away the impediments and purge out the evils that hed gathered in and about the house of the Lord. But all this is of little avail without repairing the temple, and renewing the service of God. The people must be taught and trained in religion, or they would soon go back to idolatry. To cut off outward sins, is but the hedginging of a true referrence of the Lord. But all this is of India.

PRACTICAL APPLICATION.'

Josiah was the son of a father who walked in wicked ways. It is thought that he received good instruction from his mother. But it is certain that men devoted to the service of God helped him to follow in the footsteps of the King of whom the Lord said, "I have found David a man after nine sovan heart" (Acts xiii. 22). Earnestly should we labor with, pray for and creculage those children whose parents give them neither prayers, nor help nor sympathy.

On the other hand, it may be argued that the majority against the Government was almost certainly accidental, for it is certain that the bulk of the Unionists condially approve the Government's Irish policy, and that if the vote on which the Governent was defeated were resubmitted it would almost certainly be carried by the full Govern-

Thousands of Women ARE MADE WELL AND STRONG

Success of Lydia E. Pinkham's Vegetable Compound Res's Upon the Fact that It Realy Does Make Sick Women Well

Thousands upon thousands of Canadian women have been restored to health by Lydia E. Pinkham's Vegetable Compound. Their letters are on file in Mrs. Pinkham's office, and prove this statement to be a fact and not a mere

Overshadowing indeed is the success of this great medicine, and compared with it all other medicines and treatment for women are experiments.
Why has Lydia E. Pinkham's Vege-

table Compound accomplished its wide-spread results for good?

Why has it lived and thrived and done its glorious work for a quarter of a century Simply and surely because of its sterling worth. The reason no other med-

ining worth. The reason no other medicine has even approached its success is plainly and positively because there is no other medicine in the world so good for women's ills.

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant—not because it is a nalliative, but simply because it is a pulliative, but simply because it is the most wonderful tonic and recon-structor ever discovered to act directly upon the uterine system, positively

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures, and physicians who have recognized the virtue in Lydia E. Pinkham's Vegetable Compound, and are fair enough to give pound, and are fair enough to give credit where it is due. If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pink-ham's Vegetable Compound in severe cases of female ills, as they know by experience that it will effect a cure. Women who are troubled with painful or inventor, measured in packets.

A SOCIALIST APPEAL.

JOURNEYMAN BAKERS WANT MUNI-CIPAL BAKESHOPS NOW.

New York, July 24.—The Journeymen Bakers' and Confectioners' International Union of America is now sending an appeal to all bakers' unions in America calling on them to assist in the establishment of municipal bakeshops in all cities of the United States, Canada and Mexico. "Along with the public utilities," says the appeal, "the food product industry will be the one that will become the object of municipal control for the bene-fit of the people. It is now possible to put the control of the railroads, street railways, the post office, the telegraphs, the manufacture of tobacco, the trans-portation, the lighting plants and even he savings institutions in the hands o the State or municipality, as is the cas in many European countries and pa tially even in the United States."

"SCOTTY" PLANS NEW BUST.

To Be More Substantial Than Present Meteoric Spree.

New York, July 24 .- "Scotty," the lively and picturesque niner from Death Valley, i was reported last evening, may have a portrait bust of himself executed in pure gold taken from his mines. To indulge in this artistic fancy, it will be necessary for him to loosen up" to the extent of \$10 000 to \$60,000 for the gold alone

The sculptor who will execute the statue will be Frederick E. Triebel, a member of the National Sculpture Society. Mr. Triebel called at the Herald Square Hotel this mornng to arrange with "Scotty" for the first sitting. "Scotty's" head appeals to the sculp-tor as full of character, signifying luck, in-tailigence and determination. It is said this will be the only gold portrait bust in the world.
