A VALUABLE PERIODICAL.

"Current Literature," is planned to cover the field of home and foreign literature. It is a necessity to every reader and thinker in the language. It keeps close step with progress, faithfully reflects prevailing sentiment and literary style, compasses more research, and gives a greater variety of reading matter than any periodical now published in the world.

Opinion of Joel Chandler Harris:
"Current Literature" shows in a higher degree than ever the extraordinary editorial art that has made this magazine famous. No such editing as here manifests itself has ever been seen in this country before, and we may say that no magazine of such interest has ever before been published in any country. It covers the whole literary field. It had no predecessor, and it cannot possibly have a rival.

FOR SALE BY ALL DEALERS.

Subscription \$3.00 each. \$5.00 for both Publications.

THE NEW MAGAZINE OF FICTION.

"Short Stories" is planned to cover the story-telling field of the world and its selections will be of the best procurable in all the various languages. One of the strong features is the original department of "The Etching." Another is the collection of the Famous Short Stories of the world. These great masterpieces of fiction are alone worth the subscription price, many of them being practically out of print. As an exponent of story-telling style this magazine is without a rival.

The new periodical of cosmopolitan fiction—"Short Stories"—has adopted the highest standard for literary merit and entertainment, and is edited very critically to maintain it, and will not only gratify but cultivate it.—*Boston Globe.*
