Season's Crops Burned.

Little Britain, Aug. 11.—About 5 o'clock yesterday afternoon lightning struck and burned the new bank barn of Richard Halls, about two miles west of here. The contents were this season's fall wheat and hay, partly covered by insurance.

Lightning Burns Barns.

Dunham, Aug. 11.—The barns and sheds of Robert Durnin were burned Thursday night with a large quantity of hay and some machinery, also some of last year's grain. They were insured for \$500. Lightning was the cause of the fire.

DEAFNESS CANNOT BE CURED.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Caused By Carelessness.

Toronto, Aug. 11.—At the conclusion of the coroner's inquest last night into the death of Kenneth Campbell, fireman on Grand Trunk express train No. 49 early in the morning of July 30 at Mimico yards, the jury after a detailed deliberation rendered the verdict that death came to his death through a collision of the engine of train No. 49, "caused by carelessness and a negligent manner in which cars are handled in the Mimico yards."

Charge Attempted Murder.

St. Thomas, Aug. 10.—The charge against Newton Stonehouse, who was arrested last Thursday after the discovery of a newborn child in an outhouse on his premises, was changed with attempted murder before Magistrate Glenn. The mother, who is still in the hospital, was not well enough to appear and the case was adjourned for a week. Stonehouse was sent back to jail.

BARELY LIVED THROUGH IT.

A terrible experience had Edw. J. O'Connor, of Sault Ste. Marie. "From boyhood," he writes, "I have been a constant sufferer from asthma and catarrh. My nose and throat was always stopped up and I had droppings in the throat. When attacks came on I thought I couldn't live through the night. I would sit up, gasp for breath and endure great distress. Catarrh was made me entirely well." No stronger proof is required. Use "Catarrhzone" and your recovery is guaranteed. Two sizes, 25c. and \$1.00, at all dealers.

The size of a dollar depends on how many of them you have.

TORONTO CARPENTERS' STRIKE.

Refuse Request for Permit For Men to Work at Exhibition.

Toronto, Aug. 11.—Dr. Orr, manager of Toronto Exhibition, called on the executive committee of the United Carpenters yesterday afternoon and implored them to grant him the privilege of having a few men at the exhibition grounds to complete the work there, which must be done at once. He was willing to pay any old price the executive would demand. The executive did not comply.

"The men are worth 35 cents," said Dr. Orr, "and it is a living scandal that a body of men like the so-called Builders' Exchange would stand out against them."

Pickets Report.

Pickets reporting last night gave a very satisfactory side to the situation. Not more than ten union men were working, and it is expected that more than half of these will be at the mass meeting this morning, when the whole force of pickets will lay the situation before all the strikers. The meeting will be important. Every striker will be in attendance.

Some Chance of Settling.
"The strike will be called off," said Business Agent Wells at midnight last night, "if the independent bosses who have signified their intention of forming a distinct and separate organization, will join together, organize and form an association to be known as the Master Builders' Association of Toronto. The membership must be larger than that of the Builders' Exchange, which now has thirty-two members. These thirty-two, however, are dictated to by an executive of six, who will not allow them to open their mouths."

Smith and Post notified the executive committee last night that they were willing to put up \$200 for organization purposes and initial expenses.

A number of independent employers have signified their intention of forming a new association to compete with the Builders' Exchange.

Masters Won't Arbitrate.
The master carpenters evidently intend to fight the strikers to a finish. The mayor yesterday morning received from Mr. John L. Phillips the following reply to his letter, offering to arbitrate between the men and the employers:

"Replying to your favor of the 8th inst., offering to mediate between the master carpenters and the carpenters, I am directed to state that the Master Carpenters' Association do not contemplate arbitrating the matter in dispute."

At noon yesterday 1,800 men had registered as strikers.

CHINESE LABOR WANTED.

Organized Effort to Be Made to Pull Down the Bars.

Victoria, B. C., Aug. 11.—Tangible indications are reported from several sections of British Columbia of an organized and practicable effort at an early date to secure the practical abrogation of the federal restrictions act, under which a capita tax of \$500 is collected upon Chinese immigrants.

This law was passed some three years ago at the behest of organized labor, and has proved effective, completely stopping Chinese immigration.

Now various large interests, railway and agricultural, are seeking to repeal the thin edge of the wedge of a recent law. The Kootenay fruit growers, having led the movement, and Second Vice-President Whyte of the C. P. R., having virtually endorsed their attitude in a careful interview given here Thursday, in which he suggests the exemption of Chinese immigrants intended for farm gardening or laundry service.

Efforts are promised at the next session of both the Provincial and Dominion Parliament in the direction of opening at least a crack in the gate now barred against Chinese.

WIFE WINS ALIMONY SUIT.

Husband Refuses, Is Jailed and She Contributes to His Keep.

Sandwich, Aug. 11.—A novel case is that of Arthur C. Baxter, at present in the county jail here. Several months ago he left his wife. She began suit for alimony. When a decision in her favor was rendered Baxter drew what money he had in a bank and disappeared.

He was located near Wallaceburg, a warrant issued and he was brought back. He refused to pay alimony and was locked up. He tried of the commitment and Thursday, through his attorney, M. A. Hanna, secured an order from Judge McHugh that Mrs. Baxter shall pay \$2 per week towards her husband's board while in jail. This she will have to do besides supporting herself and two children.

ST. THOMAS FLOODED.

Foot of Rain Falls and Paralyzes All Business.

St. Thomas, Aug. 11.—A heavy fall of rain, accompanied by lightning, paralyzed all business here yesterday afternoon.

Twelve inches of water fell, and the streets were small rivers, the sewers not being able to carry the water away fast enough.

The power-house was tied up. The merchants suffered loss by flooding of basements. The Journal office cellar was flooded and a large amount of paper ruined. A foot of water was in Mickleborough's dry goods house basement.

