## WM. FOREMAN &amp; CO.

ACCEPTED AT  
NEXT MEETING

Continued From 1st Page.

The report was adopted. Ald. Edmondson for the Property Committee reported recommending the payment of the accounts of the Gas Co., and of Dr. Radley. The petition of G. A. Thompson and others for a fire alarm at the corner of Brock and St. Clair streets, that no action be taken at present. That the resignation of Henry Dunn be accepted.

The report was adopted. Ald. Edmondson introduced the following resolutions for the position of engineer at the electric light station: J. B. Alger \$1,200 per annum, W. McClellan \$750 per annum, Thomas Stephens \$600 per annum, W. Conner \$520, Albert Trotz \$700, and Mr. Johnson, \$1,020.

Ald. Edmondson moved, seconded by Ald. Westman, that Mr. Trotz be appointed. Carried.

Ald. Westman said that Mr. Trotz was the best man who was a practical electrician. The list of applicants included a number of first class engineers.

Ald. Piggott said that the city needed something to be done in the matter of lights. The lamp at the corner of King and Lacroix streets was out five nights.

Mayor McKeough - It was lighted last night. That is the exception.

Ald. McGee said that a number of these men were included amongst the applicants and he hoped that the Property Committee had duly considered them all. The electric light department certainly needed a shaking up.

Mayor McKeough said that Mr. Trotz was a competent man.

Ald. Edmondson said that the Property Committee had considered the matter seriously.

Ald. Martin said that he was assured that Mr. Trotz could make the required repairs.

Ald. Marshall introduced to the Council Mrs. Morris and Mrs. A. J. Wilson, a delegation from the W. C. T. U. They asked that the Council petition the Provincial House to give wives and mothers the use of the ballot at municipal elections.

Mayor referred this matter to the Finance Committee.

Ald. Piggott regretted that he was not fortunate enough to have a wife. Mr. Charteris, Fred Stone and Wm. Anderson, a delegation from the Public Library Board, were heard.

They were short about \$1,000 in their building fund. Three courses were open to the Library Board: The city could guarantee an expenditure of 10 per cent. on the thousand dollars and it could be secured from Mr. Carnegie; the Library Board could levy their half-cent rate; a debenture could be issued.

Ald. McGee said that it was unfortunate that the Library Board had over-run their expenditure. He had opposed the last and would oppose this one. The city would have to maintain the Library for all time to come.

Ald. Martin-Ald. McGee is a proponent of calamity. He is a countryman of my own, but that is the only thing he has to be proud of. We should accept the generosity and munificence of Mr. Carnegie for our own benefit. We were only guaranteeing \$100 and we should not stand in our own light.

Ald. Westman said that the Public Library Board had presented the matter in a very clear light. Ald. McGee was trying to make out that the city would save a little in taxes.

Ald. Marshall said that the Library Board, as citizens, were anxious to spend just as little as the aldermen were.

Ald. Marshall's motion guaranteeing the 10 per cent. expenditure was adopted, and the money will be secured from Mr. Carnegie.

## CATARRH OF THE HEAD

Is very common, but awfully dangerous, because it causes deafness and leads to consumption. Cure is as certain to follow the use of Catarrhose as day is to follow night. You simply breathe the fragrant, healing Catarrhose, which spreads through the nasal passages, throat and lungs, driving out every vestige of catarrh. "I was cured of chronic catarrh of the nose and throat," writes Ernest M. Wilkinson, of Laurenceton, "after many years of misery, by Catarrhose, which is a splendid remedy to free the air passages from mucus. Catarrhose relieved quickly and my cure has been permanent." Price \$1 for two months' treatment; trial size, 25c.

## BLENHEIM

March 8.-Ben Shillington, of Chatham, who was visiting relatives here last week, returned home on Saturday.

Very poor congregations greeted the ministers of the different churches on Sunday, it being Bible Sunday, which was observed as such throughout the world. The topic from each pulpit being the British and Foreign Bible Society, and its usefulness in spreading the word of God throughout the world.

Messrs. James Tedford, F. Siddons, O. Jackson and J. Peters were Chatham victors on Sunday.

Mrs. Harry (Dress) has sold her farm in Raleigh to her nephew, A. Broadbent.

To-night there will be various methods of entertaining in town and vicinity. The Ladies Aid of the Baptist church hold their birthday party. Ages count this time.

The L. O. E. meet at the Opera House and a party will be given at the home of D. McPherson's, Ridge Road.

A. Campbell, Ridge Road East, is improving after an attack of his former sickness last week.

Mrs. J. O. McGuigan has returned from Toronto.

## TILBURY

Mar. 7.-Mr. and Mrs. Jas. Lewis leave to-night for their home in Calgary.

Frank Campbell is suffering from an attack of typhoid fever.

Tilbury East court meets to-day. Miss Mackenzie, of Sarnia, arrived to-day to resume charge of the millinery department in the Big Store, the coming season.

H. Benglet spent Sunday in Chatham.

R. Adams leaves this week on a trip to Calgary.

Grip is quite prevalent here at present.

March 8.-Roy Struthers, of Detroit, spent Sunday with his parents, Mr. and Mrs. James Struthers.

Mr. and Mrs. Andrew Smith, of Kingsville, spent Sunday here with the parents, Mr. and Mrs. Geo. Larson.

Patricia A. Perry, vanderweerde comedienne, will appear at the Grand on Monday evening, March 14th, in that roaring Irish comedy, Jerry from Kerry.

