Dear Sirs:

Mr. W. L. Mackenzie King has asked me to let you know that a Canadian publisher, Thomas Allen of Toronto, has arranged to bring out a special edition of "THE SECRET OF HEROISM", for sale in Canada, making use of the plates which you returned to Mr. King some time ago.

In going over the plates, it is found that the cuts for the two illustrations in the volume are not included with the others. One of the illustrations, the frontispiece, is a photograph of Henry A. Harper, bearing his signature underneath; the other is a photograph of a Sir Galahad monument erected in Ottawa, and appears opposite page 18 in the book.

Mr. King would like to know if these cuts are still in your possession. If you have them at hand, he would be obliged if you would send them direct to Mr. Thomas Allen, 219 Victoria Street, Toronto, at the same time informing both Mr. Allen and himself that the cuts are being forwarded. If the cuts are not in your keeping, perhaps you will have some record of the disposal made of them.

Yours very truly,

Private Secretary.
