

- JOHNS HOPKINS HOSPITAL autopsy records, 394
cases, 671
- KELLY sanitarium cases, 671
- Kidney, changes in, at autopsy, in myoma cases, 397
complications following abdominal hysteromyomectomy, 657
dilatation of pelvis of, with myoma, 397
diseases of, abdominal hysteromyomectomy in, 625
miliary abscesses of, with myoma, 397, 422
misplaced, with myoma, 465
nodules in, with myoma, 465
removal of, subsequent to injury of ureter, 383
retention cysts in, 427
tuberculous, removal of, after hysteromyomectomy, 384
- Kidney-shaped myoma, 4
- LABIAL cyst with myoma, 438
- Lateral anastomosis where extensive intestinal adhesions exist, 635
- Left to right abdominal hysteromyomectomy, 606
- Legs, edema of, with myoma, 450; after abdominal hysteromyomectomy, 658
- Leukocytosis following abdominal myomectomy, 553
in myoma cases, 152
- Leukorrhoea with submucous myoma, 571
- Ligament, broad, abscess in, after abdominal myomectomy, 553
adhesions to, with myoma, 354
alterations in, associated with myoma, 354
dilatation of vessels of, with myoma, 354
dilated lymph-spaces in, with myoma, 355
hematoma in, during abdominal hysteromyomectomy, 623
myoma of, 354, 510
sarcoma in, secondary to myosarcoma of uterus, 195
thickening of, with myoma, 355
used to cover over myomectomy incision, 525
- Ligaments, round, adenomyoma of, in myoma cases, 364
alterations in, with myoma, 361, 362
employment of, in suspension of cervical stump in abdominal hysteromyomectomy, 598, 603
hypertrophy of, with myoma, 363
myoma of, 363
- Ligaments, utero-ovarian, adenomyoma of, in myoma cases, 360
changes in, with myoma, 356
cysts of, with myoma, 356
myoma of, 358
secondary sarcomatous nodules in, with myoma, 360
- Ligation of ureters, accidental, during hysteromyomectomy, 382
- Ligature, passage of, from cervical stump into bladder, 375
slipping of, with hemorrhage, during abdominal hysteromyomectomy, 623
- Lipoma of abdominal wall associated with myoma, 461
- Lipomyoma of uterus, 162
- Lips, cervical, edema of, with myoma, 441
- Liquefaction of hyaline myoma, 88, 89, 103, 104
- Liver, and myoma, adhesions between, 464
condition of, with myoma, 464
metastases in, from adenocarcinoma of uterus, 408
myosarcoma of uterus, 176, 201
sarcoma of, secondary to sarcoma of uterus, 234
thickening of, associated with myoma, 464
- Lobar pneumonia after abdominal hysteromyomectomy, 669
myomectomy, 555
- Lumbar glands, metastases in, from sarcoma of uterus, 222
- Lungs, abscess of, and bronchopneumonia, after hysteromyomectomy, 682
metastases in, from adenocarcinoma of uterus, 408
from myosarcoma of uterus, 176, 195, 220, 234
from squamous-celled carcinoma of cervix, 399
septic infarction of, with sloughing submucous myoma, 422
- Lymphatic activity in parasitic myoma, 14
- Lymphatics, omental, dilatation of, 14, 20, 22
uterine, dilatation of, associated with myoma, 72, 76
- Lymph-channels, dilated, in myoma cases, 123
- Lymph-glands, bronchial, metastases in, from adenocarcinoma of uterus, 405
from squamous-celled carcinoma of cervix, 399
- cervical, metastases in, from adenocarcinoma of uterus, 405
from myosarcoma of uterus, 195
- inguinal, metastases in, from adenocarcinoma of body of uterus, 405
