

Making Farming Easier

EVERY farmer agrees that it is a fine thing to apply scientific methods to farming, and to run a farm on a business basis. The Louden way is the truly scientific and businesslike way to save labor and to ease the day's work.

LOUDEN'S COW STALLS AND STANCHIONS keep your cows cleaner and healthier. Therefore the cows give more milk, and this means bigger profits. Stanchion construction is simple and perfect. Easily opened and closed, but absolutely secure when locked. They allow freedom of movement, and provide a maximum of comfort.

LOUDEN'S FEED AND LITTER CARRIER.

The only practical way to handle feed and litter, etc., is by overhead carrier—and the Louden equipment is recognised as being the last word in perfection.

Louden's carriers are of galvanized sheet steel on elevated steel tracks—run anywhere—round corners, in and out of doors—from one building to another.

LOUDEN'S BARN DOOR HANGERS.

We manufacture five styles of hangers to suit different purposes. We recommend Louden's Bird Proof Door Hanger—as illustrated. It is the strongest and most durable, and consequently the cheapest hanger in the long run.

The construction protects these hangers from ice in winter and nesting birds in summer. Can't rust, can't balk. Thoroughly reliable.

We have different styles of carriers and we will advise you as to the tracking suitable for your requirements. Write for information.

Our Book, "Perfect Barn Equipments," will be useful to you, as it illustrates and tells about many modern inexpensive articles that turn chores into play and cut down expense of farm labor—write for it to-day, it's free.

APPLE TREES

We are specialists in the production of hardy varieties for the north and cold climates. Our apple trees are budded on whole roots and grown on our nurseries (170 acres) at Pointe Claire, Que., under the rigorous climatic conditions of this section, and they are, therefore, superior as a stock for northern planters, both in the garden and the orchard.

Hardy Trees are what you want—they are what you must have if you want to make a success of your planting. At present we have a full line of all the best standard varieties on hand, and intending purchasers are urged to place their orders now while we have a full selection on hand.
