# Beavers, Mermaids

This evening at 7.30 signifies

Before the Christmas vacation these two teams met in Saint John in a highly contested meet, when the Mermaids gained victory and the Beavers lost out by a slim margin. However, we may take heart in the fact that this By the improved competition, meet was primarily concerned Coach Kelly is confident that his with acquainting the many new members on the Mermaids' and Brunswick-Prince Edward Island Beavers' teams with the rules, sity game 7:15, Varsity game 8:45; Saturday—Junior Varsity Which will open for the Devils with the rules, tensions and procedures of a swim meet. This experience togame 2:30, Varsity game 4:00 on January 23 at St. Dunstan's gether with the rigorous training cleverly directed opposition by the UNB athletes.

Performing tonight for the Beavers will be free-stylers Paul Brodie, Charles Daughney, Steve Jones and Charles Sullivan; breast-stroker Herb Mitton; backstroker Jim Hayden; and diver Jerry Shaw will also be ready. Out of action this evening due to a muscular disorder will be team captain Wayne Barry, who is noted as an outstanding free styler. Supporting the Mermaids' contingent will be Janet Campbell, Ann Selig, Sandy Kilburn, Ursula Rodewicz, Georgina Elton, Carolyn Stewart, and Heather Worsley.

Major meets in which the UNB water teams will participate are scheduled to occur in such widely separated centers as Montreal and Halifax.

Sunday 2:30-3:30 Varsity Swim practice Free Swim 3:30-4:30 period

ATTRACTIVE CAREERS In The

METEOROLOGICAL SERVICE

1960 GRADUATES IN ARTS OR SCIENCE

A Federal Government Recruiting Team Will Be Here JANUARY 21 and 22

To interview — and select — 1960 graduates for careers as Meteorologists and as Meteorological Officers.

The starting salary for Meteorologists is \$4560, for Meteorological Officers, \$4380.

For consideration as Meteorologists, candidates must have an honours degree in Physics, Physics and Mathematics or Engineering Physics while a pass degree in Arts or Science is sufficient for those competing for Meteorological Officer provided they have several credits in physics and mathematics beyond the senior matriculation level.

Training in Meteorology Provided

**Numerous Opportunities** for Advancement

To arrange interviews, contact

UNIVERSITY PLACEMENT OFFICE preferably before above dates

The University Placement Office has descriptive folders, posters and application forms.
