

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound.

Canifton, Ont.—"I had been a great sufferer for five years. One doctor told me it was ulcers of the uterus, and another told me it was a fibroid tumor. No one knows what I suffered. I would always be worse at certain periods, and never was regular, and the bearing-down pains were terrible. I was very ill in bed, and the doctor told me I would have to have an operation, and that I might die during the operation. I wrote to my sister about it and she advised me to take Lydia E. Pinkham's Vegetable Compound. Through personal experience I have found it the best medicine in the world for female troubles, for it has cured me, and I did not have to have the operation after all. The Compound also helped me while passing through Change of Life."—Mrs. LETITIA BLAIR, Canifton, Ontario.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to suffering women.

ing, especially during the busy times, when a man is perhaps unable to attend to his chores at the proper time, that a little assistance from his fair partner would be highly appreciated, and in many cases I believe would be conducive to the interests of both and would likely add to the happiness and comfort of their home. Of course, I am aware that there are some men who would not probably give the wife the credit she deserves for her assistance, but I think they are few and far between. "Blue-bell," of the October number, certainly seems to have broad minded and reasonable views on this subject, which should ensure complete happiness between husband and wife. The long winter evenings are with us once again, and I would like to open up correspondence with some of the readers of the fair sex, and I will promise to answer all letters promptly. My occupation, farmer; height, 5 feet 9 inches; weight, 150 lbs.; hair brown, eyes brown, and have seen 30 summers.

Thanking you, Mr. Editor, for taking

to have as a motto "Forward!" One of the first things I notice is the good selection of advertisements that are always to be found in this journal, and I am sure the firms who advertise in your paper have good reason to be pleased. Being from the Old Land, I naturally turn to the "Scotch Column," and always find some good food for thought. The next to get attention is usually the "Philosopher," on which page I am sure to find something pithy; then the "Young Man and His Problem," where there is always to be found splendid advice. I often wonder how many of the young men take these things in and think about them. Hope I have not talked past my time, as old folks are apt to do, but just before stopping would like to say I notice an article, "Doing Men's Work," which I must read to the old wife just to let her see how well off she is. If some of the young fellows could see us now, they would not think that homesteading is such a bad job after all. And I am sure it is fine to know the place

Although, as a whole, I appreciate all of the magazine, I am particularly interested in the "Young Man and His Problem," "The Philosopher," and the "Correspondence."
