

“You’ve
been using
my
Pebeco!”

JUST as bodily health causes a healthy, wholesome complexion, so *mouth* health keeps the teeth sound and white and the breath untainted. The finest complexion, the most engaging personality, suffer a terrible handicap if teeth and breath are bad.

Pebeco keeps good teeth lustrous, pearly, immaculately white, because it overcomes the mouth-acids that *cause* decay and discoloration. For though you do not realize their presence, yet the chances are 20 to 1 (so dental authorities agree) that the acids in your mouth are slowly eating into your tooth enamel and making openings for the decay-germs to enter and make cavities in the softer interior of the teeth.

Pebeco is specially made to overcome this all-but-universal acid condition of the mouth, as well as to do all and more than ordinary “toilet article” dentifrices do in cleansing, polishing and whitening the teeth. Its superiority as a complete dentifrice is due to this *double* service. Pebeco cleans the teeth and *saves* them.

Send for FREE 10-Day Trial Tube and Acid Test Papers

and prove by actual test that Pebeco Tooth Paste is a scientific tooth preserver, and a beautifier and purifier of the breath, the use of which is a distinct pleasure. Pebeco originated in the hygienic laboratories of P. Beiersdorf & Co., Hamburg, Germany, and is sold by your druggist in extra-large, economical tubes that save money as well as teeth. Try it.
