TO OUR CUSTOMERS.

We have just put in, at great expense,
a WONDERFUL MACHINE, heated by
steam, for only passing through the
rollers once; the result—WORK IS
ELASTIC, WILL NOT BREAK, and will
last much longer than when ironed by
the old method, heated by gas, which
has to pass through the rollers eight
times.

P.S.—We have also added a newly
invented machine to iron the edges of
Collars and Cuffs.

DO YOU WANT A VERY HIGH-CLASS
SEWING MACHINE? If so call and in-
spect the Wheeler & Wilson Machines
Madison West, who is agent for these machines in
Kent County, will be pleased to show you how
perfect in construction and how very rapid in
movement, is the Wheeler & Wilson Sewing
Machine. Call and see Madame WEST regard-
ing this perfect machine at Thibodeau & Jac-
ques or room 73 Gardner House.

THE POSTMASTER
IS THANKFUL

**Dodd's Kidney Pills Enabled
him to Sleep in Peace.**

Grand Work they are doing for Thou-
sands of Canadians Every Year.

Tabucintac, Cumberland Co., N. B.,
Sept. 26.—(Special).—Mr. H. J. Lee,
postmaster here, is one of the great
army of Canadians who, rescued from
pain and weakness by Dodd's Kidney
Pills, are shouting the praises of the
great Kidney Remedy.

"Yes," the postmaster says, "I want
to express my thankfulness for the
great benefit I have received from
the use of Dodd's Kidney Pills."

"My trouble was having to urinate
too freely. I had to rise eight or ten
times each night so that my rest was
broken. My feet and legs also swelled.
Then I got Dodd's Kidney Pills and
I took six boxes all told. Now I
am all right."

"It will be a comfort to me if by
making my case public I can lead
some other sufferer to find relief in
Dodd's Kidney Pills."

Dodd's Kidney Pills always cure
Bright's Disease. They also annually
bring relief to hundreds of thousands
of Canadians who are bothered with
earlier Kidney Troubles.

Str Wm. MacGregor Installed.

St. John's, Nfld., Sept. 27.—Sir
William MacGregor, the new Govern-
or of Newfoundland, arrived here
yesterday from Liverpool, and met
with a warm reception at the land-
ing. The warships Charybdis, Fan-
tome and Calypso, which were in
port, participated in the reception.
Later in the day Governor MacGregor
took the oath of office and assumed
executive duties. It is understood
that he brings assurance of the cer-
tainty of the ratification of the Anglo-
French Treaty by the French
Chamber this month.

Women Protest.

Winnipeg, Sept. 27.—The National
Council of Women yesterday protest-
ed against the importation of factory
girls into Canada.

BRONCHITIC ASTHMA A HEAVY
BURDEN.

Asthma is bad enough but when
bronchial symptoms are added the
poor sufferer has almost an intoler-
able existence. An absolute specific
is found in fragrant, healing Catarrh-
ozone, which cures chronic cases that
other remedies won't even relieve.
"For years," writes Capt. MacDonald,
of Montreal, "I battled with the ag-
onies of bronchitic asthma. Often I
couldn't sleep for nights at a time.
I spent thousands on doctors and
medicines without relief, but one dol-
lar's worth of Catarrh-ozone cured me."
Catarrh-ozone can't fail; it's
guaranteed. Two months' treatment
\$1; trial 25c.

Hard Luck.

"Just my luck!" she exclaimed,
stamping her little foot angrily.
"What's the matter?" he asked.
"There's a pin," she returned, point-
ing to one on the floor near her foot.
"and you know the superstition, of
course."
"See a pin and pick it up, through
all the day you'll have good luck," he
quoted.
"Exactly," she said. "Through all
the day," and here it is evening when I
see it."

THE PROPER TREATMENT FOR A
SPRAINED ANKLE.

As a rule a man will feel well
satisfied if he can hobble around on
crutches two or three weeks after
spraining his ankle, and it is usually
two or three months before he has
fully recovered. This is an unneces-
sary loss of time, for in many cases
in which Chamberlain's Pain Balm
has been promptly and freely applied,
a complete cure has been effected in
less than one week's time, and in
some cases within three days. For
sale by all druggists.

Summons For Mr. Hendrie.

Toronto, Sept. 27.—A summons
was issued yesterday for William
Hendrie, president of the Ontario
Jockey Club. The summons is re-
turnable Thursday morning at ten
o'clock. President Hendrie is charged
with keeping a common gaming
house, alias the betting-ring, at the
Woodbine.

WHY BRAIN WORKERS BREAK
DOWN.

Man is not a machine that keeps
going as long as the steam is applied.
He is a creature of blood, nerves, and
delicately balanced organism. Many
don't realize this, but overwork their
brains and break down. Brain work-
ers need a strong, bracing tonic, like
Ferrozone, to fortify their nerves and
keep the blood pure and rich. Take
Ferrozone and you'll do more work.
You will have the strength, the ambi-
tion and the desire for work because
your system will be in first-class or-
der. For your health and strength
take Ferrozone regularly. Price 50c.,
at druggists.

Some people have a lot of good in
them, but the trouble is they don't
let it out.

THEY MAKE YOU FEEL GOOD.

The pleasant purgative effect ex-
perienced by all who use Chamber-
lain's Stomach and Liver Tablets, and
the healthy condition of the body and
mind which they create makes one
feel joyful. For sale by all drug-
gists.

The aerial navigator doesn't always
rise to the occasion.

