COUNTY AND DISTRICT.

A petition has been signed by 58 voters of Tara village asking for a vote at New Year's to repeal local option in that village.

Hon. James Duff, the new Minister of Agriculture for Ontario, was born on the farm where he now resides in the township of Essa. He was born in 1856: and served in the township and country councils, and has been a member of the Legislature since 1894.

Dr. Hodgetts, of Toronto, who has been attending the big international tuberculosis convention at Washington, D. C., thinks that Canada is far behind the United States in fighting the white plague. Dr. Hodgetts also says that home treatment is as effective as sanitarium treatment, in many cases.

A syndicate of 14 farmers, all residents of the townships adjoining Owen Sound, have purchased the stables in connection with the Queen's Hotel, from Mr. John H. Moore of Kilsyth. The price paid was \$7,000. The stables will continue to be leased and managed by the Owen Sound Hotel Co. It is rather unusual for the farmers to interest themselves in securing stable accommodation in town, to the extent of buying the stables.

There is at least one business man in town who has lost all confidence in the meekness of the lamb. Mr. Peter Graff, one of our local butchers, owned a pet lamb and on Thursday of last week it decided to promenade the main street. In its travels it got in company with some little girls and followed them into the store of Messrs. Craig and Sangster. It evidently did not receive the courteous treatment from the clerks that is usually meted out to customers and in its hurry to exit, slammed the screen door against one of the large window-panes, breaking it to pieces. The cost to Mr. Graff to replace the glass was about \$4.00. The lamb has since been killed. — Tara Leader.

What might have proved a fatal accident happened last week on the farm of Mr. W. Armstrong, near Exeter. Thos. Smale was engaged in digging a well and was down about sixteen feet. Several small children were playing near the well and although warned to keep back, one child about ten years old, son of Geo. Jeffery, had gotten near the mouth and stepping on a board which upturned the lad fell headlong into the well. The fall was partially broken by slightly striking Mr. Smale on the neck and head and the little lad landed headfirst into the empty bucket. He was quickly taken to the top and is now able to be around again. Mr. Smale and the little lad are to be congratulated on escaping from what would seem certain death.

The potato crop is no longer what it once was in Ontario, and the Province of New Brunswick is being enriched by the failure here. This year's yield in the river counties of New Brunswick is reported to be slightly above the average, and the farmers who went heavily into this branch are reaping fortunes. One man in Aroostook put in 125 acres and the yield has been 120 barrels or 300 bushels per acre. He has sold out the entire crop at \$1.25 per barrel, and received from his one hundred acres the sum of \$18,750. This is an exceptionally large crop, but there are many instances of farmers putting in from sixty to one hundred acres and taking as high as four hundred bushels per acre. Prices will be falling pretty soon but will not go below 90c per barrel to the farmer. In the Canadian West the average wheat yield is twenty bushels, which brings the farmer about 80c per bushel at the most. He thus receives \$16 per acre as against \$140 or more per acre for eastern potatoes. New Brunswick growers are now rapidly securing the entire Montreal potato trade, and are reaching for the markets of Ontario cities. There is always a strong and steady demand, and within the last two years the New Brunswick farmers have placed themselves in a better position to take advantage of the best prices by providing proper potato cellars and cold storage. The potato boom is so favorably looked upon that scores of hitherto abandoned farms are now being taken up and worked. All that is still desired is a foreign freight rate.

FARMS FOR SALE

In order to wind up the estate of the late Noah Wenger, of the Village of Ayton, Township of Normanby, County of Grey, the following farm lands are offered at private sale.

Parcel No. 1 consists of parts of lots 14 and 15, Con. 9, and part of lot 14, Con. 10, Township of Normanby, comprising 167½ acres, of which 60 acres is a good hardwood bush. The buildings are a good bank barn, 72x82 ft, centre posts 36 ft high. Stone stabling underneath capable to accommodate 50 to 60 head of cattle and 8 to 10 horses. A good frame sheep stable and wagon shed, a good pig stable and a good frame house. A strong spring of fine water near buildings, so that neither pump nor windmill is necessary.

This parcel is bounded on West by G. T. R. and Ayton station in said R. R., and North by Saugeen River and Village of Ayton, on East by Wenger's Mill pond.

Parcel No. 2 consists of East part of Lot 16, Con. 9, Township of Normanby, comprising 50 acres, half of which is bush.

This Parcel is bounded on West by Wenger's mill pond, on North by Village of Ayton, on east by sideroad. No buildings on this parcel, having heretofore been farmed with parcel No. 1. These lands are good warm soil and do not require draining.

There are many advantages with these lands, such as nearness to Station, to mill, to market, to good school and churches, etc., fuller particulars of which and other advantages will be given by letter to intending purchasers on enquiry.

Diseased parts of the air passages can best be reached by dry air. The bronchial tubes and lungs can only be reached by dry air. Hyomei is a dry air treatment from which you get the Balsamic effect of living in the Pine and Eucalyptic Forests, where catarrhal and bronchial troubles do not exist.

Hyomei destroys the germs that cause disease of the breathing organs: you simply by the use of a rubber inhaler, mix Hyomei air with your inward breath as it reaches the diseased parts where catarrhal, bronchial, croup or pneumonia germs are multiplying by millions their life is snuffed out, as they are the disease, their extermination means quick improvement.

J. Coates has the agency for Hyomei and will furnish the complete outfit for \$1.00 under guarantee to satisfy.

Harry Martin, a sheep rancher, near Maple Creek, Sask., was frozen to death in a recent blizzard, and Howard McConnell of Boyne Lake is missing, and is supposed to have met a similar fate. One rancher lost 2,500 sheep in one storm.

A certain comedian once went out with a fishing party and soon began to suffer from thirst and evident failure with the hook. Finally one of the crowd took pity on the sufferer and fastened a bottle of beer to his fishing line while he was on a voyage of exploration.

When the actor returned he found his line rather heavy and started to haul in what he thought was the biggest fish of the day. Gleeful over his changed luck, he shouted to the captain:

"Hey, captain, this is the place. Anchor right here; we're sailing over a brewery!"

An English emigrant drifted into Dobbinston a few days ago and called at the house of Mr. James Thompson and asked for lodging. Mr. Thompson being of a kind disposition granted him the request, but the generous hospitality was evidently not appreciated as, during the night the man arose and got his hands on \$100, which he made off with. The authorities have been put on the trail and it is hoped the thief will be captured.

PHYSICIAN GIVES ADVICE

Tells Why So Many Suffer from Catarrh and Rheumatism.

A distinguished physician, famous for his successful treatment of catarrh and rheumatism, kidney and bladder troubles, states as follows:—

"Our climate being more or less damp and changeable, is bad for catarrh and rheumatism, and care must be taken not to let these troubles gain headway. In addition, he states that a great many Canadians are careless in their habits, and to this as much as climatic conditions is due a great deal of the trouble. Insufficient clothing and improper eating will cause rheumatic and catarrhal troubles in any climate.

This eminent authority gives the following as the simplest and best treatment known to science, and to it he gives credit largely for his success:—

Fluid Extract Cascara..... ½ oz.
Carriana Compound..... 1 oz.
Syrup Sarsaparilla..... 6 oz.

Directions: One teaspoonful after each meal and at bedtime.

The ingredients are all vegetable, and have a direct and specific action on the liver, kidneys, and bowels, eliminating all poisonous matter from the system. Any druggist can dispense this, or you can buy the ingredients separately and mix at home by shaking in a bottle.