Gentlemen:—In June, 1918, I had my hand and wrist bitten and badly mangled by a vicious horse. I suffered greatly for several days, and the tooth cuts refused to heal until your agent gave me a bottle of MINARD'S LINIMENT, which I used. The effect was magical; in five hours the pain had ceased and in two weeks the wounds had completely healed and my hand and arm were as well as ever.

French Warships at Quebec.

Quebec, Aug. 11.—Rear-Admiral Roule de Lapierre, with the French cruisers Le Desaix and Le Jurien de la Graviere, arrived in port yesterday morning and anchored opposite the citadel, when the band on board the former and admiral's flagship played the British National Anthem, followed by a salute of twenty-one guns, which was responded to by the citadel guns.

A puny child is always an anxiety to the parents. There seems generally no reason why the little one should be weak when it is so well fed. But the fact is that it does not get enough food and the child takes it if the stomach cannot extract the nourishment from it. No benefit can be derived from just eating. That is the condition of many a sickly child.

The stomach and organs of digestion and nutrition are not doing their work, and the body is really starving. It is little use to give fish foods, like cod liver oil or emulsions, in such a case, because these also have to be digested; they may lighten the stomach's labor but they don't strengthen it. Strength is what the stomach needs. Dr. Pierce's Golden Medical Discovery strengthens the stomach, nourishes the nerves and increases action of the blood making glands. It is superior to every other preparation for children's use, on account of its body building qualities, and also because it is pleasant to the taste and contains no alcohol, whiskey or other intoxicant. Dr. Pierce's Pleasant and Powerful is a valuable aid when the bowels are irregular. They are small. Children take them readily.

Outnumbered by Pulajanes.

Manila, Aug. 11.—First Lieut. John F. James and two privates of the Eighth Infantry, with Contract Surgeon Calvin Snyder and Internal Revenue Collector Williams of Illinois were killed Thursday afternoon in a hand-to-hand fight with a force of Pulajanes at Julia, Island of Leyte. The detachment, which consisted of ten men, was greatly outnumbered.

WHILE WAVING SALUTE

Launch Hits Hidden Pile and Five Picnickers Drown.

Three Children of City Clerk Brown of Winnipeg With Two Others Upset In Red River 100 Yards From Landing Place and In Sight of Their Friends—Mother Rescued, But May Die From Shock.

Winnipeg, Aug. 13.—The worst drowning accident in the history of Winnipeg occurred here Saturday evening. A party of eight people were going down the Red River to River Park in a gasoline launch to join some friends at a picnic there, and when only about 100 yards from the landing at the park they were waving a salute, their boat ran on a sunken pile and was overturned.

Five out of the eight were drowned. The other three were rescued by two boatmen, who happened to be near at hand. Those drowned were Ernest Brown, children of City Clerk C. Brown; Miss N. Thompson, daughter of J. Thompson, undertaker, and Miss White.

Mrs. Brown, mother of the three drowned children, and Messrs. A. P. Wells and F. Williams were rescued by the boatmen in an exhausted condition just as they were sinking.

The two men were indifferent swimmers and were not able to render any assistance to the children.

Mrs. Brown was seasick and with difficulty, and owing to shock and exposure, her recovery is doubtful.

In making a tack, his sail caught, and the frail craft was overturned about fifty feet from the shore. McKenzie swam to shore, and his companion also attempted to do so, but called for help when about halfway. Mr. McKenzie returned, but was unable to effect a rescue on account of the roughness of the water. The body was recovered in fifteen feet of water on Sunday morning, and taken to Peterboro. The mother of deceased is visiting with Mrs. McKenzie, Deer Park, Toronto. She is also mourning her husband, who died a few weeks ago.

A REMARKABLE TEST
Hymel Has Been Known for Years And Is Guaranteed to Cure Catarrh.

We have given Hymel a most thorough and remarkable test. The remedy has made so many cures that we have urged its use in the most chronic cases of catarrh. It has been used for a few minutes four times a day, through an inhaler that comes with every outfit, it soothes the irritated mucous membrane of the nose, throat, and lungs, kills the catarrhal germs, and restores complete health. Its healing, antiseptic fragrance penetrates to the most remote air passages, as no medicine taken into the stomach can possibly do. Immediate relief almost always follows the use of Hymel, and great benefit is seen after a few days treatment.

The complete Hymel outfit costs only \$1, and consists of an inhaler that can be carried in the pocket or purse, and will last a lifetime, a medicine dropper, and a bottle of Hymel. If this is not sufficient for a complete cure, additional bottles of Hymel can be obtained for 50 cents.

Compare this small expense with the fees charged by specialists. If you cannot obtain Hymel of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write to-day for consultation blank that will entitle you to services of our medical department without charge. The R. Booth Company, Hymel Building, Ithaca, N. Y.

Members of the "Amalgamated" to Get \$10 a Week From England.

Toronto, Aug. 13.—Saturday Secretary A. E. Ford of the executive of the striking carpenters announced the receipt of a cablegram from the headquarters of the Amalgamated Society of Carpenters and Joiners, situated in London, England, which stated that there would be a levy made on every member of the society in England sufficient to pay a strike allowance to the Toronto members of \$10 a week until they go back to work.

The "strike benefits" will encourage resistance to the last ditch. The Amalgamated men will get \$10 a week and the Brotherhood men \$5. The Amalgamated is the biggest trades union in the world.

In Toronto 920 strikers belonged to the Amalgamated and 64 to the Brotherhood a week ago. Numerous additions have occurred since. On Saturday 32 joined the former and 12 the latter, while 37 more men joined the strike.

A prominent member of the Builders' Exchange said last evening that no agreement will be granted the men.