It's a question whether peace is
worth fighting for.

SONG OF THE COMMON PEOPLE.

We are the common people, the hewers of
wood and stone,
The dwellers in common places, mighty of
deeds and house,
Bearing the common burden that only the
shirkers shun,
And doing the common duty that others
have left undone,
Dubbed, by the few, plebeian, rabble or
proletaire,
Ours is the hand that feeds them, ours is
the prize they share,
And ours is the common blessing, free to
the toilers all,
To win from the lowly valley unto the
summits tall.

Common, and only common—
This by the might of birth—
Yet the world in its need leans on us—
We are the kings of the earth.

We are the common people, and ours is
the common clay
That a God deemed fit for using, when, in
the olden day
He took the dust of the Garden, the dust
that His will obeyed,
Fashioned and formed and shaped it, and
man in His image made;
And, seeing that God selected such clay
for the human test,
And deeming His wisdom suffices to choose
but the surely best,
We, who are common people and made of
the common clay,
Leave to the proud and common to improve
on the Maker's way.

Common, and only common—
Tattered, sometimes and frayed—
We are still content with the pattern
That God in His wisdom made.

We are the common people, yet out of our
might is wrought,
A rule, is not exciting, except from a
canoe or boat, where the animal
has a chance of turning the tables.
If a clean shot is made, he sinks
like a stone, and beyond a few bub-
bles on the surface nothing more is
seen till he rises to the surface,
belly up, in from one to four hours.
One can generally tell by the third
of the bullet if the shot has told. It
is mostly a snap shooting as they
blow, and a novice or excitable per-
son will often waste a lot of ammu-
nition bawling away at every nose
he sees bobbing up, irrespective of
distance or position. The vulnerable
spot is the brain, and it is advisable
to wait for a side shot, when a bul-
let in the neighborhood of the ear
will surely find it.

This hunter writes further: "When
we camped on the Kafue, schools of
from ten to thirty hippopotami were
found together, but after being dis-
turbed several times they shifted to
a huge swamp to the north, where
the only way to get at them was by
poles canoes through about a mile
of reeds and narrow channels to the
lake-like patches of open water
whither they had retired. The only
canoes we could get were dugouts,
capable of carrying not more than
three men, very narrow, mostly rot-
ten and parched with lumps of moist
clay to stop leakage. If capsize, they
sunk like stones. So, as the
place was full of crocodiles, we had
always a spare canoe at hand. We
hunted them successfully several
times in their swamps."

HIPPOPOTAMUS HUNTING.

How the Big Brutes Are Taken and
Utilized in Africa.

A hunter of big game in Africa
writes: "Hippopotamus hunting, as
a rule, is not exciting, except from a
canoe or boat, where the animal
has a chance of turning the tables.
If a clean shot is made, he sinks
like a stone, and beyond a few bub-
bles on the surface nothing more is
seen till he rises to the surface,
belly up, in from one to four hours.
One can generally tell by the third
of the bullet if the shot has told. It
is mostly a snap shooting as they
blow, and a novice or excitable per-

nition bawling away at every nose
he sees bobbing up, irrespective of
distance or position. The vulnerable
spot is the brain, and it is advisable
to wait for a side shot, when a bul-
let in the neighborhood of the ear
will surely find it."

Strength.

"Some scientist has declared that
there is as much strength in three eggs
as there is in a pound of beefsteak,"
said the observer.

tion."—Exchange.

British Peers Who Are Foreigners.

There are several Peers of the
realm who, while still entitled to en-
joy all the privileges of their order
in Britain, have become, to all in-
tents and purposes, foreigners. Lord
Tasle is head of the house which was
connected for generations with the
nobles families in Ireland, but has
now for more than two centuries been
seated in Austria. The present Vis-
count, who holds a commission in
the Kaiser Franz Joseph's Dragoons,
has no property in Ireland, but owns
large estates and two fine castles in
Bohemia. Another expatriated Peer
is the Earl of Newburgh and Vis-
count Kynnaid in the Scottish Peer-
age, who is known in Rome, where
he has lived all his life, as Prince
Giustiniani-Bandini. He proposes to
re-establish a connection with Brit-
tain by sending his grandson and
heir-expectant to finish his educa-
tion at Christ Church.

Important Social News.

The Archbishop of Westminster has
become a total abstainer, says The
London Chronicle. That is an im-
portant piece of social news—the
most important of its class made
public for many a day. The Arch-
bishop would be the last person to
claim any credit for the sacrifice in-
volved by the renunciation of wine
as such; but, like Cardinal Manning,
Archbishop Bourne has recognized
the havoc made among his flock by
drunkenness, and as he must preach
teetotalism to those who need it, he
has decided to practice what he
preaches. The Archbishop's example
will, no doubt, be followed, in course
of time, by many of his clergy; and
it wins for him immediately an in-
crease in the loyalty the Roman
Catholic laity has, from the first,
ungrudgingly yielded him.

TO CURE FEVER CHILLS.

And such complaints as "Shivers"
and ague we recommend Nervine
very highly. Twenty drops of Ner-
vine taken in hot water with a lit-
tle sugar three times daily not only
stops the chills but knocks out the
disease completely. Nervine has a
direct action on fever chills and re-
moves the conditions causing them.
In stomach and bowel troubles Ner-
vine never fails. It's pleasant to
the taste, quick to relieve and always
cures permanently. Get a 25c. bot-
tle to-day.
