HOARDING FOR OLD AGE

THE practice of saving is commendable, but recent events prove that hoarding idle money is never really profitable, nor is the placing of it in a Loan Company the safest way of providing for one's old age. The greed for gain, at the expense of safety, lures thousands of industrious citizens to financial loss and often ruin by accepting the offer of one per cent. more interest. If they would only be advised, that the safest and best investment for both old age provision and satisfactory returns is realized in a life insurance policy!

Invest in a Continuous Monthly Income Policy under the Endowment Plan with the Continental Life, which provides for your beneficiary and your own old age, without fail. It increases in value every year, and after twenty years gives you a regular unending monthly income for life. In event of your death before all the guaranteed payments have been received, they will be paid to your beneficiary for life. No speculation about this. What else is so safe, sound and certain?

See your nearest Agent of the Company, or write to either of the undersigned at Head Office for full particulars, stating your age at nearest birthday.

THE BEST BOOK OF 1917
Dr. Denney's

"Christian Doctrine of Reconciliation"

By far the best book of the past year is Dr. Denney's "Christian Doctrine of Reconciliation." It is by far the best book in the best world of books. Dr. Denney, while beloved, was by far the foremost theologian in the land, and while we bow to the will of God in this early removal of His greatly talented servant, let us always keep in mind the noble bequest of New Testament divinity he has left behind him: his "Death of Christ," his "Jesus and the Gospel," and, to crown all, his "Doctrine of Reconciliation." I cannot tell you, sir, all the expansion and elevation and exhilaration and gossipping of mind and heart that have come to me from my repeated readings of that masterly book. Read it again and again yourself, and then preach its New Testament doctrine all your days. I do not know any modern book that has so much preaching power in it as this book has. And no old book, however true and powerful, will speak to preacher and hearer in our days as Dr. Denney's "Reconciliation" will speak.
