## ENGINE CRASHES INTO CROWDED EXPRESS CAR

Serious Accident on Salisbury and Harvey Road Yesterday

HOFERHILL, Jan. 18.—The Salisbury and Harvey road train from Albertville, which crashed into the engine of the passenger car, which was at the rear of the train, being smashed and one passenger, who was in the car, being badly injured. The train was on the Salisbury and Harvey road, which was at the rear of the train, being smashed and one passenger, who was in the car, being badly injured. The train was on the Salisbury and Harvey road, which was at the rear of the train, being smashed and one passenger, who was in the car, being badly injured.

One passenger, Law Morse of Portland, Maine, an employee of the contracting department of the New Brunswick Telephone Co., attempted to jump from the end of the car nearest to the engine. Finding himself over the bridge he held on to the front of the car till his hands were so scalded by the escaping steam from the engine that he was forced to let go, falling fifteen feet into the creek below, in which there was ten or twelve feet of water.

Morse was not injured for five or ten minutes and was then found struggling in the icy water and grasping at the bridge. He was nearly exhausted when rescued by the trainmen who hauled him up from his perilous position with a rope. Morse's hands were badly scalded and he was otherwise injured. Dr. Carnwath was called and attended to the injured man, who later was taken to Hillsboro, being unable to proceed further, his injuries proving more serious than at first anticipated.

The other passengers who remained in the car were more or less hurt but not seriously. Constable O. G. Steeves, who was on board the train, was thrown over the side and had one leg slightly hurt. Police Magistrate J. F. Jackson and his shoulder hurt and Constable O. G. Steeves, who was on board the train, was thrown over the side and had one leg slightly hurt. Police Magistrate J. F. Jackson and his shoulder hurt and Constable O. G. Steeves, who was on board the train, was thrown over the side and had one leg slightly hurt.

John Burns Says "Shooting is Hazardous for a Man Wearing Glasses"

LONDON, Jan. 18.—Robert J. Wynne, the American Consul General, today called upon John Burns, labor leader and Member of Parliament, and delivered a personal message from President Roosevelt, responding to a message which Mr. Burns has sent to the President. In his message Mr. Burns said: "Tell the President that fears are entertained here for his welfare in Africa. He must remember that there are great dangers there from both climate and climate, and that shooting is hazardous for a man wearing glasses."

FIRE BREAKS OUT IN RUINS OF MESSINA

MESSINA, Jan. 19.—A serious fire broke out today among the ruins. The remains of the Farnese Palace fell in and added to the outburst. The flames spread in spite of the feverish work of the soldiers to control them and the situation is serious. An odor of burning flesh is mingled with the smoke and it is feared that persons still alive are being consumed. A large number of corpses undoubtedly will be burned up.

MATE BELONGED TO LIVERPOOL

BOSTON, Jan. 18.—Capt. George C. Dorett, who is charged with the missing schooner Swallow, lost off Long Island yesterday, arrived here today on his way from St. John's to New York to meet the vessel. He stated that there were six men on board the Swallow, and that she was in command of Capt. Francis Morris of Newfoundland. Captain Dorett said that the following were on board the Swallow when she was wrecked: Capt. Francis Morris, 25 years old, Robert's Head, N. B.; Mate Chas. Harrah, 25, Liverpool, N. S.; Seaman Lulu Patey, Saint Anthony, Nfld.; also two seamen, both of whose names Capt. Dorett did not know.

## INVESTING IN MEXICAN CO.

W. F. Tye, Capitalist. Here Great Strides Made by Mexican-Northern Power Company

W. F. Tye of Montreal spent a few hours in the city yesterday in the interests of the Mexican-Northern Power Co., one of the many Canadian concerns that are occupied in developing the resources of the great northern republic. He spent the afternoon with a number of the business men of the city, who subsequently expressed themselves as being much impressed with the prospect of the company's development. It is understood that considerable New Brunswick capital is being written into the books of the concern.

The Mexican Northern Power Company's own concessions for the development of electric power on the Conchos River and for the supply of power to the cities of Chihuahua and Parral and to the mining districts of Santa Eulalia, Minus Nevas, Santa Barbara, and San Francisco de Ido.

Power projected by the company is to be developed by means of a dam and company proposes to build a dam and construct transmission lines capable of handling this, but for the present machinery, aggregate of developing some 15,000 horse power will only be installed. The market which holds out an immense demand for 15,000 horse power is rapidly growing and will within a very few years, it is confidently expected, exceed the amount that is possible of development.