Miss Eva Aikin visited in the Maple City on Friday.

At the meeting of the School Board on Friday night a committee was appointed to try and secure Government permission to build a new school house on the town hall square. This would be a splendid site for a school, and is a central point as any that could be secured for the purpose.

Special anniversary services were held in the Methodist church yesterday. Rev. Mr. Galloway, of Watford, formerly pastor of the local church, took the service both morning and evening and delivered two splendid sermons. The music was of a special character and was musical.

A distressing incident marred the morning service; Miss Kathleen Wallen, who was one of the choir, being seized with a sudden weakness and falling headlong down the steps leading to the choir seats in a dead faint. Fortunately the young lady sustained no serious injury and very quickly recovered sufficiently to leave for her home.

Miss Annie Leah Smith, of Thamesville, is the guest of her brother, E. N. Smith. She will take part in the Methodist anniversary entertainment to be given to-night.

The electric light committee of the Town Council should see that the street lights are turned on every dark night. Last night was one of the darkest nights of the year and not one of the street lights was running.

All my happiness, says Edward Everett Hale, I owe to the central effort that my father and mother made to make home the happiest place on earth.

## IS IT CURABLE?

A Question Often Asked by Those Afflicted With Piles.

Is a strained joint curable? Is local inflammation curable? Of course, if properly treated. So is piles.

People often become afflicted with piles and ask some old "chronic" who has always persisted in the wrong treatment, and naturally he discourages them by telling them that their case is hopeless.

They in turn discourage others and thus a disease that can in every case be cured by careful and skillful handling is allowed to sap the energy of thousands who might free themselves of the trouble in a few days.

Pyramid Pile Cure will cure the most aggravated case of hemorrhoids in an astonishingly short time. It relieves the congested parts, reduces the tumors instantly no matter how large, allays the inflammation and stops the itching or itching at once.

Thousands who had resorted to expensive surgical treatment have been cured by the Pyramid Pile Cure in a number of instances persons who had spent months in a hospital under a pile specialist.

It is a remedy that none need fear to apply even to the most aggravated, swollen and inflamed hemorrhoidal tumors.

If you are afflicted with this stubborn disease you can master it and master it quickly.

This remedy is no longer an experiment, but a medical certainty, and is sold by druggists everywhere for fifty cents a package.

Write Pyramid Drug Co., Marshall, Minn., for their free book on the cause and cure of piles.

## BOARD MEETS

Civic Health Commissioners have a Quorum This Time and Get to Work.

The Board of Health held their regular meeting in City Clerk Merritt's office, Harrison Hall, yesterday afternoon. Present, Chairman Dr. Charteris, Dr. Bray, W. S. Richards, G. W. Cornell, Chas. Hadley, and Mayor McKeough.

The following accounts were paid: C. R. Hancock, \$8.75.

J. Terry & Son, \$8.22.

C. R. Hancock, \$1.75.

Wm. Chrysler, \$2.00.

Geo. Lamphard, \$2.50.

Canadian Express Co., 45c.

Medical Health Officer, Dr. W. B. Hall, reported as quite in-adequate to cover the work which should be done by this officer.

I would respectfully call your attention to the very unsatisfactory condition of affairs in the city in regard to the scavenging work being done. The scavengers do the work when and how they please, and refuse to be directed by, or even consult with, the inspector.

The by-law seems to be sufficiently explicit, but the town scavenger appointed by the Council does not see fit to comply with the by-law or work in harmony with the inspector.

This officer, in my opinion, should have all of the work under his supervision and be responsible to the city through the inspector for all the work done.

The by-law not only covers the removal of night soil, but also all ordinary scavenging work, and of course the remuneration given is quite inadequate to cover the work which should be done by this officer.

This Board have, on many occasions, discussed the matter of regulating all plumbing in the city and urged on the City Council the necessity of a by-law regulating this work and the appointment of an inspector.

I would recommend that this matter be again brought to the attention of the City Council. The expense of an inspector offered has been considered an obstacle to the carrying out of such a by-law, but the expense might be borne by the person whom work is to be inspected, as a fee, and the inspecting officer need not give his whole time to this work nor need he be a plumber.

Architects are quite as competent to do this work as plumbers, and it would not interfere with their other work.

This spring the water is very high, and stagnant water will be very much in evidence. Many streets are without sewers, a condition of affairs which should not exist. I would recommend that a sewer be built on Emma St., from Louise St. to St. Clair.

Respectfully,  
W. R. HALL, M. H. O.

The report was received.

Thomas Edmondson, C. Bechard and E. J. MacIntyre were heard, asking to have a sewer constructed on Emma street, from Louise street to St. Clair street.

Moved by Messrs. Bray and Cornell, that the local Board of Health for the city of Chatham recommends and resolves that it is desirable and necessary in the public interest to construct a glazed sewer on Emma street for sanitary purposes, as a local improvement, and we hereby request the City Council to pass the necessary enactments in order to carry out the conditions of this resolution. Carried.

The chairman spoke of the present system of scavenging in the city being very unsatisfactory.

Moved by Messrs. Hadley and Richards, that the City Council be asked to appoint one man as scavenger, he to work under the supervision of the sanitary officer and provisions of the present by-law. Carried.

Moved by Messrs. Richards and Bray, that the Inspector of Factories be invited to come to Chatham to visit the Board of Health as soon as possible. Carried.
