Caroline For V.P.

CAROLINE RAY

Wauneita Society has two nominees for the position of vice-president. One of them is Caroline Roy, a first year student enrolled in Physical and Occupational Therapy.

Throughout her high school years in Winnipeg and Calgary, Caroline has held many executive offices. In Winnipeg, she was president of her

church's Young People's Association and secretary-treasurer of the Charity Council and Glee Club in her school.

On moving to Calgary last year, she helped organize, and became president of, a second Anglican Young Peoples' Association. Active in Hi-Y she served as vice-president on the city-wide Hi-Y council and was weekend chairman of the "Leadership" conference. As a member of Beta Sigma Phi International Sorority, she was social convener for her chapter.

This year she is again active in Beta Sigma Phi. As a freshette representative on Wauneita Council, she is co-convening the Big and Little Sister Program for 1963-64, which is the major project of the Wauneita Society.

Caroline is keenly interested in Wauneita. To her it is a valuable part of university life. She thinks that its activities in the future should be planned to make the individual co-ed feel a significant and important part of this great society.

A Calgary student it's true
And for V.P. she sure will do
'Cause as Freshette Rep
She has plenty of pep
And that's what I want—don't
you?

Cathy Whelihan
Wauneita President

I have been greatly honored in being chosen to act as President of the Wauneita Society for the ensuing Frosh Week, an exciting Wauneita those who nominated me for this position, and to Liz Wilson, my campaign manager. I will do my very best to discharge the duties of this office to your satisfaction and to maintain the high standard of leadership set by the former Presidents. I ask your support and cooperation in order that Wauneita may enjoy a successful 1963-64 year.

Donna For V.P.

DONNA FRASER

The Vice-President of Wauneita is able to do much to aid the President in the efficient and effective running of the Wauneita Society. She should be ably-equipped to assume the duties of the President wherever necessary, and must be a person interested in and familiar with the activities and organization of the Society. Therefore, previous experience on Wauneita Council and in other organizations would be a definite asset.

I as a candidate for the office of Vice-President of the Wauneita Society would like to see stronger support developed amongst the co-eds for the Big and Little Sister Program, more participation by the women students in Wauneita and other campus activities, and continued and if possible increased co-operation among the Wauneita Society, Pan-Hellenic Society and the Women's Athletic Association in providing for the needs of the women students on this campus.

Because of the experience gained from participation in various campus activities, I feel that I can capably fulfill the duties.

Donna Fraser

Donna is a second year Education student, whose home is in Edmonton. Her activities include serving on Wauneita Council for the past term;

Education Undergraduate Society, which also involved being Chairman of the Education Winter Carnival Queen Campaign; Secretary of SUB Expansion for two years; Public Relations Secretary; and participation in and support for such campus activities as intramurals, Treasure Van, Blitz Day, and VGW.

Elaine For
Secretary

Nominated for the position of Secretary-Treasurer of the Wauneita Council, Elaine Sereda is in Science 2. In her first year on campus, Elaine worked on the Wauneita Council as a Frosh representative, and helped to revise the Big and Little Sister Program. This year, she is taking an active part as Arts and Science representative.

Elaine participated in many high school clubs and activities. She was Treasurer, then President of St. Mary's Girls' Student Union, as well as assistant editor of the school yearbook. As enthusiastic sports fan, and not only a spectator, she was know for her frequent head-on collisions in intramural broomball.

For Wauneita functions, she would like to see a continued effort to en-

My assigned task is to outline my views on the present election campaign.

Before I begin, I remind you that this was written before nomination day. Further, by bylaw the Students' Union president is prohibited from any campaigning whatsoever. Also, most of my observations are directed to the Students' Council and Directors' Circle posts—including the faculty representatives which you will choose following the campus-wide elections.

1. The key consideration is that student government next year and in succeeding years must be **STRONG**. This year was one of transition in that SUB expansion, digging for money, new ideas, and re-organization of Students' Council for increased efficiency took a great deal of time. As well, we were faced with the unexpected death of Mr. Walter Dinwoodie, our business manager.

If anything, next year will be even more difficult as a new chief busi-

ness manager will have to be broken in, and final decisions made for SUB expansion.

2. Your representatives should be prepared to work with the SUB expansion committee. They must be ready to work to try to catch up in some measure to the knowledge now possessed by that committee. Otherwise, next year's council could be handicapped to the extent that no progress could be made on the building.

3. Your choices should have some knowledge of NFCUS, if Alberta is to play a strong role in our national federation. Each students' council is the NFCUS council for each Canadian university.

4. Hard workers should be elected. They must be intelligent, able to get along with others, and ready to lose a few points from their high (preferably) academic averages.

5. Finally, I must disagree with the editor of the Ubysey who thinks campus politics should be mere "fun." I am the first one to appreciate a keen sense of humor, or any type of "fun" you'd care to name. There is indeed room for humor in student government. But I would not place too much responsibility in the hands of anyone who thought spending \$250,000 a year and watching over assets of \$1,000,000 was "a big joke."

Evaluation of new projects undertaken this year will have to be made; for example, the switch of the year book contract from Edmonton to Winnipeg to save \$10,000; the holding of a Blitz Day for the United Campaign Fund; whether the charter flight to Europe is worth while; the Directors' Circle for Students' Council; incorporation of the Students' Union; the TGIF dances; use of IBM facilities for student activities; joint council meeting with Calgary; student housing investigation. Many improvements can be made.

Negotiations should continue with the graduate students over fees, as their \$5 pledge is only "interim" and will increase in accordance with their interest in SUB facilities. Finally, preparations must be made for a first rate National NFCUS Congress here next fall.

This is just part of the picture. Therefore, you can see why I ask you to elect a strong student government for next year.

gress could be made on the building.

This long-life committee is something new for student government at the U of A, as in the past the personnel for every committee has been set up afresh each year. Fortunately for the project, Iain Macdonald agreed this year to take the job for two years, forsaking other fields.

Loraine For
Secretary

The Wauneita Society is the only tie between co-eds on our campus. Because of this, I feel that to have a successful program for the minority group on campus (females) a strong and active society is needed. To this end I would endeavour to bring to the co-ed more adequate functions throughout the entire year.

In seeking election as secretary-treasurer of Wauneita I would provide for the co-ed a meaningful Frosh week, an exciting Wauneita Formal, and many other such activities that will make the lives of the co-eds on campus more successful. To this end I solicit your vote.
