning domestic conditions, the steel and coal strikes being cited as glaring evidence of industrial unrest.

There was no report from the embassy at the Mexican capital to add already received heretofore, all of which showed that Jenkins was still held in the penitentiary on charges of having been implicated with the bandits who took \$150,000 from him after he had been kidnapped. One despatch from Mexico City said the Mexican Senate had decided to ask President Carranza for full information on the Jenkins case, and this was taken to mean that no reply might be expected until the Senate had given it some consideration.

TAGEBLATT SAYS GERMANS ACTED ABOVE BOARD

Denies Holding up Ten Days Clemenceau's Stern Note on Question of German Prisoners.

Berlin, Tuesday, Nov. 26.—(By the Associated Press)—A rumor that the German government, fearing trouble over the stern note on the question of German prisoners written to the protocol mission at Versailles by Premier Clemenceau, held up the note for ten days, is denied by the Tageblatt today.

The newspaper says that it learns that this note was not handed to Herr Von Simson, head of the German mission, until after his second conference with Paul Detsica, secretary of the peace conference, after which the German head and his party immediately left Paris, not having any instructions as to a final determination of the question of prisoners.

With reference to the note the Tageblatt says that once more Premier Clemenceau uses his repellent tone, "charged with unquenchable hatred." The article concludes with speculation as to whether the note indicates that the German prisoners will be returned after the formal ratification of the treaty, or whether it is intended to hold them indefinitely.

According to the Berliner Zeitung Herr Von Simson, who went to Paris as head of the mission in connection with the protocol to be signed prior to formal promulgation of the Peace Treaty, will not return to the French capital. Baron Kurt Von Lersner, the chief representative of Germany in France, has received fresh instructions which will lead to the resumption of the interrupted negotiations, the newspaper declares.

Under the chairmanship of Mr. Justice Darling, inquiring into the procedure of government court martial finds, briefly, that what is chiefly needed is not so much an alteration of the law as a more effective instruction of tribunals. The difficulty was made during the war by the employment of expert court martial officers.
