

- Q148. - Read from Page 4 of the Summary of Evidence, "After a few minutes in bed Pte DOUCET called me and when I came over the covers were thrown off Pte DOUCET and I saw Sgt JOHNSON's hand placed upon the penis of Pte DOUCET. After I had seen this he told me the time which was 2325 hours. He then got up and left the Battalion Orderly Room". Is that a correct version of what you swore to at the time of giving the evidence? How did you fail to disclose this information of manipulation at the time of the Summary of Evidence? When did you start to think about it, last Sunday?
- A148. - Yes, there were points brought up that I recalled between then and now that I never stated in the Summary of Evidence. I was not in bed when DOUCET called.
- Q149. - Sgt JOHNSON's hand was in the passive state on DOUCET's penis. You swore today that there was manipulation going on?
- A149. - I saw the whole thing carried out.
- Q150. - You mention nothing of the manipulation in the Summary of Evidence?
- A150. - No, sir.
- Q151. - When did you think of it?
- A151. - Last Sunday.
- Q152. - Who was present?
- A152. - The Prosecutor, Pte DOUCET, Cpl BURTON and myself.
- Q153. - Who suddenly remembered the fact of manipulation, not the prosecutor, so you or DOUCET recalled this, which neither of you mention in the Summary of Evidence?
- A153. - DOUCET remembered sir.
- Q154. - You immediately remembered then?
- A154. - Yes, sir.