Mr. Tye is president of the Canadian Electrical Frontiers, the parent company of the Mexican Power Company. In conversation with The Sun, Mr. Tye stated that Mexico offered a rich field for the investor and that the Canadian industry interested there were already rapidly increasing, the results of their ventures.

"Much is expected of the Northern," said he. "The concessions it owns are very valuable. The market it will operate is extensive and capable of much development."

Mr. Tye left for Halifax by the late train last night.

HERE'S A CASE OF HYPNOTISM Man's Memory Brought Back DOCTORS MAKE TEST As a Result, Lost Identity Has Probably Been Found

NEW HAVEN, Conn., Jan. 18.—Through a remarkable series of hypnotic experiments conducted under the direction of Dr. A. R. Diefendorf of the Yale medical school it is now thought that the identity may be established of a man who has been at Grace Hospital since December 10 last, and whose mind has been a complete blank so far as his name or anything connected with his past life has been concerned. He is Chas. Oaten, 42, and street, New York, according to the story told by him in his hypnotic state and has a wife and little daughter in that city. His story is being investigated in New York.

The vital test was made yesterday afternoon at the hospital in the presence of the staff physicians. The man was placed in a hypnotic state and while so composed in answer to questions or suggestions by Dr. Diefendorf, the man said his name was Chas. Oaten, told of having a wife and child, of being born in Berlin, Germany, and of coming to this country at the age of 24 years. He said he went from New York to San Francisco, told of living there and of a later residence in Chicago and of working for a John McNeil, Grand street, New York. This morning he was interrogated by Dr. Diefendorf, and told the physician that he had dreamed of being in Berlin, San Francisco and New York the night before. In his normal state, while apparently willing to answer any questions put to him, he seemed unable to do so. He was then placed in a hypnotic state and answered the questions readily.

## 30 DEGREES BELOW ZERO IN VERMONT

Record Cold Wave Hits New England BOSTON SUFFERS

A Strong Northwest Wind Backs Up the Cold

BOSTON, Jan. 18.—A bitterly cold wave swept over New England last night. From the earliest hours of Monday morning up to midnight last night the mercury fell steadily until a record for the winter was established in many localities.

Hardwick, Vermont, from whence the record cold weather of the winter invariably comes, recorded thirty degrees below at midnight. Waterbury, Maine, reported 18 below, while Bangor reported 14 below, and Lewiston 6 below, while at Providence, R. I., and New Bedford, Mass., it was respectively 6 and 5 below.

Although the thermometer gave no indication of such a turn at midnight, the United States weather bureau staff gave promise of warmer weather for Tuesday, the welcome change to continue through Wednesday.

FAMOUS OLD SKATER DEAD, ACTIVE AT 92 Colonel J. Henry Rogers, of Delaware, Was Octogenarian Champion

NEW CASTLE, Del., Jan. 18.—Colonel J. Henry Rogers, who died at his home here yesterday morning, was one of the best known residents of this section of Delaware. He was 92 years old, and often said that his long life was due to his love for outdoor sports.

Colonel Rogers belonged to an old family, and he was perhaps better acquainted with local history than any other man in the state. He owned several farms, and was interested in other factors.

ATTEMPT TO WRECK CRUISER Malcontents in French Navy Gully of Atrocious Crime

PARIS, Jan. 18.—The sinister reports that recent disorders in the French navy were due to malcontents, and that a vessel was being wrecked, were again revived by news of a remarkable accident in the armored cruiser Gloire.

While the vessel was cruising off Brest, the chief engineer discovered heavy scratches on the certain engine. A close search was made, and it was found that pieces of metal had been thrust into the engine in a manner that might have caused considerable damage. Sand and broken glass had also been found in the engine.

## HERE'S A BABY FOR SOMEONE

Mother Will Give It Away Deserted by Her Husband, Mrs. Liscombe Has No Means of Support

There is within the limits of the city a mother who is compelled by poverty to offer her nine-month-old baby boy for adoption. The unfortunate mother is Mrs. Sidney Liscombe. She is about 22 years of age.

Both she and her husband are natives of Cape Breton and were married in Halifax about three years ago. Since that time they have lived in several provincial towns, coming to St. John about a year ago. Last March the inhuman husband parted from his young wife without leaving any word of his intention and since that time she has heard from him but once.

