**ARABS PLAN EMPIRE.**  
Appeal to European Powers and U.S. to Remain Neutral.

Damascus, Feb. 13.—A great national Arabian movement is at present in progress in Mesopotamia, Syria and Palestine, the object of which is indicated by the motto adopted by its executive committee: "Arab Countries for the Arabs."

Branch committees have been formed in all of the chief towns of these three countries whose operations are directed from Egypt and Europe.

The ultimate aim of the leaders of this movement is to establish a great Arabian Empire free from the tyranny of the Turk, governed by a constitutional and liberal monarchy of which the head shall be an Arab Sultan. Incidentally, it is hoped to help in the liberation of the other oppressed nationalities at present within the Turkish Empire.

An appeal has been addressed to the European powers and the United States begging them to remain neutral in respect to the Arabian national movement, the leaders of which undertake to assume and maintain all the international obligations and guarantees of the present Turkish Government relative to the Christian churches and peoples of the Near East.

## RECEPTION TO DR. REAUME

Minister of Public Works Promised to Administer For the People.

Windsor, Feb. 13.—Friends, neighbors, political allies and political opponents to the number of nearly 500 gathered in the old Masonic Temple here Saturday afternoon for the purpose of extending congratulations and best wishes to their fellow-citizen, Dr. Joseph O. Reaume, M.P.P., upon his election to the Whitney Cabinet. The reception was participated in by nearly every prominent Conservative in the riding of North Essex.

President Coda, after stating the object of the meeting, explained that, owing to the necessity for Dr. Reaume's immediate return to Toronto, a formal welcome and reception had been arranged for a later date. He then called upon Dr. Reaume, who was received with cheers and the greatest enthusiasm.

After thanking his friends for the loyal manner in which they had supported him in the late campaign, the new Minister said that he had not come to Windsor to discuss political issues. As regards his new duties in the Cabinet he could only say that the promises made in the campaign by Dr. Whitney to give a clean and honest Government to the people of Ontario would be carried out in their entirety and that so far as his own department was concerned he could only say that all his actions would be in full accord with his leader and that he would do his utmost to conduct the Department of Public Works as it should be done for the best interests of the people. He would return to Windsor in time for the bye-election on the 21st inst., he said and he trusted to be returned by acclamation.

Stirring addresses were also delivered by Dr. H. R. Casgrain, Mayor Wigle, Solomon White and others.

The Hon. James Pliny Whitney of the Village of Morrisburg, in the County of Dundas, one of His Majesty's counsel learned in the law, to be Attorney-General of the Province of Ontario, in the room and stead of Francis Robert Latchford, resigned."

And so on, through the whole list of Cabinet honors and retirements.

**WARRANT FOR LEECH'S ARREST.**  
Liberal Organizer For the Province of Manitoba Is Wanted.

Winnipeg, Feb. 13.—Nothing has yet been ascertained as to the whereabouts of Ross Leech, Liberal organizer for this province, and therefore the warrant for his arrest, charging him with mutilating the Provencher Dominion voters' lists, has not been executed.

Fresh arrests of returning officers for other constituencies are expected and Conservatives claim to have evidence sufficient to unseat every Liberal in Manitoba with the exception of Dauphin, which went by acclamation.

The case against Returning Officer Ayotte, whose sensational evidence implicated Leech in the trial of Deputy Returning Officer Kitson and two more of his deputy returning officers for Provencher, will be heard today.

**PANIC ON A TRAIN.**  
Crowded Second-Class C.P.R. Coach in Flames.

Peterboro, Feb. 13.—Friday night the occupants of one coach on the midnight C.P.R. express from Toronto to Montreal had an early morning experience and a narrow escape. Between Burketon and Peterboro it is supposed that an oil lamp exploded, setting fire to a second-class coach filled with passengers, and when the train reached Peterboro it was in flames. There was a stampede, the passengers rushing to another coach and leaving their baggage behind them. Here the coach was run on a siding, and the fire brigade called out extinguished the flames before it was completely destroyed.

### STORM IN U.S. WEST.

Great Loss of Cattle Predicted—Fear in Cities Suffer.

Kansas City, Mo., Feb. 13.—Reports last night from Missouri, Minnesota, Kansas, Nebraska, Iowa, the Dakotas, Colorado, Wyoming, New Mexico, Northern Texas, Indian Territory, Arkansas and Oklahoma, say that unusually cold weather prevails. High winds prevail in many localities, drifting the snow badly and delaying railroad traffic in all directions.

At Moran, water tank, Kansas, yesterday a Missouri, Kansas and Texas double-header passenger train from Kansas City to Oklahoma City was wrecked. The water from the tank had formed a heavy coat of ice upon the rails which deranged the first engine, causing the second engine, two baggage cars and mail car to pile up. The engineer of the first engine was killed. From all parts of Oklahoma and Indian Territory come accounts of suffering as the result of the sudden northern storm, which began Saturday. The Territory is covered with a coat of ice and snow. Cattlemen say that range stock will suffer the greatest loss in years. In Northern Texas the worst blizzard in 10 years with the thermometer at zero and below prevails. The severe weather will inflict hundreds of dollars in loss to cattlemen. The poor in cities are suffering severely.

