Now a complete truck

HEREAFTER Ford One-Ton Trucks may be bought complete with bodies and cabs, ready for the road. The chassis may still be purchased separately.

But, in most cases, the Ford Truck will be sold as a complete Ford job. The body as well as the chassis will be planned to give Ford service.

This radical step in the production of Trucks is being taken to insure the utmost efficiency from the Ford Truck; to give the purchaser Ford value in every part of his truck; to produce better bodies at lower prices.

Two Standard Bodies

The two types of Truck bodies most widely used are the Stake and in the Enclosed Cab of the Ford Truck.

This can can be closed up tight

These types will be kept in stock, set up, painted (or in the lead) and ready for prompt delivery.

They have oak floors, sills of seasoned hickory and specially designed forgings and castings.

The construction at every point provides for rough usage such as every truck is bound to get.

This cab can be closed up tight, or perfectly ventilated. It has sliding windows and two-way double ventilating windshield.

These complete Ford Trucks are on sale NOW.

Call and learn what it will cost to use them in your business. Look them over carefully. See how they outclass other Trucks in every detail.

Thompson & Firth, Dealers, Kitchener

This Maxwell Truck has 25,000,000 miles behind it

NE thousand times around the equator is about the mileage of all Maxwell trucks now in use. What this tremendous mileage has taught

may be found in the Maxwell truck you buy today. For the keen engineering done in this remarkable

carrier of freight has not been laboratory engineering but road engineering. That is why the Maxwell is so practical, why it

is so hardy, why it seldom needs mechanical attention, why it is always a delight for engineers to look It is every man's truck. It is not a road rolling monster. Neither is it light and flimsy. It will carry 80% of the different kinds of loads conveyed by horse

Surprising, of course, is the chassis price-\$1550 f.o.b. Windsor; several hundred dollars less than any other truck of similar capacity. Quantity production is the reason for this.

Pays for itself as it runs. See it and save.

MAXWELL MOTOR CO. OF CANADA, Limited, WINDSOR, ONT.

> GERMS BY "CATARRHO-ZONE"

playing field will take on its wengroomed appearance. The diamond will be moved in about 35 feet closer to the grand stand, affording the fans a better view of the games.

Proposal to Close in May.

Wedgesday afternoon closing of the retail stores is being discussed by the clerks and the owners of the stores. The proposal is to begin with the same in May, thereby adding one month to the months of previous years when there was afternoon closing. The proposition has met with general favor so far, most of the retail business men having signed the agreement. A meeting will be held soon when it is hoped to definitely decide the question.

To catarrh victims we have just one word of advice—cure it now. The remedy is "Catarrhozone." That it will cure permanently you cannot doubt. Catarrhozone has cured thousands; it will cure you, too.

It acts in two ways: First, it destroys the germ—that checks the progress of the disease. Its second action is to heal the sore places the germs caused. Nice to think of breathing little drops of healing to every part of the lungs, bronchial tubes and nasal passages. It is such absolute thoroughness that makes Catarrhozone so effective in grippe, catarrh, and colds. Then by its sedative influence upon the mucous surface it clears away the cough and throat tenderness very quickly. We owe something to a science that has given us Catarrhozone—that wonderful remedy which so surely enables us owe something to a science that has given us Catarrhozone—that wonderful remedy which so surely enables us to permanently cure disease of the breathing apparatus. We all know that stomach dosing is uzeless, and this departure in the mode of treatment is an advance in medical science that everybody can appreciate and value. Complete outfit of Catarrhozone, which is guaranteed to cure any case of catarrh, asthma, bronchial or throat troubles, lasts three months. throat troubles, lasts three months, price \$1.00; smaller size, 50c; trial size, 25c; sold everywhere.
