Your Safeguard in Buying Shoes

WHEN you buy shoes, you take somebody's word for value. It is CONFIDENCE which leads you, in the end, to lay down your hard-earned dollars for shoes. And you are right in buying where you feel the most confidence.

This confidence on the part of the buying public is the biggest asset which any dealer, or any manufacturer can have. The reputable, established dealer has YOUR interests in mind when he buys his stock; the manufacturer bears them in mind when he makes it.

Your safeguard in buying shoes is to see that your confidence is well placed. Go to a dealer whose judgment you can trust. And see that the manufacturer's trade mark is on the shoes you select. Thus you may buy with DOURLE confidence.

Our booklet "How to Buy Shoes," will be sent, with our compliments, to any address in Canada upon request to our head office at Montreal.