**Sunday's Big Snowstorm.**  
Toronto, Feb. 13.—Ontario was again in the throes of Boreas yesterday, when a severe snowstorm blew in from the southwest. The storm was a general one, and extended west to Windsor and into the United States and north to Georgian Bay. The observatory reported the storm to be general throughout Ontario, with a fall at Buffalo about the same as at Toronto—about eight inches. In New England they had rain instead of snow. The highest temperature yesterday was 35, one degree above freezing, and the outlook for westerly winds, turning very much colder, which will last for several days. The snowstorm extended to Quebec, and the storm signals were displayed in the Maritime Provinces, where gales are expected. Nova Scotia is to be visited with rain.

Fortunately, the snow did not fall heavily for any continued length of time, and both the C.P.R. and G.T.R. found no great difficulty in keeping their lines open.

**SHOT AT POLISH BISHOP.**  
Stranger Fired Two Revolver Shots At Bishop Kaminski of Buffalo.

Buffalo, Feb. 13.—An attempt to assassinate Bishop Kaminski of the Independent Catholic Church (Polish), was made Saturday night. Two revolver shots were fired at the bishop at close range, but he escaped uninjured. The would-be assassin escaped and no arrests have been made.

A stranger called at Bishop Kaminski's house late Saturday evening. He asked for the bishop, who at once went to the door. The stranger asked for money, and without waiting for a reply pointed a pistol at the bishop's head and fired. The bullet struck the door casing.

Bishop Kaminski hastily retreated to his study, followed by the stranger, who fired a second shot before the revolver was knocked from his hand by another occupant of the house. The stranger then ran out of the house and escaped.

The secession of Bishop Kaminski's Church engendered much bitter feeling among the Poles on the east side.

**CARS DERAILLED.**  
Accident On C.P.R. in Which Six Persons Were Hurt.

Ottawa, Feb. 13.—Six persons were injured in an accident Saturday forenoon on the Gatineau division of the C.P.R. The express bound from Manawatu to Ottawa was partly derailed near Low, two passenger cars leaving the track on account of a snow danger attached to the rear end running off. The cars toppled over and nearly went down an embankment.

The injured were: J. A. Cameron, Rockland, head bruised, hand badly cut; A. W. H. Gibson, Hull, nose broken, leg cut; Lewis Henry, Ottawa, cut in head and back; injured; Mrs. Thomas Grace, Ottawa, cut in face, teeth knocked out; M. Mahoney, Low township, head and chest injured; J. A. Gifford, Ottawa, left leg bruised.

The injured people were attended to by doctors from Wakefield and Ottawa.

**Aged Farmer Found Hanged.**  
Brantford, Feb. 13.—With head partly severed, the dead body of Joseph Jellis was found dangling from a rope in an outhouse at 304 Chatham street yesterday morning. Jellis was about 70 years old and some time ago sold his farm near Cainsville and came here to live. On Saturday morning he disappeared. It was not until noon yesterday that he was found. He was well off and there is no reason for his rash act. The coroner, Dr. Fissette, has investigated the case and decided to open an inquest to-day.

**Standard Oil Fights Kansas.**  
Pittsburg, Pa., Feb. 13.—The Standard Oil Company has taken steps to defeat the purpose of the Kansas Legislature, who have dared to take a step in the direction of public control of the oil business in that state. The 900 hundred men who have been made idle by the Standard will not be returned to work until the lawmakers of Kansas say they will be good and not molest the Standard any more.

**INTERNATIONAL FARMERS' AID.**  
Plan Meets With Favor in Austria, France and Italy.

Rome, Feb. 13.—Austria and France have given their adherence to the International Agricultural Institute, proposed to the King of Italy recently by David Lubin of Sacramento, Cal., and warmly welcomed by the King.

The plan is to hold a conference here on May 5 to consider the formation of an international body which will collect and furnish reliable statistics of crops and labor in all parts of the world, promote measures for the control of diseases of plants and animals, guide immigration movements, exercise influence in the furtherance of rural co-operation and the development of agricultural insurance and agricultural credit, and otherwise aid agricultural interests.

The Emperor Joseph and President Lubin warmly congratulated Mr. Lubin on the initiation of the movement.

**Welshmen For Canada.**  
London, Feb. 13.—(C.A.P.)—Much uneasiness is created in tin plate trade circles of Llanelli, owing to the determined efforts being made to establish the industry in Canada. Inducements are offered several well known Welsh manufacturers to open works in Toronto. Canada at present is one of the best customers of tin plate. A most notable feature is that the Sheffield cutlery trade exports to Canada in January, 1904, double those of January, 1904.

**To Enforce Bait Act.**  
St. John's, Nfld., Feb. 13.—Much disappointment is felt here over the rejection of the Bait-Bond Treaty. Newfoundland probably now will enforce the Bait Act against American vessels as well as against those of France.

**Palace of Peace Plans.**  
The Hague, Feb. 13.—The Weekly Journal of Architects says the administrators of the Carnegie Palace of Peace have decided to admit architects of all nationalities to the competition for the selection of plans and designs.

**Next Down For Three Years.**  
Ottawa, N.W.T., Feb. 13.—Owing to J. B. Davies was convicted Saturday at Regina. T. C. Jones, Crown prosecutor, called Messrs. Babbie, Boyd and McLeod, hotel proprietors of Virdee, Whitewood and Regina, respectively, whom Davies had got to cash drafts. He drew on a fictitious company. A. M. Trant counsel for accused, put up the argument that Davies had made no false pretence. Judge Newlands, however, ruled that giving a succession of such drafts when the accused knew they would not be met, was false pretence by conduct, and he sentenced Davies to three years in the penitentiary.