Mrs. Liscombe has endeavored to support herself and succeeded in earning a comfortable living until a few weeks ago when it became necessary for her to give up her position. The deserted wife said last night that she had no desire to see her husband, nor did she wish to ever again live with him, knowing the manner in which he left her.

Mrs. Liscombe is anxious that the child should be adopted by a good family, so that she might go to work. She has been employed by several of the leading families in the city, all of whom speak very highly of her. At present Mrs. Liscombe is staying with Mrs. Williams, 23 Courtney street. Mrs. Williams has given her a home for the past few months. It is her intention to move some day, this week and Mrs. Liscombe wishes to place her child before that time.

NEW PRESIDENT NOT APPOINTED A meeting of the general committee of the Leavenworth Missionary Society was held in the Stone church yesterday afternoon with William Downie in the chair.

HER MOTHER-IN-LAW Proved a Wise, Good Friend A young woman out in Iowa found a wise, good friend in her mother-in-law, who was a most satisfactory condition. "It is two years since we began visiting Postum in our house. I was greatly troubled with my stomach, complexion was blotchy and yellow. After meals I often suffered sharp pains and would have to lie down. My mother often told me to use the coffee I drank at meals. But when I'd cut coffee I'd have a severe headache.

"While visiting my mother-in-law I remarked that she always made such good coffee, and asked her to tell me how. She laughed and told me it was easy to make good coffee when you use Postum.

## MONCTON HOTEL LAND THEFTS MEN SENTENCED TO JAIL, SKIP OUT BY WHOLESALE

Astounding Revelations Made INVOLVE MILLIONS Vast Properties in Western States Fraudulently Acquired

WASHINGTON, D. C., Jan. 18.—Information of astounding character concerning wholesale trade in public lands has come into the possession of the United States Department of the Interior through special agents in the field.

The serious allegation is made that approximately \$10,000,000 worth of lands in states principally west of the Mississippi river have been fraudulently acquired within the past two years by corporations and individuals.

With a view of recovering these lands, Secretary Garfield sent letters today to Chairman Hale and Tawney of the senate and the house appropriates committees respectively, asking for an additional appropriation of \$500,000, which if granted with that already asked, will give the department \$1,800,000 for that purpose. The expenditure of the appropriation is requested is for preventing "depredations upon public lands," protecting public lands, examining swamps, etc. It is explained that there is reasonable prospect of recovering much of this alleged fraudulently-acquired land, if the appropriation is promptly made. It is also pointed out that while a million dollars may seem large, it is not on the land which the government may hope to recover.

Secretary Garfield also submits a statement of H. H. Schwartz, chief of the field service, showing over \$2,000 in losses caused by alleged land frauds demanding further investigation.

YORK COUNTY COUNCIL OPENED WITH PRAYER Innovation at Fredericton—Coun. Hinchey Elected Warden—Finances are Satisfactory

FREDERICTON, Jan. 18.—The York municipal council convened in semi-annual session this morning and unanimously elected Coun. John Hinchey, of Stanley to the office of warden. The report of Secretary, Treasurer, Elias showed the finances of the county to be in a most satisfactory condition. The balance on hand on November 30 was \$5,585, debenture indebtedness had been reduced during the year to \$4,700 and in two years will be entirely wiped out. The amount due the county by different parishes on November 30th was \$13,822. A resolution expressing satisfaction at the action of the government in submitting the new highway act to the various county councils for consideration was unanimously adopted and a committee of seven was appointed to examine the measure, and suggest amendments.

The usual committees were appointed to examine accounts and adjournment was made until 2:30 o'clock to allow them to meet.

Warden elect Hinchey has been in and he is one of the most popular and level-headed members of the board. He is a successful farmer and lumberman and resides at Bloomfield Ridge. In politics he is a Liberal.

After a resolution adopted at the last session, Rev. A. A. Abbott has been appointed chaplain of the county council and the meeting this morning was opened with prayer for the first time.

THE CITY SOFT ACT CASES including two for third offence, are set down for trial at the police court tomorrow morning.

TOO MUCH LUCK LONDON, Jan. 18.—The St. Ives fishing boat Maagie scoured such an enormous haul of herring that she turned turtle and sank while making for the harbor. The crew of four were saved.

See How Easy It Is To Churn With The "Favorite"

Use the lever, to churn by hand. Use the tread, to churn by foot. Or use both. The FAVORITE Churn makes churning about the easiest work on the farm. No more tired arms—no more aching backs—just rest in your rocking chair and read a book—and do the churning. Ask your dealer to show the "FAVORITE."
