Boys for Farm Help The managers of Dr. Barnardo's Homes invite applications from farmers, or others, for the boys who are arriving periodically from England to be placed in this country. The young immigrants are mostly between 11 and 13 years of age; all will have passed through a period of training in Dr. Barnardo's English Institutions, and will have been carefully selected with a view to their moral and physical suitability for Canadian life. Full particulars as to the terms and conditions upon which the boys are placed may be obtained upon application to Mr. Alfred B. Owen, Agent Dr. Barnardo's Homes, 50-52 Peter St., Toronto.

Get More Money For Your Hay

Because of the light hay crop there will be a big demand for well cured and neatly baled hay. Dain-baled hay is preferred by City Dealers, and brings topnotch prices, because the Dain All Steel Pull Power Press compresses hay into smoothest, most compact bales—straight-edged and dust-proof. By selling direct to City Dealer or Exporter you save Middlemen's large profits and expenses. You save freight, too, because perfectly-shaped Dain bales load the car to full capacity—10 tons or more. Only about 8 tons of irregular or ragged bales can be loaded on average car, but railway never charges for less than 10 tons per car.

Write to-day and learn about our co-operation plan, free to users of Dain Hay Presses, by which you can secure maximum profits from your hay. Answer following questions so we can advise you intelligently: 1—How many tons of hay have you, and in what condition? 2—How far from railway? 3—Would you like to own Dain Press and bale neighbors' hay as well as your own, or would you prefer some one else to buy press and bale your hay?

Dain Pull-Power Press

One horse; two horse; and Belt Driver; several sizes in each style. A Dain Press to suit every pocketbook. We are the largest hay-tool makers in the world. Success of hay growers is vital to us. All information and co-operation we can give customers is free to our patrons. Send for free catalog explaining construction in detail and showing why Dain Press is fastest, lightest draft, easiest operated and most durable.

"John, you're just the man I want to talk to. You know I'm going to build a new barn. And I don't want to make any mistake about the roof. I had too much trouble with the old roof. Always needing repairs. I guess there wasn't a year that I didn't have a lot of spoiled hay or something, on account of those everlasting leaks. This time I want a roof that won't leak like a sieve, and that'll last awhile!"

"Well, you can take it from me, Tom, Rex Flintkote is in every way the best roofing you or anybody else can get. After fifteen years my roof doesn't show a single sign any place of being any the worse for wear. Never cost me a solitary cent for repairs."

"Well, you've put it pretty strong, John. Now, what I want to know is why Rex Flintkote Roofing is best. You know there are two or three other roofings that are claimed to be the Best-in-the-World."

"Listen. You see Rex is made of long-fibre wool-felt. Now, wool-felt is something that lasts like eternity. Look how a good 'slouch' felt-hat wears—forever, almost. Then this hard-packed wool-felt is thoroughly saturated and impregnated with a special compound that protects against decay. Rain can't soak through that combination—the sun can't soften it—and it's proof against the action of the oxygen in the air, and all those things that so eat the life right out of other prepared roofings."

"That's good, John; now how about fire?"

"Send for a free sample. Try it with a live coal of fire—prove for yourself that Rex Flintkote won't catch fire. Just write to the manufacturers. They'll also tell you just what dealer to go to. And they'll send you free a mighty good book about roofing. Remember, look for the Boy trademark on every roll. Better write tonight, Tom, before you forget it. Here's the address:
