Acadian Liniment S a well-known vegetable compound, possessing a well concentrated combination of soothing and healing virtues, and has been extensively used throughout Nova Scotia for a number of years, and has proved itself to be one of the best articles in use for internal and external diseases

Inflammations or Pains seated in any part of the Diarrhœa; Bites and Stings of Insects;

Dysentery; Colds and Coughs; Chilblains; Toothache. For Diphtheria and Sore Throat it has particuarly proved itself to be the best article in use, having saved the lives of numbers of children and adults, especially during the past two years when

t has been so prevalent. It is equally effectual for Quinsy, and for Sick Headache; Rheumatism;

Felons; Ete. Pleurfsy; In Spinal Disease or Affection of the Spine it should be used in connection with the Nerve Ointment.

It will cure a Horse's Cough; Bruises; Cuts, and Wounds of every description, on man or beast, like magic; as well as all ailments for which Liniments are used. This preparation is recommended as a perfectly safe remedy, being entirely free from the opening ingredients so commonly found in WOODBURY BROS., the opening ingredients so commonly found in popular Liniments which render the patient so liable to take cold, which they invariably do. For internal use as a gargle it should be adulterated

with water.

Sold everywhere at 25 cts per bottle. Manufactured only by C. GATES, SON & Co. See certificates next month. Middleton, N.S.

HOW IT CAN GREATLY SERVE THE

PREACHER. There are scores of ways in which a clergyman will find this invention of the greatest service to him. It is important that the annual report of his labors, or that the treasurer's or secretary's report, or the report of some committee be placed in the hands of all members: in five minutes a child can take 100 or more copies from the original writing, each one a perfect fac simile. Thus days of labor, each one a perfect to bill is saved. Often a pastor will find it of great value to address personal letcan be prepared in a few minutes. Also procan be prepared in a rew minutes. The whole method is simplicity itself. We deem this method, after examination and use in our office, as far preferable to either the PAPYROGRAPH or ELECTRIC PRN, or any other of this class of duplicating processes. Its weight is less than 4 pounds. There is nothing about it liable to get out of order. The whole process is perfectly

There is a conflict between rival manufacturers for the patent for the process. This rivalry has run the price down to \$5.00. As soon, however. as the right to the patent will be determined, the successful claimant will most likely advance the price, as he will then hold a monopoly.
