There was a very fair market this morning in spite of the rain. The sheds have been torn down but the ladies had to stand outside. By next Saturday it is hoped that better accommodation will be provided for these ladies.

EMPIRE DAY

Hon. Dr. R. A. Pyne, Minister of Education has addressed a circular the inspectors inviting their co-operation in having "Empire Day," May 23, duly celebrated in all the schools. He says: The subject is especially important at a time when the British nation is at peace with the world, and when Canada is enjoying a large measure of prosperity due to a great extent, to the development of our resources, and the growth of intellectual and moral aspirations among our people. The principles of patriotism fostered in the minds of our young people should be such as will cause them to have an intelligent knowledge of those forces which have made the British nation what it is to-day.

Again We Score Victory.

The end of another concert year once more demonstrates the isolated supremacy of the

Heintzman & Co. PIANO

We count in the successes of the year such concerts and recitals as those of the Mendelssohn Choir, under Mr. A. S. Vogt; the Pittsburgh Orchestra; the People's Choral Union; Nordica, Queen of Song; Jonas, in his wonderful piano-recitals, and a host of others who were prominent in Canadian musical and social functions in Toronto, Montreal, and other leading centres of the Dominion.

All these and many others used exclusively the Heintzman & Co. Piano. The use of one of these famous instruments seems in fact to have been synonymous with success everywhere, and to quote another visiting artist, Burmeister, the famous pupil of Liszt: "I shall insist on having a Heintzman & Co. Grand Piano whenever I visit Canada."

This Splendid "Isolation"

FINDS AMONG ITS ENDORSERS THE FOLLOWING:—

Real satisfaction comes in the purchase of a piano that has a distinctiveness of its own—where no chances are taken—no experiment made—a piano with a record of half a century behind it, and that each year forges further in the lead. Such is a Heintzman & Co. Piano.

Take care of the stomach and the health will take care of itself. If people only realized the soundness of that statement the majority might live to a good old age like Moses, "the eye undimmed, the natural force unabated." It is in the stomach that the blood is made. It is from the stomach that nourishment is dispensed to nerve and muscle. If the stomach is "weak" it can't do its whole work for each part of the body. If it is diseased the disease will taint the nourishment which is distributed and so spread disease throughout the body. It was the realization of the importance of the stomach as the very centre of health and the common source of disease, which led Dr. Pierce to prepare his "Golden Medical Discovery." Diseases which originate in the stomach must be cured through the stomach. The soundness of this theory is proved every day by cures of diseased organs, heart, liver, lungs, blood, by the use of the "Discovery," which is solely and singly a medicine for the blood and organs of digestion and nutrition. It is a temperance medicine containing no alcohol, whiskey or other intoxicant.

It has passed all other standard typewriters in the number of machines now made and sold in the U. S., which shows its superiority at equal figures. As it is "made in Canada" from U. S. models and sold at U. S. price, you save the duty.
